Monday, February 10.

Morning free - left Key Biscayne at 2:30. Kissinger and Rogers and I met with President on plane home. Planning details of trip.

President outlined his procedure for briefing. Wants first a long meeting with Assistant Secretary for Europe, then individual sessions with each country desk man.

Wanted to be sure we adequately told our story regarding Santa Barbara oil problem - how President stepped in and acted.

Big laugh when President asked Kissinger "What is the situation over there with this damned monetary crap?"

I had dinner with Chapin, and long talk regarding personal problem of getting on top of this and leading a real life.
