cc: H. Flournoy

As mentioned in an earlier memorandum, RN is anxious to have calls made to each editor and publisher in towns where he is planning to appear to ask their advice as to what he should discuss. He wants similar calls made to Republican Congressmen and Assemblymen where practical and appropriate.

Hugh Flournoy has questioned this procedure on the basis that it could be potentially damaging to the Nixon cause by raising the specter of Nixon trying to tell people what they want to hear, rather than what he thinks.

If the contact is properly made, as it always has been in each of Nixon's earlier campaigns, this problem should not arise. The approach to the editors and publishers should be on the basis of Mr. Nixon being interested in their evaluation of what people in their areas are most concerned about, what their general interests are, and what their attitudes are towards the campaign as it is progressing.

This is an important part of the pre-visit research planning and should definitely be done. Please confirm that the Research Department will handle this as a part of their process of preparing RN's material for each trip.

RN mentioned after the Academic Steering Committee meeting that one of the UCLA professors mentioned that he gets ten times as much stuff from Brown as he gets from us.

I wonder if you could try to contact this professor and ask if he would be so kind as to forward the material he gets from Brown to our Research Department for review and possible action.

RN said the professor who mentioned this was the heavy set one who sat in the big chair.

Lists for selecting people to receive RN autographed CRISES

The California list for RN autographed "Crises" looks OK to me.

I wondered about adding the new Nixon County Chairmen, the Northern and Southern Vice Chairmen, and other campaign leaders, but I guess this is probably going too far. If we don't add these people, I don't think we should add the GOP County Chairmen or Party hierarchy other than the four you already have.

One possible exception might be the addition of Ruth Watson.

As far as crossing any names off your list, I don't feel qualified to do so, and trust Finch and RN will take care of that.

RN addressed mail.

Dear Bill:

As a matter of procedure, I would like to suggest that you follow the same routine as we do here on letters that arrive at your headquarters addressed to RN.

We do not answer these letters, but merely transmit them directly to the Mail Office. This address is P.O. Box 6539, Los Angeles 55, California, and I assure you the letters will be promptly processed.

I think it is a mistake to have any member of the staff answer a letter addressed to RN indicating that he is sending it to RN for immediate reply. This creates a problem since a great deal of the mail addressed to RN is routinely handled with answers from other members of the organization. This, however, must be centrally controlled by the Nixon Mail Office.

We are putting out a new procedure memorandum on mail handling which I think will clarify this and other points.

From: Bob Haldeman Re: Handling Statements,
Excerpts, Releases etc.
from RN

- (1) Rose Mary Woods, or whoever has final copy (approved by RN as ready to go) for any statements, excerpts, remarks etc., notifies News Bureau (Sandy Quinn, or Dave Henley in Quinn's absence). As much advance notice as person working with RN has will be provided News Bureau that such statement is coming.
- (2) Questions on copy should be checked with Al Moscow or whomever he designates. Al Moscow, or designated person on any particular excerpt or statement, is to be available for consultation (or word left where can be reached) from time suggested material goes to RN until it has been stencilled and run and he is so informed.
- (3) News Bureau will pick up final copy and deliver to Sammy Sammelman, with as much advance notice as possible, with COMPLETE instructions on heading, release date and any other particulars, i. e. number of copies to be run and distribution method.

News Bureau has basic responsibility for timing, content and production of all releases.

- (4) Sammy Sammelman arranges to get stencils cut, proofed, run, mailed or delivered, and is responsible for accuracy of copy and for carrying out distribution and other instructions provided her by News Bureau.
- (5) Distribution of every release always to include the following:

Research (Sophie Telfer	10 copies
Mr. Nixon's office (Rose Woods)	5 copies
Mail Office (Marilyn Matthews)	25 copies (plus original copy from which stencil is cut for RN permanent files)
Headquarters Distribution	15 copies
News Bureau	(to be determined by News Bureau based on text and/or area of release)

- (6) Sammy Sammelman is responsible for keeping supply of key list and statewide media addressed envelopes on hand. Bette Davis has plates and will supply envelopes addressed as ordered.

- 1) One of our best newspaper contacts in Sacramento suggests that Brown is especially vulnerable to attack on his move of putting draw poker on special call. This contact feels this is a phony move in that the draw poker matter has been considered at the regular session for years and no action taken, and the Governor obviously knows no action will be taken during the budget session. He could be attacked on the basis he put draw poker on and left off civil defense, which is a rather curious assignment of priorities. Another approach would be to question why he is so concerned about poker, but is ignoring all other vices, such as resorting, prostitution etc. The question could be asked as to whether poker was this perilous to society.
- 2) Another source says that General Dynamics has lost a big contract to Lockheed, over \$1 billion in production, on a bomber on which General Dynamics did the prototype and for which Lockheed is apparently getting the production contract. Lockheed's production will be in Georgia, not California.
- 3) Also, the Sacramento contact feels that while we have great opportunities in the field of agriculture, Democratic farmers, at this point, are not yet sore enough to jump. RN should, therefore, take some definite steps and quickly in this field. He feels there are two primary areas. The first is the minimum wage on braceros - the Goldberg program. He feels RN should denounce the \$1.00 per hour minimum wage proposed by Goldberg on the basis Congress has refused to pay it, so why should Goldberg put it through on Executive Order? (I realize there is another side to this, which is that the \$1.00 minimum wage on a national basis might be beneficial to California since we are already paying \$1.00 per hour and this would force rates up in other states, so that California would not be paying a higher rate than other parts of the country).

