*Rose Mary Woods*

May 11, 1970

Gentlemen:

It has been suggested that my September 18, 1969, letter to the Phi Alpha Delta office be clarified, in that membership in the fraternity is one of lifetime tenure. I can assure you the President is desirous of continued membership in PAD.

The President has always been proud of his affiliation with the Phi Alpha Delta Fraternity, and my letter should certainly not be interpreted to mean the President has a lessened interest in the well-being of PAD. I merely wished to emphasize that the many and burdensome duties of the Presidential office preclude Mr. Nixon's active participation, for the time being, in virtually any fraternity affair.

With all good wishes,

Sincerely,

Rose Mary Woods  
Secretary to the President

Phi Alpha Delta Law Fraternity

Gentlemen:

It has been suggested that my September 18, 1969, letter to the Phi Alpha Delta office be clarified, in that membership in the fraternity is one of lifetime tenure. I can assure you the President is desirous of continued membership in PAD.

The President has always been proud of his affiliation with the Phi Alpha Delta Fraternity, and my letter should certainly not be interpreted to mean the President has a lessened interest in the well-being of PAD. I merely wished to emphasize that the many and burdensome duties of the Presidential office preclude Mr. Nixon's active participation, for the time being, in virtually any fraternity affair.

With all good wishes,

Sincerely,

Rose Mary Woods

MEMORANDUM FOR ROSE MARY WOODS

FROM: Tom Cole

As I am a member of PAD, officials of this legal fraternity recently called on me to express their very deep concern over the President's resignation from the PAD law fraternity, tendered through your September 18 letter.

I can certainly imagine the demands from the hundred or so organizations to which you refer, and therefore the desirability of sending out the September 18 letter. However, owing to the fact PAD membership is for life, and it undoubtedly is an organization much different from the others, including its prestigious nature, i.e. -- its members include the President, Vice President, Chief Justice of the Supreme Court, Clement Haynsworth, etc. -- I thought perhaps some modification of the September 18 letter might be in order, and have therefore prepared the attached for your consideration.

Draft Letter

U.S.  
It has been suggested that my September 18, 1969, letter to the Phi Alpha Delta office be clarified, in that membership in the fraternity is one of lifetime tenure. I can assure you the President is desirous of continued membership in PAD.

~~It is my understanding~~ The President has always been proud of his affiliation with the Phi Alpha Delta Fraternity, <sup>and</sup> my letter of ~~September 18, 1969,~~ should certainly not be interpreted to mean the President has a lessened interest in the well-being of PAD. I merely wished to emphasize that the many and burdensome duties of the Presidential office preclude Mr. Nixon's active participation, for the time being, in virtually any fraternity affair.

bc Best wishes.

Sincerely yours,

Gentlemen:

I am writing to advise that the President has decided, reluctantly, that since he is unable to devote attention to the more than one hundred organizations and associations with which he was affiliated prior to the Election last fall, he will be unable to continue his membership with such organizations during his tenure of office. Consequently, it would be greatly appreciated if you would cancel his membership in Phi Alpha Delta for the present time.

With appreciation for your attention to this request and best wishes,

Sincerely,

## why...?

About that critical vote in 1941 which is a part of American history, House Speaker John W. McCormack recently told a Congressional group honoring ROA's National President:

*"I called on you (ROA) to help me, and you did. We passed the Draft Law by one vote, and three months later came Pearl Harbor. ROA was a bulwark of strength to Sam Rayburn and me when that bill came up and we squeezed it through by one vote."*

The activity cited by Speaker McCormack has been only one of a long list of proud accomplishments of the Reserve Officers Association of the United States, all leading to a stronger system of Preparedness, a sounder policy insuring perpetuation of American freedoms:

**In 1948** ROA's support of PL 80-810 provided retirement pay for *all* career officers and the opportunity for the first time for retirement of regular officers of the Army and the Air Force with less than 30 years service.

**In 1956** and again in 1963, it was ROA which gave stability to the active forces in securing the enactment and later the increase in readjustment pay.

**In 1956** ROA in concert with DOD fought for and successfully secured legislation which brought the survivors of regular personnel under the Dependency and Compensation Act providing them \$120 per month plus 12% basic pay.

**In 1958** The Secretary of the Army sent for ROA and enrolled our help in modernizing the Army for which Congress was asked to appropriate \$5 additional billions. This has resulted in the strong posture the Army has today.

**In 1962** it was ROA, as the only independent witness, which urged the Congress to stabilize the leadership of the Services by establishing 4-year terms for the members of the Joint Chiefs of Staff which now has been put into law.

**In 1963** ROA led the fight which resulted in the partial recomputation of retirement pay, a victory won by 13 votes in a divided House. It is ROA which has never agreed to compromise the principle that retirement pay should always be based on current pay scales.

**In 1964** ROA went to bat for the regular officer in fighting for elimination of all dual employment and dual compensation restrictions and succeeded in removing dual employment restrictions with authority to retain approximately 50% of retirement pay for regular officers.

