Small letter -

11/28/71

Dear Murray -

At this tragic time I want
you to know that one of your
old friends is thinking of you.

As I read the very fine
story on your son's life in the
Los Angeles Times, I was reminded
of the young Murray Kempton
I met over 20 years ago.

His idealism and intelligence
must have made you very
proud of him -

And I am sure he was very
proud of his father which is a
memory you can carry with you always -

Richard Nixon
