

THE WHITE HOUSE

WASHINGTON

February 2, 1972

MEMORANDUM FOR JOHN W. DEAN, III

FROM: JACK CAULFIELD

SUBJECT: MAINE

*Handwritten signature/initials in blue ink.*

Clark Mollenhoff states that the U. S. Attorney in Maine has enough evidence to indict Fred Vahlsing in connection with alleged improprieties in Maine's sugar beet industry.

I know Clark focused upon this matter sharply while at the White House, so there may be some goodies there. Vahlsing, of course, is known to be a close friend and associate of Muskie. Kliendienst should comment.
