Sunday, September 5.

President called late this afternoon-- or actually early this evening from Camp David, mainly to review schedule plans for next week. He wants to have a Cabinet meeting, and a Congressional leaders' meeting, and so on. He's obviously thinking about maintaining momentum. He got back again to trip reaction. He was particularly impressed with the high school band in Dayton and their enthusiasm, and now wants to try to find a school for a speaking appearance.

He seems to be in great spirits and, in analyzing the trip, feels that it was well worthwhile.
