Memo to: Marty Pollner of Nixon Mudge Rose Guthrie Alexander & Mitchell

Marty:

As of now, there is absolutely no chance of RN making the International Police Chief Conference in Hawaii in October.

I will, however, put it into the schedule planning process, and if anything hopeful should develop, we will let you know.

H. R. Haldeman
MEMORANDUM

DATE July 25, 1968

TO— BOB HALEMEN

FROM— MARTY POLLNER

SUBJECT—

Is there any chance of RN making this?
Director

July 23, 1968

Honorable Richard M. Nixon
Nixon for President Committee
450 Park Avenue
New York, New York

My dear Mr. Nixon:

The 75th Annual Conference of the International Association of Chiefs of Police will be held in October of this year in Honolulu, Hawaii.

It is my pleasure to extend an invitation to you to address the delegates and guests. I think that this would be a most appropriate occasion for you to discuss your views with reference to crime in the streets.

Our meeting will be held at the Hikai Hotel, and we are anticipating an attendance of approximately 2,000 persons. We could schedule your talk on the morning of Tuesday, October 8, or Wednesday, October 9, at any time between 9:30 a.m. and 12:30 p.m.

1 - Martin Pollner, Esquire
20 Broad Street
New York, New York

1 - Mr. Donald S. Whyte
1730 Rhode Island Avenue, N.W.
Washington, D.C. 20036
Honorable Richard M. Nixon

The police of our Nation will be honored to have you as a speaker, and I do hope that your schedule will permit your acceptance.

I am also extending an invitation to The Vice President to address our Conference on Monday, October 7.

Sincerely yours,

Quinn Tamm
Executive Director
Memo to: Ed Nixon

Re: Attached letter from The American French Foundation, Inc.

I think we should establish a basic policy that all requests for RN to serve on honorary committees or boards of directors, etc., should receive a standard turn-down that says that, in view of his present status as a candidate for the Presidency of the United States, he has had to take the position of not accepting such honorary memberships at the present time. We should, of course, say that he deeply appreciates the honor they have paid him by extending the invitation, and he knows that they are engaged in very worthwhile work and wishes them the best of success.

Dear Pete:

It was good to hear from you and I am delighted to know that you’re finally escaping from the Army. I can imagine how happy you and Donna are that Viet Nam is not going to take a major role in your life, even though it looked for a while that it would.

I have written a letter to the Business School recommending you as a candidate for their graduate program, and I am pleased that you asked me to do so.

Hope to see you soon. My best regards,

Gentlemen:

It is a pleasure to recommend Mr. Peter Hall as a candidate for admission to the Graduate School of Business Administration at UCLA.

Pete was an outstanding campus leader during his undergraduate years on the campus, and since his graduation in 1966 has gained valuable experience as an officer in the United States Army.

I have known Pete personally for about five years. He would be an outstanding addition to the graduate business program. I hope that you will give his application favorable consideration.

Sincerely,

H. R. Haldeman
Dear Bob,

The time has come when Donna and I can anticipate the completion of my military obligation. It seems that my work here at the Quartermaster School will keep me from going to Viet Nam after all. Needless to say, we are pleased with this bit of good fortune. Donna has been teaching in Head Start this summer and will continue teaching second grade this Fall. As for myself, I am still working as a systems analyst/programer for the Office of Data Systems, helping to develop computer-supported instruction and supply simulations for the school.

Since my graduation in June of 1966, I have desired to go back for a Master's Degree in business at UCLA. I would greatly appreciate a letter of recommendation from you for acceptance into their graduate business program. I have enclosed a brief resume of my activities and work while at UCLA and since graduation. I hope to be accepted for the summer quarter, 1969.

I realize that your recommendation can be of great assistance and I would greatly appreciate it. At the same time, I understand that as a Regent of the University, this request may be a bit awkward for you, in which case, I hope you will let me know.

If you decide to write this recommendation, it should be sent by the first week of August to:

Applications Officer
Graduate School of Business Administration
UCLA
Los Angeles, California 90024

I do appreciate your time and consideration, and Donna and I hope that your new position is as rewarding to you as it will be to the University.

Yours in

Dear Dick:

Thank you for your letter of June 21 regarding Bill Codus. I agree with you that Bill is a dedicated man and we are delighted to have him with us.

I understand that he may join your staff for the months of September, October and November. We will be happy to give him a leave of absence should you request it.

Again, many thanks for taking time to write.
Kind regards.