**In 1964** it was ROA which resisted the move to abolish the Army and Air Force Reserve thus saving for mobilization the thousands of trained men now being used to support the Viet Nam effort.

**In 1964** as a part of ROA's long time support of ROTC, we succeeded in securing enactment of the law which provides 4-year ROTC scholarship programs for all Services which has done much to provide the active establishment and the regular services with a large portion of its career officers.

**In 1968** it was ROA to whom the President gave the pen used in signing into law the Reserve Bill of Rights and Vitalization Act which provides stability of the back-up to the active duty forces.

**In 1969** and in 1970—and the years ahead—it will be ROA, operating from its position of *complete independence* in the traditional *voluntary* role, which will be continuing the fight for military forces second to none.

ROA WAS THERE in 1922, in 1934, in 1941, in 1958, and in 1968—and all the other of 46 years, because Public Law 80-595, under which we hold our Charter, says that we shall be there.

that is *why* ROA merits—and possesses—the support and confidence of the military leaders of the united states.

ROA will be there. you can be there too.

★ ★ ★ ★ ★ ★ ★ ★ ★ ★

ROA has strengthened  
the active services

The statement is heard frequently that ROA does more for the Regular Services than for the Reserves. The fact is of course that ROA, by law and the Association's own mandates, devotes its activity principally to national security, in which every citizen has a responsibility. ROA, since its founding in 1922 has worked to keep alive the principle stated by George Washington that "every citizen who enjoys the protection of a free government owes . . . his personal services to it."

*Chief of Staff, U.S. Air Force*

**General J. P. McConnell**

*J. P. McConnell*

*Chief of Staff, U.S. Army*

**General W. C. Westmoreland**

"The security of the United States rests on the strength, combat readiness, and esprit of her Armed Forces.

"The Reserve components are an important element of our defense establishment, backing up the regular forces at home and abroad with trained deployable combat, combat support, and combat service units. The Reserve Officers Association has made and can continue to make a significant contribution to national security by furthering public understanding and support of our defense team."

*W. C. Westmoreland*

*Commandant, U.S. Marine Corps*

**General L. F. Chapman, Jr.**

"The Reserve Officers Association's time tested Object, 'to support a military policy for the United States that will provide adequate national security . . .', has never shone as brightly as it does today. This Object has been the beacon about which the Association has revolved.

"We Marines are proud of our own Marine Corps Reserve; we know the importance of a 'Ready' Reserve, and appreciate the support of those who help us keep it ready. The Reserves are vital to this nation, and the Reserve Officers Association is vital to the Reserves. *L. F. Chapman, Jr.*

*Chief of Naval Operations*

**Admiral T. H. Moorer**  
United States Navy

"The strength of the Navy-Marine Team has always been and always will be its people. This is particularly true of our fine Reserves, for it is through their patriotism and professionalism that we are able to quickly muster a tide of trained ready manpower.

"I salute the members of ROA; there is a greater, more subtle need for their support now than ever before. Your service to our country is deserving of the gratitude of all Americans."

"In these critical times it is essential that we maintain a strong Reserve capable of responding quickly to our country's needs. Your organization is contributing significantly to the attainment of this vital goal."

*Willard Smith*

# Should EVERY Officer Join ROA?

☆ ☆ ★ ★ ☆

*The Answer is a Resounding Affirmative*

## Why?

ROA's Constitution spells out five classes of membership—and every officer-Regular and Reserve-Active and Retired—has an interest and a stake in ROA's objectives.

That is why the reserve second lieutenant just commissioned—and the Chiefs of the Regular Services—join ROA.

You, too, are a part of the America which ROA would protect.

**T**HE RESERVE OFFICERS ASSOCIATION OF THE UNITED STATES is not a "gimme" organization. But it is committed, as it always has been, to protect the collateral benefits which its members receive as a reward for their service to our country.

It is an accepted maxim that a military force is effective only as long as it has sound morale. Many of the incentive laws originated with ROA and most of them had significant ROA support. Your membership in the Association therefore, supports these programs which are important to you and to your family.

While there are many other reasons why you should be a member of ROA, here's a brief listing of the reasons why, for your protection, you must keep ROA strong.

### *What's in it for YOU:*

- Protection of your retirement pay
- Military Medicare
- Space available hospitalization
- Various military post privileges
- Pay while on reserve duty
- Sound promotion opportunity
- Assistance in your personnel problems
- And many other related facets in your formal military community

In addition, ROA offers you the prestige of its membership, which includes outstanding citizens of the nation and in communities throughout the country; the most favorable group insurance rate structure in the United States (happily, military officers, both Regular and Reserve, are long-lived), and discounts and privileges which come only to officers.

You also share in the proprietorship of the prestigious Minute Man Memorial Building which is now your new National Headquarters, facing the United States Capitol, on Capitol Hill.

The well-informed, alert and dedicated officer will recognize the advantage of ROA membership.
