Dear Dick,

Just a short note to reiterate my oral statement to our President last week in Washington.

If there is ever anything at all where you believe I can be of help to you on a volunteer basis, which requires trust and confidence, I am willing, ready and, I hope, able to act.

As I indicated, it was a genuine pleasure for me to have a working part in your Inauguration and I do thank you for the opportunity.

Your Inaugural speech set just the right tone for your administration and I find new meanings and depths at each reading.

Perhaps, my greatest thrill, however, was seeing you, Pat, Tricia, Julie and David in the home where you belong - The White House.

As I wrote more than a year ago when you, Pat and Julie were returning to New York after the visit at our home in California - "You are the only one who can make this world safe for our children and grand-children." Today, I believe it more true than ever.

I would truly like to help when you think I can.

Your Friend,
Jack