This afternoon I will be leaving for the coast for several days. For this reason I am forwarding his résumé to Mr. John Ehrlichman. John will be the tour director for the upcoming campaign and should be in touch with Mr. Brown in the near future.

Again, thank you for your help.

As another imposition on your good nature, I would appreciate your suggesting to the appropriate person that if and when our candidate announces an advisory group on foreign policy or foreign commercial policy, I would appreciate his considering including me in such a group. From past experience, I am sure he is aware of my qualifications and it may be possible to be of some significant assistance.

My very best wishes,

July 19, 1968

Dear Dick:

The attached letter from Henry Kearns is self-explanatory, as is RN's note on it.

For your general background information, Kearns was appointed an undersecretary or assistant secretary of commerce for international affairs in the Eisenhower Administration and does have considerable overseas commercial experience.

At the present time he is working hard as a fund raiser for us in California and has been quite effective.

Will you be sure that he is put on it, whatever foreign commercial policy advisory group or general foreign policy group we might form.

Memo to: Pat Buchanan

Confirming our conversation in Washington, we can make arrangements to take the following eight people to the convention: Greenspan, Allen, Waldron, Bell, Trent, Mrs. Anderson, Gavin and Humphrey.

In order to accommodate these people, it will be necessary for them to double up in hotel rooms, and some or all of them will probably have to be in a remote hotel rather than the Hilton-Plaza.

It will also be necessary for Martin Anderson and Tom Homston to take one of these people in with him, in order to provide sufficient rooms.

It should be clear to these people that we have no specific convention jobs nor admission tickets to the convention hall for them, and that it will be questionable as to whether they can be accommodated on the charter plane to Miami.

I'm sorry not to be able to be more accommodating, but I'm sure you understand the logistical problem at this late date.

Memo to: Harb Klein

RN got considerable playback from the Congressman on somewhat the same subject that several of them discussed in our meeting in Washington Thursday. That is, the brewing effect of Nelson Rockefeller's publicity activities, polling, and undercover work.

RN is especially anxious to be sure that we are doing an adequate job of reassuring our people by dissemination of polls that show our side on the delegates.

I know you are doing this, but thought I should re-emphasize the importance of it.

Constructive thoughts and concern by people such as yourself are greatly appreciated. I have passed along your ideas to some of our people and they will follow up where appropriate.

Cordially,

Dear Mr. Haldeman -

I am interested in Richard Nixon becoming our next president. Having watched the late Robert Kennedy change his image in front of my eyes, I have become cognizant that this is possible. I feel it is essential Mr. Nixon project parts of his personality hitherto unseen-unheard by the American voter.

Also I
feel strongly his speeches—all utterances need to be approached in a new way. Your idea of advertising in newspapers for campaign workers is intriguing. Why not let it be known you welcome speechwriters—not in the newspaper but in all parts of the country from people who write—communicate—at a high level of excellence. You would have to assign them various subjects—glue them of Mr. Nixon’s position etc.

Dear Bob,

For some time, I have felt a number of points that appear to me to be important ones in the coming election should be emphasized.

Rather than just make a list, I thought it best to go ahead and put them all into a "speech" format.

The "speech" comments are for use after the Convention nomination.

I think one of the basic key points that must be established very hard in the Nixon for President campaign...is "what are the points... in brief concise words...that Nixon stands for today".

This seems even now, somewhat a fuzzy area. And I think it is important on a few key issues. For example, in the enclosed "speech" I inserted the "lower the vote to 18" theme. This one fact could be the only single thought younger voters may remember during the entire campaign...but it could mean votes.

It is that type of single-action statements that people can remember at voting time that are important.

I trust you are holding out in what I imagine, is a hectic pre-convention travel schedule.

Kindest personal regards,

Robert D. Strock

Memo to: Len Garment

As I mentioned to you on the phone, James Betts in Cleveland, Ohio talked with me while we were out there about the need for some Nixon Negro visibility in the Cleveland area, and strongly urged that we try to get Wilt Chamberlain to see if he could recruit one of the Negro members of the Cleveland Browns---to sign him up as a Nixon man in that area.

He also suggested that we might move work through Vern Stouffer to see if we could get a Negro member of the Indians, Stouffer being President of the Indians.

I hope you'll follow up on this because we need to capitalize on the visibility and steam that RN built up in Ohio during the visit last week.

