Monday, August 11.

First day at the Western White House. All went well. President in good spirits - arrived early with Tim. Right to work - long session with Rumsfeld, then Don did press briefing about OEO reorganization. Not much for me to work on - review again of dinner plans. Wants Borman to come in and go over it with him. Worried because Mitchell doesn't have a pool for his little girl. Wants everyone to be happily situated. Quit around 1:30 and went back to the house - trying to set the pattern.
