The primary goal in the campaign is to insure victory—\textit{not only} in the Primary but in the General Election in November. Needless to say, before November, the first hurdle is a convincing and overwhelming victory in the Primary.

On the following pages, you will find a compilation of information to be used by you and your various chairmen to help achieve these goals.

As additional information is sent out with regard to organization, precinct operations, etc., please include it in this handbook.
