TO Rose Mary Woods

Dear Rose:

Am sending you the enclosed check for signature by you or the President since Mr. Kalmbach is in Europe and will not be in the office until June 7th and I did not want to delay payment. All other bills are being paid promptly in Mr. Kalmbach's absence since Mr. DeMarco can also sign the checks but I won't be seeing him until Wednesday of this week so thought it would just be easier to send it on to you for signature.

Sincerely,

Marilyn R. Parent

Dear Mr. Lang:

This is just a note to thank you for your letter of May 21 and for your most gracious invitation for Tricia and her fiance to consider the Xanadu Yacht and Tennis Club for their honeymoon. Judging from the pictures, it is certainly beautiful!

I have called your letter to the President's attention and you may be sure he greatly appreciates your continued interest. However, Tricia and Ed have already made their honeymoon plans and therefore will not have the pleasure of accepting your invitation.

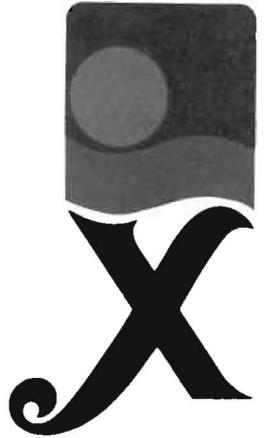

With my very best wishes for every success and happiness in your new post,

Sincerely,

21 May 1971.

My dear Miss Woods:

While it is appreciated, the date is late. I just took over here a few days ago and this is the first opportunity I have had to write.

If there is flexibility in the plans of Miss Nixon and her fiance, I would like to extend a very cordial invitation for them to consider Xanadu Yacht and Tennis Club in connection with their honeymoon early next month.

This is a private club, and the completely guarded nature of the property would appear to make it an ideal location for the newlyweds in that their privacy is absolutely guaranteed.

We would place a deluxe villa of four rooms at their disposal for the length of their stay, with our compliments. The club will also assume any charges they might incur for food and beverage. If the secret service is involved we would provide accomodation for the man (or men) assigned, without charge. An air-conditioned car, with or without driver, would also be available with our compliments.

If there is interest by Miss Nixon and her fiance, and I'm hopeful there will be, I would be pleased to fly to Washington to co-ordinate the details. You have my personal assurance this invitation and it's possible acceptance, will be considered as confidential.

Please convey my respects to the President, and my kind personal regards to you.

Sincerely,

Neal Lang  
Executive Director

MEMORANDUM FOR: MISS ROSE MARY WOODS  
FROM: ROBERT C. ODLE, JR. *RCO*  
SUBJECT: EDWIN P. HOYT

With reference to your memorandum of May 6, the answer is yes, finally. Mr. Hoyt does have a publisher -- Random House, and the book definitely will appear before the election.

Since Hoyt has seen the President, Mrs. Nixon, and many others, and since much of his work is done, I think we should continue to assist him where possible. However, you might want to be aware of the following two facts: (1) Hoyt says the "book business" is bad these days and has asked us to find a government job for him; and (2) he's talked to Senator Fulbright about writing a biography of him. Nevertheless, I think Hoyt is strongly pro-RN and that his book will be a definite plus for us.

Perhaps the attached listing of books now being written which I prepared for Mr. Klein's signature will be of interest to you. I am also returning your "Hoyt file."

MEMORANDUM FOR ROB ODLE

FROM: ROSE MARY WOODS

SUBJECT: Attached letter from Edwin P. Hoyt

I have received the attached letter from Ed Hoyt. I do not want him to call and talk with all these people if he doesn't have a publisher. Please advise whether he has gotten another publisher and whether we should give him the list of names he is asking for. Our Xerox copy of the list made up by Noble is attached, but I would want to take some of those off before we send it to him, even if it is all set for him to go ahead with the book.

Thanks.

Dear Gloria Seelye:

The attached lists show the countries the President and Mrs. Nixon visited during their official trips from 1953 through 1959. We do have the detailed itineraries for these trips, and should you need further information I would be happy to have you look at this material when you come to Washington.

It was a pleasure to talk with you in San Clemente, and I will look forward to seeing you when you are here next month.