H. R. Haldeman

Postscript to Pete Hansen

Pete:

James Betts, who is mentioned in the memo above, is in the insurance business in Cleveland. His address is 1500 Hanna Building, his phone 781-8525. He has been very active in YRs out there, is a very impressive guy and very interested in helping us in any way he can. He urged that we move quickly to appoint a Cuyahoga County Chairman for Nixon. He pointed out that we'd probably have to work through Stouffer on this also. He felt that nothing was being done in Cleveland, that is was a weak area for us but could be strengthened by some effort.

Although your note of congratulations may have been belated, I have outdone you by a country mile in my response. I am terribly sorry to be so long in replying but as you can well imagine, I spend most of my time on the road and what few moments I do get in New York are without benefit of secretary or assistance, so my correspondence suffers badly.

I deeply appreciate your good thoughts regarding the Nixon campaign, and also your very thoughtful comments regarding my work with the UCLA Alumni Association.

I trust all is going well there, and I thank you again for your thoughtfulness in writing.

I guess it was strictly a coincidence that your letter of July 2nd, and an article quoting from a recent "Nixon" speech in the Times were read at the same time. I am much too modest to feel that the suggestion I made found its way into the campaign material so soon, but I am glad that great minds think alike.

I don't remember whether I told you when we talked in Los Angeles that another of Richard Nixon's admirers has also hit the campaign trail. You will, perhaps, remember the incident way back when Douglas Wheeler, who wrote a high school paper on the Office of the Vice President had the opportunity to meet Mr. Nixon.

That same Douglas Wheeler is now practicing law in Charlotte, North Carolina, and won a spot through the Republican Primary to run for the State House in North Carolina this fall. I hope Richard Nixon's coattails are strong enough.

Yesterday I spoke to Mr. Higby concerning a Department of State international visitor, Mr. Arie Eliav. Mr. Eliav is a member of the Israeli Parliament.

Our Embassy in Tel Aviv has requested in his behalf the opportunity for him to accompany Mr. Richard Nixon on one day of campaigning. In order to facilitate matters, I am taking the liberty of sending you a copy of the material I have received on Mr. Eliav. I thought that after you have a chance to look over this material, we could discuss the feasibility of his request with greater ease.

Mr. Eliav will not arrive in the United States until Sunday, July 7. I will see him the next day and after we have discussed the matter further, I will call you to see what can be done for him.

Thank you very much for your attention.

The Embassy is aware of the problems posed in arranging during the election campaign all of the high-level interviews and programs requested by Mr. Arie ELIAV during the course of his forthcoming grant visit to the United States. At the same time, it requests the Department to make fully clear to the GAI program agency that the Embassy attaches great importance to the successful implementation of this grant. As was indicated in our A-848 Mr. Eliav is one of the most outstanding -- and promising -- of the handful of young Israeli politicians. Already a prominent member of the top political bodies of the governing Israel Labor Party, a Knesset Member and a former Deputy Minister, he may be reasonably expected to advance even further in the political arena. Because of this unusual combination of achievement and potential the Embassy considered Mr. Eliav a unique grant candidate and has urged him to take one month leave from his own pressing political preoccupations for a close study of the American political scene. For a political figure like Mr. Eliav this means personal contact with his peers.

The Embassy is convinced that the effort expended to meet his high requirements will be well worthwhile.

Precise travel data will be furnished the Department in the very near future.

BARBOUR
Arie Eliav is one of the most prominent -- and promising -- of the relatively few young Israeli politicians. At age 46 he is a Member of the Knesset, a former Deputy Minister and a member of the top leadership bodies of the governing Israel Labor Party. In his capacity as Head of the Organization Department of the then-Mapai he directed that Party's successful campaign in the 1965 general elections. In addition to his vast political experience, he has long been deeply involved in the problems of immigration absorption and agricultural development. He was the initiator of the successful Lachish and Arad Development programs, as well as a large-scale Israeli aid project in Iran. By virtue of his Russian origin and his diplomatic service in Moscow he is considered amongst the Israeli experts on the USSR.

Mr. Eliav was born in Moscow in 1921 but emigrated from the Soviet Union to Israel with his parents in 1924. After attending elementary and secondary schools in Tel Aviv, he served as a Company Commander in the Hagannah in 1933 and 1939. From 1940-45, he served in the Middle East and Italy as a Non-Commissioned Officer in the British Army. After the Second World War, he helped organize "illegal immigration" to Palestine and served as a boat commander of an illegal immigrant ship. Following independence, he served for a brief time as a Lt. Commander in the Israel Navy and in 1949 became an Assistant to Mr. Levi Eshkol when the latter was Head of the Settlement Department of the Jewish Agency and subsequently Finance Minister. From 1954 to 1956, he headed the Lachish Development Project. During the Sinai Campaign of 1956, he served as a Lt. Colonel in the Israel Defense Forces and headed the rescue mission to Port Said.
Among newspaper and TV political commentators whom Mr. Eliav would like to meet are Tom Vickers, James Reston, Arthur Sulzberger, Joseph Alsop, Harrison Salisbury, Chet Huntley, David Brinkley and Charles Collingwood.

