BACKGROUND ON BOAT

The boat is owned by Jefferson County (the county in which Louisville is located) and it was Senator Cook's idea to buy and refinish it. It is the last Mississippi River Boat in existence. The only other is the Delta Queen out of Cincinnati, and it actually came from San Francisco (it used to make the San Francisco to Sacramento run)

The Belle of Louisville was built in 1914 and has operated throughout all of the Mississippi River system. Each year, on Derby Day, it races the Delta Queen. On Derby Day, 1968, The Delta Queen won but the story was, the people on the Belle had more fun. The reason the Belle lost, it is said, there were too many people on it. It was overloaded. The Belle has a steam Calliope which will be played on this trip by Mrs. Shirley Burwinkle.
