Armand Feichtmier is the new President of the Beverly Hills Republican Club which of course covers RN's residential area. He says the Club sent RN a membership card and has received no acknowledgment. He also suggests that RN send the Club \$7.50 covering membership fee for a year. I think this is a good idea, so will you please follow through with Lois to make sure it is done, and try to ascertain what became of the card they claim they sent .

Trust you will also follow through with Mr. Feichtmier so he will know this is being handled properly.

Dear Alice:

Thanks for the run-down on Eisenhower appointees and their present activities. I do not have the list from which you are working, and would very much like to have a copy.

I am aware of the complaint which we still seem to be getting regarding the length of time which elapses between a request to speak and acknowledgment of the letter.

However, we are proceeding, in effect, along the lines which you have suggested; a form letter goes out upon receipt of the request, saying that it is being referred to the Schedule Committee and that the writer will be hearing directly from them in the near future.

If you have specific instances of this complaint, please let me know so that we can check it through. Without this, it is difficult to ascertain where the system is not working.

Bill:

Attached is copy of a memorandum received from Rose Mary Woods with copy of Mrs. Ralph E. Bisnett's letter addressed to RM.

Will you please make certain this contact is made, and let me know how it is handled?

April 27, 1962

Dear Mrs. Scott:

Thank you very much for your letter of April 23rd. Our thanks too for the Support Sheet which you returned, and especially for your own contribution of \$25.00. The comments in your letter have been read with interest, and I want to assure you, such expressions are always gratefully received.

Unfortunately, the April 24th invitation extended to Dick Nixon conflicted with a long standing commitment with the Junior Chamber of Commerce Dinner in Pasadena.

At this time, I do want you to know the Schedule Committee is working on "A Day in the San Gabriel Valley", which will include as many stops and events as can be handled within the day's itinerary. Dick has made an earnest attempt to visit every county and specific areas within counties in the state, and will continue to do so throughout the coming months. Looking back at what he has done thus far is a bit staggering to all of us. Although travelling at break-neck speed, naturally there are still many areas to be covered in the months ahead, and this will be accomplished.

Thank you again for writing. Please know we appreciate your continued loyalty and active support.

Sincerely,

H. R. Haldeman

Dear Mr. Gorrie:

Jean Dewey has told us of her conversations with you and also sent along copy of the letter you addressed to the State Central Committee.

Your very generous offer to donate your time as a pilot for Dick Nixon's campaign is certainly appreciated by him and others immediately concerned. We understand you also have lined up other pilots who are interested in contributing their time with the equipment which we have available.

When the need arises, we will certainly give you as much advance notice as possible, as you have requested. Jean has given us your contact point and also the address and telephone for Mr. Bill Jordon who is to be contacted in your absence.

Those authorized to contact you from our organization here would be Mr. Dick Forts or Mr. Booth Turner, and of course Jean Dewey from San Francisco.

Our sincere thanks to you and the other pilots for this thoughtful and important gesture.

Sincerely,

Mrs. Kanegai (your 4/25 memo)

cc: Dan Waters ✓

Just so you will know the status of this whole nationalities situation, Dan Waters is in the process of trying to set up the various committees, arranging conferences with individuals to get their thoughts and suggestions.

But until the right people are pulled in to chairman these committees, it is difficult to tell someone like Mrs. Kanegai very much beyond the fact we are actively at work on the program, need and want her suggestions and are counting on her help. This will be done.

For your information, I had Charlie Farrington contact Dick Kunishima about participating in the Speakers Bureau. Dan Waters also has his name and background and will be getting together with him shortly.

Dear George:

It always happens -- and perhaps understandably so when we deal with such large mailing lists. In any event, we all know you are on "The Nixon Team", but your name was on the 1960 list used for the Valley Knudsen and Henriette Cowgill letter.

I have checked on the supplies and am told they went out to you March 14th. However, our Northern California office has told us you never received them, so a second shipment addressed to you went out yesterday. You will also be getting the posters from the Northern California headquarters very shortly.

Keep up the good work, and best regards.

We have received your letter of April 11th, advising us as to pertinent California statutes relating to the posting of campaign literature on utility poles and requesting that we cooperate in your program.

This is to advise you we have formally notified our Campaign Staff and Volunteer personnel to the effect that no campaign literature is to be placed on utility poles, and we assure you that you will have complete cooperation in your program.

