The following persons have accepted appointments as Special Assistants:

1. Virla Krotz. Mrs. Krotz is President of the Northern Division of the Federation of Republican Women. She is able to assist on same basis as Lucile Hosmer.
2. Robert Merrill - a knowledgeable and personable San Francisco attorney. Has been around the track before.
3. James Grubbs (carries title of Campaign Coordinator but will act as a Special Assistant). He was leader at Shell Conference at Hilton. He has already performed effectively for us in three counties.
4. Robert Lawrence (Sacramento County). Also present at Hilton meeting. Was Grubbs Lieutenant in Primary. His business requires travel through valley and northern counties. Assigned to Butte County for two days this week.
5. Additional Campaign aides appointed:
  - Lloyd Cunningham
  - Ernest Stent
  - George William Bell
  - James Harris

The above named are all young men based in the Bay Area. Their assignments will be commensurate with individual knowledge and development. Their assignment this week was to encourage out-county travel to Alameda County campaign opening. As these people have not been fully trained, they bear a different designation than the Special Assistants. "Aide to Campaign Division" seemed appropriate.

ED SLEVIN

Overall staff responsibility and administrative director  
for Northern California Nixon for Governor campaign  
Liaison with all committees and volunteer chairmen for  
their programs  
Campaign Division  
San Francisco County liaison

The above illustrates that each volunteer chairman is assigned a specific staff person to assist in his program and therefore should deal with that individual. If, because of volume of work, additional staff assistance or help is required, the volunteer chairmen should contact Ed Slevin for the possibility of assigning additional personnel.

As staff our job is not only to service all of these extremely necessary and valuable programs, but also to provide continuity and follow through which will lead toward victory in November.

Toward this goal I suggest the following in order to provide the best possible service for all:

1. That persons not regularly in the office notify Miss McLane upon arrival at which extension they may be reached so telephone calls may be answered and routed correctly.
2. Since each staff person has more than one program to service and in order to conserve the valuable time of the volunteer chairmen, any pre-scheduling of work assignments will assist in preventing conflicting requests of staff personnel.
3. During peak periods of staff activity, decisions as to priority of work are to be made by E. J. Slevin.
4. When meetings of the various programs, for which staff are assigned, are held, both the person assigned and E. J. Slevin should be in attendance. This will provide the necessary continuity to this program with our Southern staff counterparts.

You are well aware of the limitations placed upon the Northern Office by the size of our staff in comparison to the number of programs being carried out. We all feel that the above program will provide the best possible utilization of our manpower and facilities.

Dear

Examination of our reports show that since the primary you have not verified the following appointments: Community, Recruitment and Democrats for Nixon Chairmen.

These people are to be invited to attend the important Conference on September 8 in San Francisco, at which Mr. Nixon will be present. Every position you fail to fill prior to that time will have the effect of depriving an important member of your community from attending this Conference.

In addition, we are arranging for seed supplies of all Nixon materials to be distributed to Community Chairmen and Headquarters as you designate them. Failure on your part to give us this information will result in fewer campaign materials being sent to your county.

Your cooperation in forwarding this information will not only help the Nixon campaign but will enable us to assist you.

In addition to the foregoing we enclose a card to be used to inform us of your Democratic Canvass Chairman.

You have received the registration form for the Conference and now we must have your appointments.

We hope to hear from you at your earliest opportunity.

Alan Nichols has suggested, and I agree, that an RN letter to the Bechtel people for Emily Pike and one to Flintkote for Betty Graham would be advisable.

Attached are suggested drafts.

Many thanks.

Letter (1)

Certainly I cannot let this time pass without expressing the deep appreciation of our entire organization for the services of Emily Pike which you have so generously made available to us.

Emily's contribution has been outstanding, and her continued availability as a member of our Northern California Campaign Staff will mean much in the months ahead. *San Francisco*

My sincere thanks to you - and for Emily Pike.

Warmest regards and best wishes.

Letter (2)

Although I have just written a note to Mr. Bechtel, I would like to express to you also my personal appreciation for the services of Emily Pike which The Bechtel Corporation has made available to my campaign organization.

As a member of our *San Francisco* Northern California Campaign Staff, Emily has been of invaluable assistance and her continuing services to the organization in the months ahead will mean even more to all of us.

Please accept my deepest appreciation.

With kind regards and best wishes.

I am sending two top notch emissaries to Los Angeles next week to learn how to really run a campaign, namely Emily and Betty. Both of them will be with us through the November campaign.

It would be excellent politically as well as a few other things if Dick could write a thank you note to their respective employers.

Dear Al:

I certainly agree that we should try to retain Betty Graham and Emily Pike right through the summer and into the fall campaign.

I would suggest, therefore, that you go ahead and take whatever steps are necessary to try and keep both of them. In the case of Betty Graham, I think Joe Martin should make the contact, and would leave it up to you as to how to handle the Emily Pike situation.

