Original Format: 2-inch Quad videotape Videotape. Technical notes: 2005 VidiPax report: 2" Quad Hi Band. Dropout compensator not used, Quad scratching evident in picture. Some glitching occurs in image during/after camera switches/edits. Appears to be a sync/timing error originating from master. Despite re-cleaning Quad, tape is still sticky, there is a tendency towards head clogging. Vacuum guide adjustment on AVR 3 appears to compensate for excessive head clogging.
