Series "C" – First Lady Recordings

The "C" Series consists of remarks and interviews by the First Lady, Thelma Ryan ("Pat") Nixon. Occasionally other members of her family were present. The series began February 17, 1969 and concluded May 1, 1974. WHCA did not transfer reel 137 when it sent the tapes to the National Archives; presumably that reel has been lost. The recording times shown by WHCA for this series seem extraordinarily short and should be used with caution. The National Archives added the description for reel 141, which was received with the rest of the series, and for reels 163 through 172. WHCA had not designated a series for these reels, which it had transferred to the National Archives mingled with the "K" series.

Series "G" – Cabinet Officer Briefings

The "G" Series consists of briefings and press conferences by Cabinet officials other than those from the Departments of State and Defense. Usually, the Secretary of the Department was the lead participant. A White House press officer normally attended these sessions: Herbert Klein, Ronald Ziegler, Gerald Warren, or Neil Ball. These men may have conducted additional briefings on topics other than those raised by the Cabinet officer. Occasionally President Nixon was present, and he may have spoken during the course of the session. Other notables to be found in this series are Nelson Rockefeller, Gerald Ford, and John Dean. There is no reel 197, which never was assigned by WHCA. The recordings span the dates January 25, 1969 through February 26, 1973.

Series "H" – White House Staff Member Recordings

The "H" Series consists of briefings, remarks, and interviews involving members of the White House staff. Usually, a White House press officer was present, and occasionally officials from agencies or Cabinet Departments participated. Other participants include governors, mayors, members of Congress, and private citizens. The series began February 5, 1969, and it concluded February 23, 1973. The "S" series is a chronological continuation of this series, and the "L" series is related to both.

The National Archives never received reels 139 and 197 with the rest of the series; presumably they were lost by WHCA.

The National Archives added the descriptions for the last seven items in this series, H-694 to H-700. WHCA had not designated a series for these reels, which it had transferred to NARA mingled with the K series.

Series "I" – Miscellaneous Recordings

The "I" Series is an agglomeration of recordings that WHCA apparently could not fit into the other series categories. It includes church services, news programs about the presidency, funeral services, telephone calls between advancement

preparing Presidential trips, and some music. The recordings were made between January 25, 1969 and July 12, 1974. The following tapes were not received by the National Archives when WHCA transferred this series: 19, 35, 36, 39, 41, 43, 45, 50, 59, 63, 64, 72, 76, 79, 87, 91, 100, 121, 124, 125, 132, 133, 134, and 136.

Series "J" – White House Entertainment

The "J" Series contains recordings of performances in the White House (such as at dinners) by various artists and groups. These recordings were made between April 29, 1969 and February 23, 1971. The quality of these tapes may be notably inferior to that of performances recorded professionally in a studio. [See a March 8, 1973 memo from Stephen Bull regarding recording equipment for White House entertainment](#)  .

Series "K" – Informal Presidential Remarks

The "K" Series consists of President Nixon's impromptu remarks at such events as motorcades, arrival and departure ceremonies, bill signing ceremonies, and photo opportunities. Approximately 100 tapes contain remarks made while the President was outside the United States, or they include remarks by foreign officials, foreign press, or translators. Included are some press briefings by Ronald Ziegler. The series began on July 14, 1970 and concluded on July 19, 1974.

Tapes 1 through 30 are missing. The absence of these reels is the reason the Finding Aid contains double entries for reels 26 and 30; the correct entry cannot be determined. Found mingled with the K series were unassigned reels properly belonging in series C and H. The descriptions for these reels have been added to the original WHCA Finding Aids for those series.

Series "L" – White House Press Office Press Briefings

The "L" Series consists of press briefings recorded between August 14, 1972 and February 28, 1973. Ronald Ziegler or Gerald Warren conducted most of these briefings. A few were done by Constance Stuart, Hugh Scott, and Gerald Ford. On rare occasions, other individuals were involved. This series is related in nature to series "H" and "S".

Series "P" – Formal Presidential Remarks

The "P" Series contains recordings of President Nixon's public or formal appearances, such as speeches, Dinners at the White House, and comments to groups or individuals. While the times given reflect the length of the President's remarks; the White House Communications Agency ("WHCA") usually recorded the entire event, not just the President's remarks. The tapes span the dates January 20, 1969 through August 9, 1974. Transcripts of the President's remarks can often be found in *The Public Papers of the Presidents*, bound volumes published annually by the [Government Printing Office](#).

WHCA numbered the tapes sequentially within each month. In order to create an overall numbering system to encompass all of the 1585 tapes in this series, the National Archives modified WHCA's system. Each tape now is identified by a six-digit number. The first two digits indicate the year; the second two digits, the month; and the last two digits are WHCA's number. Thus, the first tape recorded in January 1969 bears the number 690101. This number should not be confused with the date; P-690101 was recorded on January 20, 1969.

The National Archives never received the following three reels from WHCA: 740403, 740615 and 740710.

Series "S" – White House Press Office Press Briefings

The "S" Series consists primarily of press briefings recorded between March 1, 1973 and August 8, 1974. Ronald Ziegler and Gerald Warren conducted most of these briefings. Of the various administration officials involved in the remaining briefings, the most prominent are Henry Kissinger, Gerald Ford, Earl Butz, Herbert Stein, Melvin Laird, Alexander Haig, Caspar Weinberger, Anne Armstrong, and John Love. The majority of the remaining tapes consist of press pool reports on photo opportunities and of officials briefing summer interns.

Tape 258 is blank. The second reels of tapes 249 and 261 were never received by the National Archives. This series is a chronological continuation of the "L" series, and is also related to the "H" series.

Series "T" – China Advance Team

The "T" Series consists of telephone conversations between the advance team in the People's Republic of China preparing for the President's visit and their associates in Washington. These telephone calls were transmitted in the clear via Peking switchboard, and the WHCA technicians in the United States noted on the circuit that their instructions were to record these conversation. The first conversation took place on February 4, 1972, and the last was recorded on February 20, 1972.
