Wednesday, June 25.

Light day. NSC in the morning, then President went to EOB (after session with me on schedule, etc.) for lunch and stayed all afternoon. Mainly talking with Kissinger. He did go to the Congressional Gymnasium party in early evening, and then to the Residence. Lot of staff sessions today about our reorganization. Ehrlichman's going to take the domestic role, with Cole moving over to staff it for him - will be the right thing, but cuts up my operation. Now have to move more into real game, planning and schedule control, using Chapin and Larry and Alex Butterfield, and look to bringing in Magowan.