We would appreciate hearing from your office if ever you have any questions or instances where violation of this directive is reported.

Thank you for your communication and you will have our pledge of cooperation.

Dear Mr. Blair:

Mr. Nixon has shown me your letter and we have discussed the possibilities of your taking an active part in the campaign here in California. Since campaign staffing falls under my office, he has asked me to thank you for getting in touch with us, and to explain the status of our organization.

Certainly your background well equips you for the type position you are seeking. I only wish we could take advantage of your availability. Unfortunately, our staff is complete in all areas of operation, and we do not have the funds to increase it beyond the present limit.

It would be my suggestion that if you do relocate and establish yourself on a permanent basis in California, that you let us know your whereabouts and your situation at that time.

Thank you again for writing, and very best wishes.

When Dick Nixon attended the Pacific Dairy and Poultry Association luncheon in March, he met again Mr. Richard H. Cronshey, an old friend who wants to be helpful.

It is Dick's thought that Cronshey would be good at getting names for and setting up meetings for the agriculture people in rural areas.

As I am sure you know, RN is counting on you to ride Doubleday hard on book promotion, especially in the Los Angeles area.

**Bob Haldeman**  
**Law Enforcement Task Force**

We have checked with Pete Pitchess regarding his heading up a Law Enforcement Task Force.

He feels that the law enforcement issue should be soft-pedaled in the campaign since it is not an issue upon which the Brown Administration is most vulnerable. Pitchess also feels that it is difficult to attack Brown and Mosk without casting aspersions on the average law enforcement officer - - especially in the way it comes across to the press.

Pitchess recommends that we attack Brown for specific positions which he may have taken which have a law enforcement aspect - - but not relate the attack to a broad sweeping issue of law enforcement in the state of California. Thus, we should attack Brown for refusing to call a session to deal with the narcotics problem in 1960, instead of saying that narcotics is sweeping the state and overrunning the law enforcement people, etc.

Pitchess also feels that it would not be desirable for him to be in the position of clearing your statements on law enforcement. He thinks he can be more effective as a free agent, where he can truthfully say he was not involved in the preparation or clearance of your material.

Your visit here, although brief, was certainly helpful to us, and I do want to express our appreciation for the assistance provided.

I hope as the campaign goes on we may be able to come back to you for your advice and counsel.

Our thanks, and very best wishes.

Sincerely,

Dear Mr. Ambassador:

Events of 1960 often come to mind. After reading the sixth chapter of Dick's book, memories were a bit more vivid.

So much so, in fact, I feel compelled to make a personal request. A photograph of you, suitably inscribed, would be deeply appreciated.

As head of our "Advance Men", and the one responsible for travel and arrangements across the country, I was always a bit ahead of you and Dick on the road. Although reluctant to impose upon your time with this request, I can assure you the photograph would be a most gratefully received memento of our having travelled that same road in 1960.

Sincerely yours,

H. R. Haldeman

Dear Fred:

This is a devil of a note. During all the hectic days of 1960, I never lost anything -- except sleep.

Now, in calm days by comparison, I find a most important item missing; namely, the very nice and very generously inscribed photograph you sent me.

Quite seriously, Fred, I was distressed to find the picture missing, and have searched everywhere for it. To assuage my own conscience, I must confess we were working out of three different offices, while setting up our headquarters here, and I was having a difficult time collecting and keeping my possessions in one spot.

Although embarrassed, I'm nonetheless hopeful you will find it in your heart to send me another one. My "gallery" will not be complete without it.

How are things going? The campaign here is moving very well, and right according to plan - despite the unstinting efforts of the Washington press corps to prove otherwise. We'll beat 'em.

Best regards.

Sincerely,

H. R. Haldeman

Paul Bartlett

RN advises that he met Hollywood producer, Paul Bartlett, (OL 4-9560) who is apparently a top P. R. man and a personal friend of Paul Truesdale's.

RN wants him included in the broad P. R. group, and also individually consulted from time to time regarding tone, content, etc. of the campaign.

Will you please call him? Tell him RN suggested you call to establish contact, and perhaps get together to review any thoughts he might have on the campaign at this point; also, that you would like to keep in touch as we go along.

I think you can effectively spend some time on personal calls or meetings with this type of person, both for the reaction it has on them, and the value of ideas which may develop.

