MEMORANDUM FOR:

JEB MAGRUDER

FROM:

GORDON STRACHAN

SUBJECT:

Teeter's Interim
Analysis Report

As we discussed this morning, I reviewed Teeter's Interim Analysis Report carefully. I spent 1 1/2 hours with Ted Garrish asking questions regarding the conclusions, format, and analysis procedure. Besides some very real problems with the text and methodology, the conclusion of the memorandum poses a very serious question regarding the whole campaign thrust. The conclusion on Page 9 is: "Demographic bloc voting is significantly less important than voting behavior in affecting the election. The only exceptions to this rule are blacks, young voters in California, and Jewish voters in New York."

Either the campaign is organized regardless of the results of the polling data or the polling data is wrong. All the work by Marik, Finkelstein and Malek's voter blocs have been aimed at the argument that particular demographic groups will be decisive in this election. The appeals have been aimed at blacks, Spanish speaking, blue collar, labor, etc. Now the conclusion from the polling is that only blacks, young voters in California and Jewish voters in New York are important. If that's the case, someone much more capable than Paul Jones should be in charge of blacks, Ken Rietz should take all his troops to California, and Garment should probably spend full time in New York with whatever resources he needs to capture the Jewish vote.

The real purpose of this long, rather rambling memorandum is to raise the whole question of Teeter's capability and service to the campaign. He continues to spend less than one day a week here in Washington. As you know, Bob has been very interested in meeting with him to review what are reputed to be the Key States. True, the meeting has been cancelled from here twice, but the re-scheduling has been made even more difficult with Teeter's absence.

There is one final note that you and I should review personally concerning the usefulness of the issue information developed by the polls. This concerns a very scholarly attack on the questionnaire and vendors' reports by Roy Morey within the Domestic Council.

FRED MALEK

FROM:

SUBJECT:

Campaign Poll Information
on Union Members

George Bell has asked Bob for access to the campaign's poll results regarding union members. In our recent discussions regarding your voter blocs and your access to poll information, I received the impression that you had all the information necessary. Since you and George Bell are probably working closely on the labor vote, you might discuss with him the information that you believe would be useful for his dealings with the union members. Because of the restricted access to the poll information, you should make the same careful determination of the amount of material that should be released to George Bell as you have with your other voting bloc managers.

FROM: GEORGE T. BELL 

I am requesting permission to obtain information from the campaign committee on its poll responses from union members. This information would be helpful in gauging the feeling of the rank and file toward the Administration. I understand a breakdown can be made on a state level and/or in the key industrial areas.

MEMORANDUM FOR: JEB MAGRUDER
FROM: GORDON STRACHAN
SUBJECT: California Plan

Careful review of your California plan indicates that there is no mention of Compass Systems, Inc. That was the group Bob Finch, Bart Porter, and the Republican State Party Chairman were pushing eight or nine months ago. If appropriate, will you advise me as to the status of our investment and anticipated return?

SUBJECT:

Pennsylvania Special
Congressional Election

One interesting thing that developed from Harry Dent's Political Issues meeting this morning was the fact that there is a special Congressional election to be held in Pennsylvania on Primary Day, April 25th. Apparently, this race will get a good deal of play since if we lose it will be considered a challenge to the President's popularity within Pennsylvania. In light of the interest in Pennsylvania, you might want to have people at your Committee become more directly involved. Fred LaRue seemed familiar with the race.

SUBJECT:

Offers of Assistance

We read your memorandum of April 7th regarding the volume of offers of assistance and the Campaign's response. You should not be dissuaded by young people seeking staff positions with the National Campaign in Washington. Instead, these people should be put to work in their states rather than being brought to Washington. If they are truly interested they will volunteer where they are needed - in the field.

MEMORANDUM FOR:

~~MR. GORDON G. STRACHAN~~

FROM:

ROBERT C. ODLE, JR.

R

You indicated an interest in what we are doing with the many offers of assistance we have had since beginning our operation over a year ago.

We have had several thousand letters and resumes come in since March of last year. Every one of them has been answered. Most of them are from young people in their late teens and 20's who want staff positions with the campaign. A few are offers of assistance from people who want to work in their own areas.

We are now in the process of xeroxing all of the incoming letters and resumes and getting them in files for transmission to our State Nixon Chairmen. Recently we sent several hundred resumes to Lyn Nofziger in California. A copy of my transmittal letter to him is attached.