The second point is the Kennedy farm program. He feels 75% of the farm groups are opposed to this program and that California farmers are especially against it because of our very effective self-help program in this state under the State Marketing Act.

Brown is on the spot on both of these issues since he can hardly afford to oppose either the minimum wage or the Kennedy farm program.

enclosures reached me via the J. Walter Thompson
address. Maybe it's wise to remind them I'm
still around, but the current, albeit temporary
address should be noted and used, with a
tickler to check into the matter after November!

Thanks, Leon, and very best
wishes.

Sincerely,

H. R. Haldeman

Dear Jim:

By this time, the very beautiful handkerchief I sent you some months ago must be in a rather questionable state.

Knowing your strong feelings and sentiment in such matters, I have carefully protected and am enclosing herewith another piece of linen, suitably embroidered, which I trust you will find an acceptable replacement.

How are you?

Best regards.

Sincerely,

H. R. Haldeman

SCHEDULE

3-5-62

cc: Nick Ruwe

RN has approved the following -

Sunday evening, March 18th - informal, off-the-record meeting with Orange County Publishers.

Sunday, April 8th - Bridgeport Hospital dedication in Mono County, and then possibly on to Yosemite for several days, or to Lake Tahoe.

He also OK'd the idea of the Realty Board meetings, the San Marino Exchange Club, the South San Francisco High School Government Club, the Sunset YR's and the Delphian Society.

He asked that we try to work out something for L. A. County Precinct Workers.

He asked that we investigate further the Pacoima Little League opening, but probably will not attend.

He said to turn down the Jonathan Jesters through June, and explain possible consideration in the fall.

He definitely wants the luncheon with Chancellor Kerr at Cal. turned down.

He wants no meetings or appointments March 7th through 11th, and also no meetings, appointments or other activities of any kind during the period from April 14th through Easter Sunday, April 22nd. He will probably go away with Pat and the children.

He asked that I check Weinberger on the possible luncheon with the Assemblymen in Sacramento, which I will do.

He wants us to try to set up or get him into a Statewide meeting with County Supervisors and other County officials, or to have us set up a Nixon Committee among this group with whom he could meet.

He wants to plan on getting to the Whittier College Dinner late -- just as the program begins -- he does not want to attend the full dinner.

SCHEDULE COMMITTEE

RN wants to schedule a day in April in the San Francisco Bay Area to visit TV stations and possibly some radio stations.

These will not necessarily be for appearances on the air, but rather informal calls on the station managers, news directors and other key personnel, and informal tours of the facilities and an opportunity to chat with the staff. The Northern California group is exploring format for this.

A similar plan should be worked out for calls in Los Angeles and in other cities, when possible.

In addition, RN wants to work out 3 or 4 TV appearances in April at the rate of about one a week, going on free programs only at this stage.

Dear Miss Devlin:

Thank you so very much for
your letter of March 2nd.

You were thoughtful to write
Mr. Nixon and to send along the various
clippings, all of which are interesting and
appreciated.

We are always glad to hear
from long time supporters like yourself, and to
receive your views and suggestions.

Many thanks again for your
fine interest and help.

Sincerely,

H. R. Haldeman

Unfortunately Mr. Nixon's schedule, as I have already told you, is totally committed for the month of March, and it is not possible to add any other event.

We very much want to do this type of thing, although I know you recognize RN has a firm rule against campaigning on Sundays. This can be bent sometimes, but should not be, if at all possible.

Isn't it possible that some of these nationality groups could work out an event on some other day of the week? Also, isn't it possible to get more than a week or 10 days' notice? With the complexities of planning a statewide campaign, it becomes essential to schedule the Candidate approximately 6 to 8 weeks in advance, and while we try to leave time open for last minute additions, this never seems to work out.

Will you please contact the necessary people in this organization and make the explanations?

Dear Art:

Many thanks for your
note of February 28th.

We certainly do want to put
the people from Blyth & Co. on our
mailing list, and this is being done imme-
diately.

Best regards.

Dear Mr. Graves:

Your letter of February 27th addressed to the
Kimo-for-Governor Committee has been brought to
my attention.

We very much appreciate your writing of your
thoughts in connection with the freeway routing through
Monterey and Carmel. Your letter is being referred
to our Director of Research, Mr. H. I. Flournoy,
who is also Chairman of the various Task Forces
for study of issue material. He will appreciate having
your views on this subject.

With kind regards,

Sincerely,

I talked to Murray Chotiner about the attached letter from Seymour Chotiner and he says we should be rather careful about giving Seymour too much of a free hand in bringing people in.

Murray says Cordingly is perfectly all right; Sugarman probably is all right; Larimore would be all right to include as one in a large group, but should not be brought in alone or in a small group. He has been involved in a bribery case and some other unsavory matters.

Murray also says that the Convair airplane should not be accepted if it is Larimore's plane, and he thinks it probably is.

Do you want to follow up with Sugarman, or should I?