Mr. Eliav is also anxious to talk with university people who are, or were, advisers to political leaders, such as Arthur Schlesinger, Jr., J.K. Galbraith, McGeorge Bundy and Henry Kissinger.

During his travels about the United States, Mr. Eliav hopes to have opportunities to meet with officials of some of our major cities such as Mayor Lindsay of New York and the Negro Mayors of either Cleveland, Ohio, or Gary, Indiana, to discuss urban ghetto problems. He also hopes to have an opportunity to visit the Rand Corporation to discuss Middle Eastern and Soviet problems. Finally, he would like to see Cape Kennedy.
Following the 1956 hostilities, he spent two years at the Hebrew University where he received his B.A. degree in Sociology and History. For the next two years he served in his country's Foreign Service as First Secretary of the Israel Embassy in Moscow. For the next four years he returned to the field of development, serving first as Head of the Arad Development Project and then as Head of the Gharzim Development Project, an Israeli agricultural development program in Iran. In 1964, he became Head of the Organization Department of the Mapai Party and was in charge of the Mapai election campaign in 1965 general elections in which he himself was elected to the Knesset. In 1966 he became member of the Leadership Bureau and Secretariat of the Israel Labor Party. He also served as Deputy Minister of Commerce and Industry in 1967.

Mr. Eliav speaks Hebrew, English, and Russian and is the author of two "best sellers":

"Between Hammer and Sickle" which he wrote under the pseudonym Ben-Ami, and which was published in English in 1967 by the Jewish Publication Society of America; and "SS ULWA", which was published in Hebrew in 1968.

Insofar as program interests are concerned, Mr. Eliav's main purpose in visiting the United States at this time is to see people who are deeply involved in politics in both the Democratic and Republican Parties. He would like to see the principal presidential candidates (Humphrey, Kennedy, McCarthy, Nixon and Rockefeller) if possible, and would like to learn on a practical level how their offices and campaigns are organized. For this purpose, he has suggested that he might be attached to a campaign manager for one of the candidates for a day.

Mr. Eliav wishes also to visit the Department of State to confer with political and AID officials who are concerned with both Middle Eastern and Soviet Affairs. Specifically, he wishes to see the following if possible: Assistant Secretary Battle, Mr. Eugene Rostow, Ambassador Bohlen (whom he knew in Moscow). He would also like to talk with Mr. Walt Rostow and whoever is presently serving as Adviser to the President on Soviet Affairs. While in Washington, he would also like to see legislators concerned with foreign affairs, particularly Senators Fulbright, Javits, Brooke and Ribicoff. He would also be interested in meeting with the Secretaries of Agriculture and Health, Education and Welfare to discuss the Anti-Poverty Campaign particularly in rural areas.

Dear Tom:  

I've received your letter and the check for $3,000 - for which we thank you and the Northrop Good Citizenship Committee very much. 

As I said on the phone, these funds will be put to immediate use in the research area since that is our prime need at this time.  

I have forwarded the check to our finance office - and have told Dick of your support, for which he is most appreciative. 

Thank you very much again. We deeply appreciate your support.

Dear Mr. Haldeman:

We, as members of the Sunnyvale Republican Women's Club, Federated, are concerned about the multiple problems in our State colleges and universities.

We deplore the rioting, disorders, vandalism and destruction of property on the campuses; also the irresponsible permissive attitudes of some of our trustees and administrators in allowing such criminal activities.

We disapprove of pornography in any form - in publications, on the stage, in "art" exhibits, or in the usage of foul language.

We are disgusted with the "literature" permitted and/or published on campus, including official and unofficial publications.

We dislike the prevalence of professors who promote their own far-out ideas in classes, rather than teaching subject matter.

We commend the efforts you are presently making to return sanity to our campuses, and we urge you to continue to take form, positive steps to reverse the downward trend in our institutions of higher learning.

We feel this crisis is so severe that immediate action, including a full scale investigation, is necessary.

Yours sincerely,

SUNNYVALE REPUBLICAN WOMEN, Fed.

Dear Bob:

It was no surprise to me to see in the newspaper a few days ago that you have again abandoned the Agency business to work for your favorite candidate. I wish you and our favorite candidate every success.

