REQUESTING COPIES

After reviewing the descriptions and contact sheets you may request high resolution scans of specific negatives. The fee is \$20 per high resolution scan. You may place a request for photographic reproductions by filling out the order form and sending it to the Nixon Library staff member who has been assisting you. The order form is available here:

<https://www.nixonlibrary.gov/index.php/research/get-copies>

ORDER FORM INSTRUCTIONS - Indicate the Collection, Roll number and Frame number:

- The Collection identifier is WHPO.
- The Roll number is in the digital file name of the contact sheet scan and is also usually printed at the bottom of each contact sheet.
- The Frame numbers are printed below each frame. Some frames may have two numbers and when this occurs you can list both frame numbers to ensure we scan the exact frame you want.

For example: WHPO-3000-10/10A.

NOTE: For your first 10 complimentary contact sheet scans you do not need to fill out the form - simply email the Nixon Library staff and indicate the roll numbers you would like to preview. For any additional contact sheet scans you may fill out the order form.

The Nixon Library only provides digital reproductions. We do not provide paper prints.
