Dear Phil:

This letter will confirm our telephone conversations regarding public address system coverage for the Vice President's arrival at O'Hare Airport and the Blackstone Hotel on Monday, July 25th.

MEMORANDUM

Re: Chicago - Travel Times

The following travel times are ground times, traveling by car under a good Police escort. (That is sufficient Motorcycle Police to keep the motorcade moving at all times.)

Midway Airport to the Blackstone

12 miles via a number of alternative routes:

20 minutes

O'Hare Airport (Jets) to the Blackstone

28 to 30 miles, depending upon the route:

35 minutes

Meigs Halliport

1-1/2 miles to Blackstone:

5 to 7 minutes

Parade Situation

The Secret Service does not have any information for the Chicago area for a parade route, but they say that normally it takes about 120 city blocks per hour for a parade with either the President or Vice President to pass.

Previous Conventions

The Secret Service has had no experience in recent years with a Convention in Chicago. In 1952, they were not charged with the responsibility of protecting the President or the Vice President until after they were the President and Vice President elect.