Best regards.

ALAN H. NICHOLS, CHAIRMAN

EMILY G. PIKE, CAMPAIGN MANAGER

May 16, 1962

Mr. H. R. Haldeman  
3908 Wilshire Blvd.  
Los Angeles 5, Calif.

Dear Bob:

Since we're going into the final stretches of the Primary I want to get this letter off to you now. In my opinion we have an excellent campaign organization in San Francisco for Nixon, but of course the real test is how well the Primary turns out. I concur 100 percent with the general idea of making appointments for the Primary election only. However, as to two key people in our San Francisco campaign, I think efforts should be made now to insure they will be available for the general election.

Betty Graham is on loan from Calaveras Cement Company, I think if Joe Martin or yourself or someone of equal stature could contact Wm. Wallace Mein, Sr. we could probably get them to absorb her entire salary. In my opinion it is most important that she be retained for the Fall campaign.

Emily Pike has really carried the burden here in San Francisco and has done a fabulous job. In comparison with the other campaigns, Democrat and Republican, we are way ahead here. It's due primarily to Emily's efforts and running the headquarters, following up on the necessary details and planning the use of people and the strategy of the campaign. Her company, Bechtel, assumes that her tour of duty ends with the Primary. This would be a very bad thing for the San Francisco campaign. I would like permission to ask her on your behalf and on the behalf of the Northern California campaign to stay with the campaign, no matter what happens, through the November election.

Thanks for your memos.

Best regards,

  
Alan H. Nichols

Distribution:

**Bob McKeen of Oakland expressed concern about Contra Costa County. He said that he felt there was need for a lot of work to be done there. We are relying primarily, as you know, on a woman in that area and she has generally impressed me when I have met her. There is, however, a very strong County Chairman, Conti, as you know. It would seem to me that you ought to do some personal checking into the Contra Costa situation and Conti, who is somewhat of a prima donna, might well be taken in on the get-out-the-vote drive and be urged strongly to do everything he can to get out a big Republican vote. I think in this instance a personal call from you to Conti might be in order or whatever else you think is proper.**

**Richie Smith, the Area Chairman, is a good man but I don't think is a particularly hard driver as far as the campaign is concerned, and you should not rely completely on his evaluation.**

Bob Haldeman

Sam Conti

I talked to Sam Conti today. He reports the Nixon organization now has three good headquarters locations in Contra Costa County with a very hard working committee composed of very good people.

They are still a little short on literature and materials since they have not raised adequate finances.

The Republican County organization is setting up poll watchers to guard against disqualification of write-in's since in many of the heavy Democratic areas it is customary for Democrats to write-in Republican candidates in the primary. He says he has an excellent precinct organization which will function strongly and we need have no concern about the get-out-the-vote effort.

Operation of Volunteer Field Men

cc: Ruth Watson, Bill Spencer, Herb Kalmbach

I have gotten some reports from a variety of sources regarding the operation of your volunteer field men in the Northern California area. Apparently there is a feeling that these fellows tend to come in, check on what needs to be done and what help can be supplied, and then disappear with no follow-up action.

There is also apparently some confusion as to who has the authority for setting up and approving plans regarding Nixon visits, and while your men are trying to help in this regard, their efforts are resulting in confusion in some cases.

There is also a feeling that the field men are wasting campaign money by bustling around checking on things and then not producing any concrete results.

I recognize that this is not an unusual complaint at this stage of the game, but I do think it is important that the effort be made to avoid any build up of this kind of feeling. As you will recognize, this could totally defeat the value of the field men if it were allowed to go very far.

There is also feeling on the part of some of our local Chairmen that we tend to waste a great deal of time and certainly money in extended long distance telephone calls from our Los Angeles and San Francisco headquarters. As you know, we have a tremendous asset in John Davies who can make calls all over the state at no cost to us.

It is extremely important that we make every effort to cut our telephone calls to an absolute minimum, both in number and duration. If we don't, we not only alienate the people who are raising the money and working in the field, but also we are quite likely to go broke before election day.

INTER-OFFICE MEMORANDUM

Nixon for Governor

To: Bob Haldeman

Date: April 30, 1962

From: Bill Spencer

Subject:

Distribution: Downey Orrick

We have checked out the fieldman report originating out of Madera and Merced counties and have taken steps to insure improved performance. We feel that we are at the stage now where fieldmen should go into counties for longer periods of time and offer more tangible assistance. Up until now we have had them concentrate more on acquiring information and evaluating progress made in the counties. Henceforth, we will be concentrating more on the populated counties that are not doing a good job.

In this regard I hope that you will forward any and all comments and constructive criticism regarding our Northern California campaign post haste. Only by doing this can we move on situations which are not developing as they should.
