Dear Doug:

*Charles G.*  
Enclosed you will find a clipping with regard to Rebozo and others attempting to buy a Miami TV station.

If the license gets into a lot of hearings, etc., don't you think that this could very well hurt President Nixon.

This type of thing would be expected in the case of L. B. J., but one looks twice when they see this happening involving a very close friend of Nixons.

If you share any concern, you may wish to pass this letter on.

All I know it's tough enough for our President to keep his skirts as clean as possible without things like this popping up.

With best wishes,  
*hmc*
