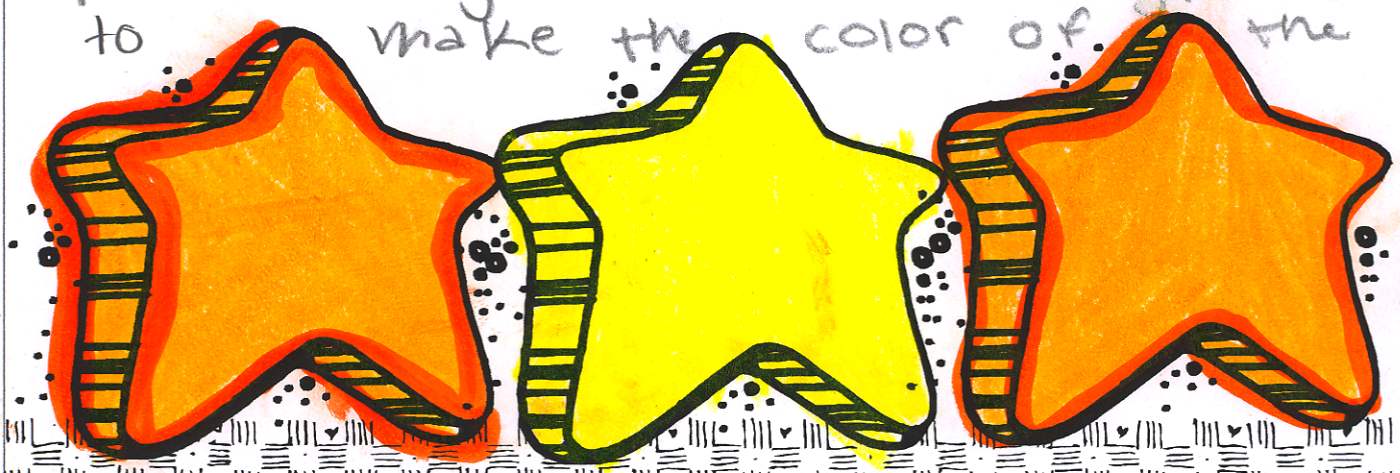
Dear Mr. Rodgers,

Thank you forbeing a great tour guide. You were very fun and Funny.

My 1st favorite thing was the Space room. I really enjoy astronmy so the Space Room was real Fasanating. The only thing I didn't enjoy in that room was the "delicous and edible" food.

My next favorite thing was was the helicopter. It was cool how they mixed the 2 greens to make the color of the



helicopter. It looks big, but it is very tight on the inside.

My last favorite thing was the Berlin Wall. I thought it was so intersting. I was the one who asked "Didn't that fall why Regan was president?" I really enjoyed the sight of of the wall and the teddy bear on the pencil.

Thanks again. We really enjoyed having you as a tour guide. Thank you so much Mr. Rodgers/Sean/Justin.

From,
Kelly
