MEMORANDUM FOR: RON WALKER
FROM: JON M. HUNTSMAN
SUBJECT: Outstanding bills - 1970 campaign

I have received considerable pressure from several members of the White House staff to clean up various bills outstanding from the 1970 campaign that were agreed to by the either county or state republican committees in Florida, Illinois, and other states. Please let me make our position perfectly clear.

1) There are no funds available to pay bills that are agreed upon and authorized by local, county and state Republican Committees.

2) The minute that we begin to pay these funds out of RNC monies -- which are very short anyway -- then it provides a fund that is being harassed from every side to pay similar type bills from every state and Republican organization of any size. It is obviously, uncontrollable, and a bad precedent to start.

3) Prior to authorizing any bills that would even boarder on questions relative to RNC's obligation, you should insist that the local chairman in charge or the local finance head of the Republican county committee or state committee personally sign or have his representative sign, that payment will be made by their organization.
4) We have paid several of these bills -- contrary to our desires and wishes and unfortunately can pay no more.

Please insure that your people are well oriented in this program and that bills are not approved without having the authorized signature of that group sponsoring the event. Please help us in this matter as most of these bills that are now hanging over our heads are those that we rushed into without proper authorization or planning.

Thank you.
