MEMORANDUM TO: Dr. Walter Tkash
FROM : Dwight Chapin
SUBJECT : Vitamin Supplements for the President-Elect

On January 10, 1969 a Mr. Rhodifer - Vitamin Products Company of Dallas, Texas - called to see if Mr. Nixon wished to continue receiving the vitamin supplements while he is at the White House. Mr. Rhodifer supplied the President-Elect with certain vitamins during the campaign in 1960, while he was Vice-President and also during this campaign. Mr. Nixon has had conversations with Mr. Rhodifer and evidently has told Mr. Rhodifer how pleased he was with the way he felt despite the stress and strain of campaigning as a result of taking these vitamin supplements.

Mr. Rhodifer can be reached at 214-298-1417. He will not forward the vitamins to the White House until he hears from us. His address is: 9103 Highway 67 South
Dallas, Texas 75216.

MR. PRESIDENT:

Bebe called to make the following suggestion:

- It might be a good idea to have Mrs. Nixon go down to Florida and check over the remaining decorating details on the house.
- She could go down for a half-day - or take Tricia and stay a day or so.

MEMORANDUM FOR: JOHN EHRLICHMAN

RE: The President's Pledge of \$1,000 to the Mississippi Telethon

As you are aware, the President asked that a \$1,000 be given to the Mississippi telethon which was held last Sunday night and he stated that he would underwrite the effort. I leave this matter in your hands for the follow-through and issue of the check.

TELEPHONE CALL

SECRETARY WALTER HICKEL

RECOMMENDED BY: John Whitaker and Harry Dent

REASON:

On the flight to the Redwoods, the President asked Secretary Hickel to visit with former President Johnson regarding the subject of Congressman George Bush running for the Senate from Texas. Additionally, the President asked Secretary Hickel to sound out former Governor Connally on his intention to run for the Senate from Texas.

Secretary Hickel plans to see both former President Johnson and former Governor Connally around October 15. Hickel has asked Whitaker to request the President to call him for advice before he goes to Texas.

TALKING POINTS:

1. Secretary Hickel should encourage Connally not to run against Yarborough in the Primary and try to convince Connally and former President Johnson that George Bush has a chance.
2. Secretary Hickel should talk to Bush to get any favorable information Bush can give him on his chances of winning, since Connally and Johnson are probably convinced that Texas would never send two Republican Senators to Washington.

Hickel should transmit any favorable information Bush can give him on his chances of winning to Johnson and Connally.

MEMORANDUM FOR MR. H. R. HALDEMAN

FROM: Dwight L. Chapin

RE: Julie's Graduation

As I mentioned to you the other day, the Secretary of Smith College has asked for guidance concerning the President's participation at the graduation of Julie to be held Sunday, May 31, in Northampton.

I have talked to Julie and she has asked that we let the College know that her parents will not be coming at Julie's request. Julie has said that she does not want them to come because she is afraid that there will be some unpleasantness. Julie feels it is much better for us to be open and above board on this and just say that the family will not be there.

MRS. NIXON:

I have discussed with the President selections of candidates listed on the California Primary Election Ballot. I will see that your Absentee Ballot, and the President's, are put in the mail today . . . but will need your signature on the second line of the upper right-hand corner of the attached "Identification Envelope."

Thank you.

Dear Bob:

While I regret I had to wait so long to make use of that splendid gold Angels' pass to Anaheim Stadium, I was delighted to join you, Emma, and the Atrys for the game last Sunday. I just want to let you know once more how much I appreciated your hospitality. The company was unsurpassed and the game was all I could wish for.

With warm personal regards,

Sincerely,

MEMORANDUM FOR MR. STEPHEN B. BULL

FROM: DWIGHT L. CHAPIN

The President's Aunt Edith is at a Rest Home at 4768 Palm Avenue, Riverside, California. (File attached)

Could I please have both the driving times from here to Riverside and also the helicoptering times?

I am thinking that perhaps the President could go over there some afternoon or morning next week and visit his Aunt. At the same time, he could walk down the street in Riverside and talk to some of the citizens. We should put this together in a recommendation form to Haldeman stating the times and asking whether or not the President would want to go visit her some time next week?

August 12, 1970

Dear Miss Goske:

Thank you for your thoughtful and understanding letter suggesting the President visit his Aunt Edith at the Rest Home in California. He has had this very much in mind each time he has been at the Western White House, but other responsibilities have made it impossible. He is hopeful it will work out the latter part of this month when he returns to California.

With kind regards and best wishes,

Sincerely,

Dwight L. Chapin

FROM: DWIGHT L. CHAPIN

RE: President's Aunt Edith

In case the President decides not to go to visit his Aunt Edith, he can call her on the telephone. She is very alert mentally, although failing quickly physically. Both Don and Ed recommend a phone call if the President is not going to be able to go in the next few days. The White House operators have the phone number.

MEMORANDUM FOR MR. LARRY HIGBY

FROM: DWIGHT L. CHAPIN

RE: President's Fire Insurance

Ned Sullivan's company in New York has the fire insurance on the President's house. Rose called this morning to say that Ned Sullivan's secretary, Mary Mitchell, had called and that she wanted to take care of any problems or matters concerning the fire which the President had last night. Ned is out of town but his partner Mr. George Gorham is available in New York. It is Rose's suggestion that an appraiser come out immediately -- prior to the place's getting completely cleaned up -- so that they can get the best estimate possible. I will leave this in your hands.

