Thursday, May 29.

At Key Biscayne. Had DuBridge fly down for 10:00 meeting, mainly about new Environmental Council - which we announced down here, with DuBridge press conference. DuBridge also used the time to cover PSAC activities and the Santa Barbara oil problem. Spent about an hour - President let him go on. Worked out all details of way to handle oil report - pretty complex - afraid Hickel will handle wrong.

After Lee left for press conference, President kept me for two more hours, while Tricia and Pat Nixon in and out from time to time. Came up with idea for surfers using his California beach, covered schedule plan for Hawaii trip, problems of White House housekeeper, Chef, etc. - etc.

Called me later in afternoon to be sure Agnew went out to meet Rogers on his return tonight. Also the Ambassadors, etc. - good thing, no one else had thought of going except Kissinger.

Weather turned good, and he spent the afternoon with the family. Dinner at the house and a movie after. Julie and David arrived just after I left the house - President could hardly wait.
