Dear Richard Nixon Library,

I loved coming to your library. It was so fascinating seeing all of the things that helped me learn all about Richard Nixon's history. Some of the things were his house that was built in 1912, and the helicopter that carried four of the U.S. presidents including Nixon. You made the scenery around it so beautiful too, with the flowers, stone, decorations and a beautiful small pond. Clearly, I'm love happy your library is where we got to go for our fieldtrip.

Sincerely, Nikki
