RE: Birmingham trip

BOB:

As it now stands (3:45 P. M. Tues. Afternoon) the situation for the motorcade in Birmingham is this:

The mayor will ride in a closed sedan from the airport to the point where the motorcade starts and then the NIXons will move into a convertible at that point and ride on alone. Jim said they are still going to try to "shoot this down" but since the mayor is "the only person who will give us th time of day down there", they are going to go along with it for the time being.
