Saturday, December 4.

The President still in Key Biscayne. Slept late this morning. Called in the late morning to check in. Had nothing particular in mind and talked a little about the television plan for Monday, when NBC covers the "Day in the Life of the President". He didn't have anything specific in mind, but wanted to be sure we were on top of it. Also had a few comments and questions on the trip plans for the heads of state meetings, and that was it.

End of December 4.