On a plane the other night, I read the attached article. For lack of better note paper, I scribbled some notes across it and thought perhaps I would send them along to you.

I think that if Mr. Nixon were to add one more challenge to those listed in the article, he could make the other three more meaningful . . . that challenge being . . . BIG SPENDING. He could translate this into meaningful promises to Big Business and Big Labor with relation to the taxes paid by high income, middle income and labor people so that profit, and the labor increases obtained by labor would mean something to them.

Regards and good luck!

Attacked.
Former Vice President Richard Nixon and Senator Robert Kennedy won clearcut victories in a random poll of Southern California television viewers Saturday night.

(June 1, 1968)

The poll was taken on a live, color television Special called "HOW DO YOU VOTE?" on KTLA, Channel 5, from 9:30 to 11:30 PM.

The Special was MC'd and produced by Jack Rourke, the creator and producer of the "Sam Yorty Show" and many other unusual TV features.

During the program, banks of telephones lined the stage. 40 Volunteer operators, a democrat and a republican operator together on each phone, tallied the votes at a frantic pace.

Exactly 6242 votes, one vote per phone call, were received from viewers from all over Southern California.

The Pacific Telephone Company estimates that another 100,000 callers couldn't break through the "busy" signals.
The Poll was described as a non-scientific public opinion contest among the three leading contenders for the presidential nomination in the Republican and Democratic Parties.

Final results at the end of the two hour "Vote-A-Thon" were as follows:

<table>
<thead>
<tr>
<th>REPUBLICANS</th>
<th>DEMOCRATS</th>

<td>Nixon</td>
<td>Kennedy</td>

Interesting facts about the "HOW DO YOU VOTE?" Poll:

Richard Nixon received 79.8% of the republican vote, several percentage points larger than his very strong win in Oregon.

The total vote cast, 3,947 for Democratic Candidates, and 2,295, for Republican Candidates is in approximately the same proportion as the number of registered democrats compared to the number of registered republicans, allowing additionally for the heightened interest on the part of the democrats in the "HOT" race between Senators Kennedy and McCarthy.
Governor Reagan of California defeated Governor Rockefeller of New York by a two to one margin while both were soundly trounced by Richard Nixon. The only Republican on the ballot in the June 4th California Primary, is Governor Reagan a Favorite Son.

The "HOW DO YOU VOTE?" TV Poll Special may have indicated the way things will go in the Kennedy-McCarthy race in the California Primary June 4th.

Commentator-Analysts on the program were former United States Chief of Protocol (under President Johnson) - Lloyd Hand, representing the democratic point of view and TV and radio commentator Tom Duggan representing the republican point of view.

Guest Celebrities spoke in behalf of their favorite candidates as follows:

Former Governor Edmund G. "Pat" Brown for Vice president Humphrey.
Rudy Vallee for Richard Nixon.
Tom Braden, former President of the California State Board of Education for Robert Kennedy.
Don DeFore for Governor Ronald Reagan.
Jill St John for Senator McCarthy.
Actor Terry O'Sullivan for Governor Nelson Rockefeller.

Jack Rourke Productions has signed with KTLA to produce 3 more "HOW DO YOU VOTE?" Specials, one each before the Republican and Democratic Conventions and one before the election in November.

Dear Mr. Mitchell:

I am returning to my home in Washington today to resume my professional career and record my self-respect.

I joined RNA's staff out of a conviction that its cause was worthy of sacrifice. But I will not yield the core of my integrity - the right to speak and the right to be heard. You summarily denied me these basic human rights.

A great deal has been made in the press of RNA's new, young staff. So far as I can tell, this was nothing more than image-making. The role assigned to younger staff members is that of junior - very junior - members of an old and self-patented law firm.

By submitting my resignation, as I do here, I hope to serve more truly and effectively the cause that brought me here.

Yours sincerely,

Richard J. Whalen

Dear RN:

In a letter to John Mitchell, I have today submitted my resignation from the staff. As the campaign is shaping up, it shall not be missed.

I intend to resume my professional career and, hopefully, to recover my peace of self-respect. I am still committed to your cause, but I am more deeply committed to the convictions which drew me to your side. These can best be served from a position of independence, which permits me to speak and gives me a fair chance of being heard.

Your new, young staff has played a vital role in your spectacular comeback. Thus far, I hope, for your sake and theirs, they are not yet to be scattered aside. Now their greatest challenge and their greatest contribution lies just ahead.

Yours sincerely,

Richard
