REAGAN, IN TALKS, IS COOL TO TICKET

Aiding Local Republicans in Midwest, He Ignores Nixon

- Gov. Ronald Reagan of California, in a two-day dash into the Middle West, has dispensed his own brand of Republicanism, with barely a nod toward the national ticket.

In his first campaign swing out of California since the Republican National Convention in Miami Beach early last month, Governor Reagan devoted most of his time to stumping for local candidates in two conservative areas, northern Illinois and southern Ohio.