MEMORANDUM FOR:

FROM:

SUBJECT:

Senator Goldwater's office called yesterday about a request of the Phoenix Art Museum to borrow two Frank Reed Whiteside water colors which apparently are owned personally by the President. The Phoenix Museum is having an exhibition of Whiteside's work for the full month of January in Phoenix.

If permission is received, the Museum will of course pay for the shipping and have the paintings properly and adequately insured.

I took the call simply because Miss Withey of Senator Goldwater's office said she had already been transferred four times to various other offices in the White House.

TELEPHONE CALL TO PRESIDENT
FROM REPUBLICAN NATIONAL COMMITTEE
NOMINATING COMMITTEE

THURSDAY, JANUARY 14, 1971
9:00 a.m.

BACKGROUND

On the morning of Thursday, January 14, 1971, the committee to nominate a candidate for Republican National Chairman will meet at Republican National Committee headquarters in Washington. The nominating committee of 12 people (list attached) is chaired by John Andrews, State Chairman of Ohio and Chairman of the State Chairmen.

At 9:00 a.m. PST (12 Noon Washington time) the Committee will place a telephone call to you in the Western White House Residence. Committee Chairman John Andrews will report that the Nominating Committee has selected Senator Robert Dole as its nominee and, with your concurrence and approval, will submit the nomination to the Republican National Committee on the afternoon of Friday, January 15.

SUGGESTED RESPONSE

1. Express your endorsement of their selection of Senator Dole.
2. Indicate your confidence that the National Committee will give Senator Dole its unanimous support.

July 25, 1972

Dear Frank:

The subject of the Vice Presidency was very much on my mind when your recent letter arrived. As you now know, I have decided to keep Vice President Agnew on the ticket in 1972. I deeply appreciate your taking the time to give me your thoughts on this matter and hope you will understand why I would not want to make a change at this time.

Realizing as I do that you have a unique opportunity to sense the nation's mood, it is always good to hear from you, and I want you to know how much I respect your suggestions on such matters of national importance.

With best personal regards,

Sincerely,

MEMORANDUM FOR: MR. DAVID N. PARKER

FROM: DWIGHT L. CHAPIN

The President has asked that we get someone into Missouri quick to reap the harvest of the Eagleton situation. We should try to get the Vice President in there. If this is impossible, then perhaps we could get MacGregor. Anyway, a key surrogate has got to hit Missouri within the next few days. Once we have that person locked, please send a memorandum to Haldeman saying, per the instructions relayed to Dwight, we have Mr. X going into Missouri.

MEMORANDUM FOR: MR. CHAPIN
MR. PETERSMEYER

HIGH PRIORITY

I need some help urgently on a hot project. Both Tricia and Julie are interested in full-time employment and the President would like me to work something out for them. The real question what is it that they can do.

Income is not a factor - the President will pay them himself so that they can work at whatever they do as volunteers. They can't work for the government, or for the Nixon Foundation. They could work for a private person or a company if it were not one of the news media.

Both of them are interested in history and the possibility of working for the Nixon Foundation but being paid by the President would be one approach - that is working in the preparation of papers, documentaries, etc.

Other thoughts are handling Presidential mail, something at the USIA, something in television, but not for the networks, some research area, etc. As you know, they are both very good with people and could function well in any personal contact type of assignment but the problem is figuring out what that can be.

Maybe they should just go back to the Special Tours, etc. I don't know.

I would appreciate your thoughts on this by the end of the day since I have to talk with Julie about it tomorrow.

MEMORANDUM FOR THE STAFF SECRETARY

FROM: JEB MAGRUDER

SUBJECT: Items for Nixon Libraries - Action Memorandum P758

Meetings with USIA personnel and with Carol Harford of Mr. Garment's staff have brought the conclusion that the Hong Kong Nixon Library and the Bogota Nixon School are both very much identified with the President. The attached memoranda examine in depth all that has been done with respect to those locations.

In addition to the actions taken, each school and library also have the following items: complete biographies of the President; official and candid photographs provided regularly upon request to the White House photo office; projectors with films on the President; and tape libraries to which are sent tapes including the President's speeches.

USIA policy is that schools and libraries bearing the President's name are to be given special, ongoing attention. It might be a good idea to reassert that policy in a request to Frank Shakespeare. Such a request should include the suggestion that such schools and libraries keep their photo and film libraries up-to-date on coverage of the President. This is necessary since films and photographs are usually sent only on the initiative of a request from the school or library.

All items above are currently being funded from USIA sources and will continue to be. But beyond the items already there, and the aforementioned suggestions, it is believed that additional items might result in a type of "overkill" with negative results.

As for the Richard Nixon Library in Yorba Linda, it is our belief that the subject of appropriate items should be a prime topic of discussion at a meeting of the Richard Nixon Foundation. It is clear for many reasons that any items which go to this particular library will have to be funded by private funds, i. e., the funds of the Richard Nixon Foundation. However, a prime object of the funding should be directed to suitable items for the library.

Following are some suggestions on items for the Yorba Linda Library:

Many of the personal items which the President has received as gifts or mementos ought to be placed in the library with suitable explanatory tags.

Appropriate tapes and films of the Presidency should be mandatory items, and should be given prominent attention.

Finally, I would suggest that one theme would be to emphasize the President's California roots. This could be done with annual photos of the President from birth through the present. Each photo of the President might be matched against a period scene from California, e. g., Yorba Linda, Whittier and other areas of Southern California. The end result would be showing the President returning to his roots -- the source of his political career.

Since the President's political comeback is also one of historical importance in twentieth century politics, I would suggest a major portion of the library be given over to a study of the comeback as a classic in American politics.