We are receiving approximately 600 letters and resumes per month and interviewing approximately a hundred persons per month.

That doesn't make any diff -
Put them to work in their own
areas - regardless of what they say

Dear Lyn:

Enclosed are all the resumes and letters of people in California we've received who have made it known that they want to participate in the campaign. While some of them want to work on a national level, I'm certain they could be plugged in the California campaign.

While virtually all of these people have been answered by letters from the Committee, we've not included copies of those since they all read along the same lines.

Please let us know if we can be of help.

With best wishes,

Sincerely,

Robert C. Odle, Jr.

MEMORANDUM FOR: GORDON STRACHAN
FROM: L. HIGBY

What happens to all the letters that we submit to Bob Odle? Obviously, 99 percent of them simply receive a reply saying we have placed your name on our active file and if something comes up we will get in touch with you. This is probably a pretty unsatisfactory way to handle this thing. Does Odle have any system for sending these letters directly from the National Committee to the State organizations, or better yet, the precinct or local organizations in the area where the people write from letting the local people know that they want to help and that some contact should be made. This is probably a good way to pick up a number of volunteers, yet I doubt if it is being done.

Please let me know.

MEMORANDUM FOR:

DAVE PARKER

FROM:

GORDON STRACHAN

SUBJECT:

First Family Visit for
Margaret Chase Smith

Several scheduled proposals and materials have gone by regarding the proposal to have one of the First Family (probably Tricia) make a trip to Maine for Senator Margaret Chase Smith.

Jeb Magruder called me this morning to emphasize that it was John Mitchell's firm opinion that this would be a mistake. According to Mitchell, the policy is not to send a member of the First Family into a state where there is a primary challenge. This applies to Margaret Chase Smith in Maine. According to Magruder, Mitchell wants Bob to re-raise the subject with the President to be sure that the event is turned off in light of the firm policy.

Would you have this subject raised in your next series of proposals for First Family schedule? If that opportunity for you to discuss the material with Bob will not be in the next few days, would you send me the necessary back-up so that I can cover the point with Bob?

SUBJECT: Congressman Arends -
John T. Chadwell

Larry Higby's memorandum of March 28th indicated that Les Arends had talked to Bob Haldeman recently regarding Mr. Chadwell. As we discussed on the telephone, Congressman Arends has followed up his conversation with Mr. Haldeman by sending the attached letter urging that Mr. Chadwell be utilized by the Committee for the Re-Election of the President.

Pursuant to our conversation, would you cover this matter with Congressman Arends on Bob's behalf?

MEMORANDUM FOR: MR. WILLIAM E. TIMMONS
FROM: L. HIGBY
SUBJECT: Mr. John T. Chadwell, Jr.

Congressman Arends talked to Bob yesterday, as I indicated to you he would.

Mr. Arends was calling on the subject of Mr. John T. Chadwell, Jr. He is currently Assistant to the Director of the Office of Law Enforcement in the Office of the Secretary of the Treasury.

Mr. Arends indicates that Mr. Chadwell wants to help in the campaign, that he is good, able and smart and would be good in fund raising or anything else for that matter.

Bob asked that you check this request out to see whether or not Mr. Chadwell is someone we want to bring aboard and follow-through with Mr. Chadwell and the Congressman, if appropriate.

Please let us know what you do here.

Thank you.

Mr. H. R. Haldeman
Assistant to the President
The White House
Washington, D. C. 20500

Dear Bob:

This will confirm my telephone conversation with you concerning John T. Chadwell of Chicago, Illinois, who presently resides at 5840 Hilldon Street, McLean, Virginia.

John is the son of a personal friend of mine of long standing. He is presently serving as Assistant to the Director, Office of Law Enforcement, in the Treasury Department.

He is most anxious to participate in the 1972 election campaign and for this purpose seeks a position with the Committee for the Reelection of the President. He will resign his present position (GS15, step 3) for this purpose.

Enclosed is a copy of his resume. He is an outstanding young man, and in my considered judgment, would do an excellent job on whatever may be assigned to him.

He comes from one of the very best Illinois Republican families. He is so interested in the reelection of President Nixon that he is willing to make whatever sacrifice may be involved in resigning his present position to participate in the campaign.

I offer my unqualified recommendation of him, and most sincerely hope his services can be utilized by the Committee for the Reelection of President Nixon.

With kindest regards, I am

Sincerely yours,

LCA:avb
