Saturday, May 16.

In Key Biscayne. More of the same. He just keeps grinding away, call after call after call. He is sleeping late in the mornings, which helps a little - but he sure has not gotten his mind off of business. I spent hours on the phone following up, mainly about Senate problems and the Cabinet agenda for Tuesday.

Finally in the afternoon he took off for Walker's - after I talked him into at least considering staying over until Monday. He was pretty determined to go back Sunday night at 8:30. Just before he left he said to plan on Monday return, unless he changes his mind.
