Baltimore. President had me stay at White House to compile full analysis of current status of all campaigns. Wanted a total reading this afternoon. Wants to have a deep backgrounder for top friendly columnists to fill them in on what he's doing and why. Probably good idea. There's a lot of speculation regarding President's campaign activities, and it's being way overplayed vis-a-vis the time he's spending.

Thinking again about speeches and writers - wants to move Ray Price up as editor - and put Safire more into PR - and get some good, new, hot, fast writers like Buchanan.

He had Sato meeting, then UN Dinner - I went to Camp David with Chapin and Larry and families.