Operation of Volunteer Field Men

cc: Ruth Watson, Bill Spencer, Herb Kaimbach

I have gotten some reports from a variety of sources regarding the operation of your volunteer field men in the Northern California area. Apparently there is a feeling that these fellows tend to come in, check on what needs to be done and what help can be supplied, and then disappear with no follow-up action.

There is also apparently some confusion as to who has the authority for setting up and approving plans regarding Nixon visits, and while your men are trying to help in this regard, their efforts are resulting in confusion in some cases.

There is also a feeling that the field men are wasting campaign money by bustling around checking on things and then not producing any concrete results.

I recognize that this is not an unusual complaint at this stage of the game, but I do think it is important that the effort be made to avoid any build up of this kind of feeling. As you will recognize, this could totally defeat the value of the field men if it were allowed to go very far.

There is also feeling on the part of some of our local Chairmen that we tend to waste a great deal of time and certainly money in extended long distance telephone calls from our Los Angeles and San Francisco headquarters. As you know, we have a tremendous asset in John Davies who can make calls all over the state at no cost to us.

It is extremely important that we make every effort to cut our telephone calls to an absolute minimum, both in number and duration. If we don't, we not only alienate the people who are raising the money and working in the field, but also we are quite likely to go broke before election day.

Washington Press Corps

RN feels it is very important that we provide the key friendly members of the Washington Press Corps with any and all good material, including facts and figures, reactions, statements etc. that they can use in a positive way in reporting on the campaign progress in California.

He suggests that this material be provided (15 or 20 copies) by us to Herb Klein so that Herb can transmit it to his contacts in Washington.

Unless I hear from any of you to the contrary, I will assume this procedure is being set up and that Al and Charlie will take on the assignment of developing this material on a regular basis and sending it to Herb.

Please let me know if you believe this will not be a satisfactory arrangement.

Dear Aylett:

Helene Drown called me at home over the weekend to say you had reported to her that some Native Sons' group had invited Dick to be the principal speaker at their Convention at the Disneyland Hotel in late May. As I understand it, you said they apparently have heard nothing from Dick regarding the invitation and therefore are very upset with him.

We have thoroughly checked all of our records, both in the campaign headquarters and in Dick's office, and I can assure you we have not received any invitation from any Native Sons' group which meets the above description.

I wonder if you would be so good as to check this matter out further as to the correct name of the group, the time the invitation was sent, to whom it was addressed etc. so that we can pursue this further? At the present time I have nothing to go on, since we have received nothing.

Thanks very much, and kind regards.

Sincerely,

H. R. Haldeman

Dear Ralph:

Thanks very much for following up on Neiswender and Sanders.

I had a good session with Ross Wurm last Thursday, and your operation certainly appears to be well under way.

Ross assures me that position papers on the various phases of agriculture will be available to us shortly, and we are planning to rely on them for development of Nixon programs in this field.

Trust we will have an opportunity to get together before too long.

Best regards.

Sincerely,

H. R. Haldeman

Bill Roberts, of Spencer-Roberts, is managing George Ricci's campaign and is very concerned about the newspaper ads that Ricci's opponent, Fitzjohn, has been running picturing both Fitzjohn and RN with the implied RN endorsement.

Roberts has requested a letter from us to Fitzjohn, asking him not to incorporate RN in his advertising since Nixon, of course, has taken the position that he will not endorse any Republican candidate in contested primaries.

Will you get a letter off to Fitzjohn, with copy to Bill Roberts, as quickly as possible?

"Dissatisfied Democrats for Nixon"

I realize this is in the Northern Committee's area, but perhaps a call from here would help.

I am advised that Joe Madeiros, 1040 Hawthorn Street, Modesto, is part of a group calling themselves "Dissatisfied Democrats for Nixon."

They started to work in July, 1961, and have held meetings in Fresno and San Francisco. They plan to become openly active after the primary.

I think you should give Madeiros a call to find out what they are doing, what they are planning, and give them all possible encouragement. Also, perhaps we can work with them to expand their efforts.

Dear Helene:

In checking with Lowell McGinnis, we find that he does not have a group that he wants to have meet with RN, and does not feel such a meeting is necessary.

We have, however, been checking some educational matters and statements with him and will continue to maintain this contact.

Best.