Dear Miss Woods -

I want to thank you so much for the hour-long interview we had during your trip to the Western White House in March. My book on Mrs. Nixon is rolling along and I'm keeping very busy.

You may recall an offer you made to have someone look up the eight trips taken by the Nixons during the Vice Presidency. The major trips are easy to pin down but some of the shorter and less significant have not been very well reported.

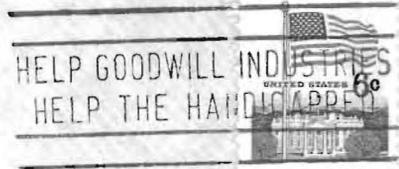

I certainly would appreciate any help you could give me along these lines. I will be back in Washington the first two weeks of June and hope to complete my interviews.

It's always so wonderful to meet someone you have heard such fine reports about for so many years.

Thanks Again -

Gloria

Dear Rose:

Enclosed is a letter which I have addressed to The President, but I would appreciate your reading it and if you think he would be interested and has the time, I wish you would put it on his desk. If you think it is not advisable, then just file it.

I enjoyed talking to you when I was in Washington and had an excellent trip to Mexico. The fishing was good, the weather perfect and the rest appreciated.

Thanks a lot for your help.

OF COUNSEL

May 28, 1971

My dear Mr. President:

IN RE: WHITTIER COLLEGE

Last Monday the Board of Trustees of Whittier College had its quarterly meeting and took some very definite action.

Every Trustee was deeply distressed at the action taken by the Whittier Student Senate with reference to your honorary degree. Some of us wanted to make a strong statement and release it to the press, but the general feeling was that since the whole matter had been settled it would be unwise to raise the issue for further argument, particularly with the press. The annual Spring Sing was held on the Sunday following the release of the statement by the Student Senate and there were some one thousand to fifteen hundred parents on the campus. At this time, Dr. Binder stated that the action of the Senate was not the action of the College or the Administration and regretted the action taken. The next day, a number of students felt that the student body should take action. There were group meetings on the campus on this subject. At about the same time, the annual student body election was held and a new Senate was chosen which took office following the senate action on the degree. The new Senate met and decided there should be a referendum to the student body that there should be a vote on the prior action. An election was called and just a few over a thousand students took part and by a vote of three to one rescinded the action of the former Student Senate. The new Senate then met and rescinded the action of the former Senate.

At the same time it advised the news media of its action, which was well covered on the west coast. With this in mind, the Trustees felt that it would be better not to take any further action. I made a very clear statement that, in my opinion, the Trustees had an obligation to regulate some student activities and that we should not be afraid to say "yes" and "no" on certain issues. Men like Art Corey, Bill Camp and John Stauffer were of the same opinion and we do not propose to let the students tell us how we are to run the college. We are also going to see that a faculty representative attends each student meeting so that precipitate action is not taken unannounced.

You will be glad to know that one of our professors has a whole hour on television this next week to explain why your policy of Vietnamization and the withdrawal of troops must be carried out as directed by you. Having spent considerable time in Indo-China

he has some interesting data on why the troops cannot be withdrawn at one fell swoop.

The Presidential Oral History Program is in full swing and we have added Evlyn Dorn to the staff to assist your brother and Dr. Arena.

John Stauffer made a contribution at the Trustees' meeting which was \$50,000.00 raised by the Trustees among themselves to pay the first year's cost of the Oral History Project. We have also started raising money for next year among ourselves for the project, which we anticipate will be completed in the two year period. These are Trustee gifts and not gifts made to the college or coming from college funds.

Two new Board members attended for the first time. One is Richard Ettinger, Jr., Chairman of the Board of Directors of Wadsworth Publishing Company. His father founded Prentice-Hall and he continues that work. He is a young man, has excellent ideas and is on various foundations which are going to be of financial help. Francis Lindley, a Los Angeles Attorney and President of the Haynes Foundation is also a new Trustee and he is going to be of great help to the Board. We now have an excellent Board and with three vacant places still to be filled we are looking forward to some good years.

Respectfully submitted,

Thomas W. Bewley
