Dear Mr. Wilks:

Thank you very much for your letter of March 28th.

I am glad to have your Confidential Report on the Negro Market, and hope on my next trip to San Francisco we can get together and discuss this in detail.

Meantime, I am taking the liberty of asking Mrs. Alice Leopold to get in touch with you. She is working on this program, and I feel sure you could be of great help to her.

We are most appreciative of your interest and help. Thank you again for writing, and kindest regards.

Sincerely,

Dear Bob:

Thanks for your note regarding Grant Reynolds.

I have heard nothing from him since his trip out here, and don't have his address in New York. If you think it would be a good idea for me to get in touch with him before he comes back to California, I will certainly follow your advice.

I will also do my best to arrange an appointment for Mr. Reynolds with the Candidate (as I tried to do on his last trip, also), but we are running into the usual problem which you, among all men, are most familiar with, - - namely, a total absence of the Candidate's time for things he should do.

I agree, however, an interview would undoubtedly be helpful on both sides, and will do my best to work it out.

Best regards.

Sincerely,

H. R. Haldeman

Dear Bob:

Needless to say, I will talk with Grant Reynolds before he comes out in April and urge him to make amends for his rather ill-advised statements to the press relative to Mr. Nixon's campaign problems of the past. I will urge him to be more positive in the future, and I am sure he will do so.

If it is at all possible, I urge you to arrange an appointment with Mr. Reynolds for your candidate. This man can do much good if he is properly encouraged, and I am sure an interview would be helpful on both sides.

Dear Mr. Wilson:

We very much appreciate your letter of March 7th inviting Dick Nixon to speak at your breakfast meeting on Sunday, April 29th. You can be sure he would like very much to have the opportunity to meet with your members at that time. However, his schedule has been committed for some time to another engagement, and consequently he must reluctantly decline your kind invitation.

Again, let me tell you how much we enjoy hearing from you and are extremely sorry Mr. Nixon can't be with you on April 29th.

March 13, 1962

Dear Bob:

Thought you might be interested in the attached memorandum from Sandy Quinn and the press clippings arising from Grant Reynolds' recent visit.

As Reynolds probably told you, I covered with him immediately prior to his departure the fact that we had had some adverse reaction among our own supporters to a number of the comments he had made at meetings and press conferences.

I do feel that Reynolds' recommendations can be of great help to us, but that his activities in California should be limited to constructive matters rather than criticism of past or present errors -- especially in public.

I understand Reynolds is going to be back out here in April and hope we can take further advantage of his advice and counsel. However, I also hope you will have an opportunity to discuss with him the necessity for accentuating the positive.

Best regards.

Sincerely,

H. R. Haldeman

Dear Rose:

Bob Haldeman and I had lunch in Washington last week, and I learned that it just couldn't work out for me to get in the California campaign for perfectly understandable reasons.

Failing actual participation, the next best thing is to contribute financially, so I enclose my check.

In a sense, there is more at stake this time than there was in 1960. It's ironic to see that the "loyal" Nixon types in Washington have switched their line. For over a year, all I've heard is "Where Nixon made his mistake..." Just the brief exposure and superb job RN did on the Jack Paar show has been enough to have many of them talking about Nixon in '64 or '68.

Sincerely,

John

This will follow up your recent correspondence with Dick Nixon inviting him to address the Kensington Area Republican Women's Club sometime this spring. Much as he would enjoy meeting with your organization, it does not seem possible in the foreseeable future. Your letter was referred to the Schedule Committee, and every attempt made to work out a date during the next few months when he could visit Kensington. You can be sure, however, that it is Mr. Nixon's intention to cover all areas of California intensively during the course of the campaign, and we will be in touch with you when a visit to the Kensington area can be worked out.

Dear Mr. Wagner:

We certainly appreciate your recent letter to Mr. Joe Martin, Jr. inviting Mr. Nixon to address the Convention of the North American Heating & Airconditioning Association in San Francisco May 21st.

Unfortunately, we have had to make a definite rule that Mr. Nixon not accept speaking engagements for national conventions, even though we know your audience will include an important group of Californians. We feel sure that you understand that if we deviate from this rule once, we would have no basis upon which to stick to it on other occasions, and so informed Mr. W. H. Slakey, who also requested Mr. Nixon for the same convention.

Thank you again for your letter to Mr. Martin, and we certainly regret that we must turn down your kind invitation.

Dear Mr. Wampler:

I have asked the same question you have. The answer is that the letter did go to you on November 3rd, and a copy on December 27th. Either we slipped up and misdirected the envelopes, or something happened between here and Syracuse which will forever remain a secret.

By this time you probably have Dick's letter of January 23rd which I understand was sent to you via registered mail. He enclosed another signed copy of the original.

Unfortunately this sort of thing always happens with the right people. We are all distressed, but are reasonably certain this time the letter will reach you safely.

Dear Dick:

Our Committee is planning to produce an ADA film, tying in their program with the New Frontier. This will be for use by our candidates. I should think a similar film on the CDC would be tremendously effective in the California campaign. If properly dramatized, it could be used against all CDC backed candidates. It could be used at coffee parties and other such meetings to help stir up the Republican voters.

Hope to see you at Gettysburg on June 30th if not before.

Sincerely,

Bob Wilson
