Will you please check with Herb regarding Mr. Fluor's offer of an airplane and pilot, and see if we can pin this down as to when and on what basis the plane would be available for future trips?

Charles Farrington, Jr.

2-22-62

Bob Haldeman

RN has asked that you draft a letter to newspaper publishers to be sent out over McClellan's signature, if he approves, giving a run-down on RN's campaign activities to date. This should itemize where he has been and, in general, what he has done, and perhaps attach a schedule of plans for the future.

The same letter might be sent to Northern California publishers over Orriek's name, but both letters should cover Statewide activities -- not just Southern, or Northern.

This should be done at least once a month, and the letters should be written on a personal basis on the premise of keeping them personally posted on the progress of the campaign.

The releases which the News Bureau sends out go to the political reporters or the city desk, but never seem to get into the hands of the publishers who therefore do not know what RN is doing (apparently they don't read their own papers).

Please let me see a copy of your draft when it is ready.

Sandy Quinn

Bob Haldeman

Will you please draw on all your intelligence sources and put together as complete a calendar as possible of Brown's activities for the future, and also one for Shell? Please work out some way of keeping this current and up-dated, and supply a copy to me, one to Bob Finch, one to the Research Department and of course one to RN. This should be on a regular basis -- once a week -- and you can decide which day of the week is most practical.

Attached is invoice for professional services rendered by Hugh Flournoy from December 15, 1961 to January 25, 1962. This is another back salary item which is covered in the budget, but has not shown up on earlier payrolls.

Flournoy is Research Director and is on a retainer basis rather than salary; therefore, he should be paid the full amount with no deductions. He will submit monthly statements.

Meeting with Grant Reynolds February 21, 1962

R. H. Fiach
H. Kalmbach
N. Norris

Reynolds strongly recommends the following as key Negro people in their respective areas:

San Diego

Alpha Montgomery, an outstanding young lawyer.

Oakland

George Vaughns, erstwhile candidate for Comptroller, who is now not going to run for that office, but probably will run for a Judgeship.

Los Angeles

- No. 1 Brice Taylor
- No. 2 A tie between Cris Wright and Norman Houston.
- No. 3 Dr. Gray (Reynolds says he makes a lot of noise, but is not the top guy)

Also in Los Angeles, Reynolds recommends strong backing for a young lawyer named Williams who could be persuaded to run for the Assembly in the 21st District. He is an attorney with NAACP and would be an outstanding candidate, according to Reynolds.

Reynolds strongly recommends that we not get intolved with O'Brien (I don't know the rest of his name). He also feels we should not work with Garner, but does recommend that we have Paul Williams check out Garner's ministers group; Reynolds feels we should try to get Williams' minister to work with us since he would be outstanding. He also recommends that we counsel at all times with Paul Williams and George Beavers, but in no circumstances should we attempt to project to the Negro community through them.

The formula he recommends for selecting people with whom to identify our campaign in the Negro area is to find the Negro who identifies himself with the struggle of the Negro, who serves in picket lines, belongs to the NAACP, etc. These are the people who will do us some good in reaching the rank and file.

Reynolds strongly recommends we utilize the disc jockeys who beam into the Negro communities. He feels they can be much more effective than the Negro press, which we will have trouble with anyway. He says that Loren Miller of The Eagle will support Kachel, but probably will not support Nixon.

Reynolds recommends that we call Paul Williams and discuss with him the possibility of having two or three Negro ministers set up dinners for RN in their churches. We would have to pay for the dinners at about \$1.00 per plate, but they would be given by the ministers and presumably would be very effective.

Reynolds says our problem with the Negro is that he is not welcome in the top echelon of the Nixon organization. He feels it is essential that in all cities of major size we have a Negro in our top group and working on the entire picture. He believes we will not change the Nixon image among the rank and file Negroes until they feel welcome, warm and wanted in the upper strata of the campaign. He feels the fact that Nixon never came to Harlem during the Presidential campaign had a damaging effect on Negroes all over the country because they say he didn't care enough about them even to make one visit to Harlem.

Reynolds feels we need to use imagination and daring in our approach to the Negro problem, and not confine ourselves to stereotyped plans and program.

He explains his own rather damaging utterances by saying that he feels it does no good for him to try to build Nixon at this point because no one will buy it, but he can be effective by criticizing JFK, and point out where the problems are with the thought they will be corrected.

Dear Mr. O'Connor:

This will acknowledge
and thank you for your letter regarding
current promotion on Mr. Nixon's book.

Your idea of offering
the book to Republican organizations and other
political groups to assist them in fund raising
is an interesting one. However, would you
be good enough to let me know the mechanics
involved in this, i.e. handling sales tax angle,
is a resale license necessary, how would books
be ordered etc.

Many thanks for your
interest and help.

Dear Mr. Scott:

Thank you for your letter and for sending us your resume. Such offers to help and expressions of interest on the part of individuals like yourself are always gratefully accepted.

Our Headquarters staff requirements have been met, but I am taking the liberty of referring your letter and resume to our Field Director, Mr. John Kalmbach, who will be working with the various County organizations. He will, I know, appreciate being acquainted with your background and qualifications.

Please don't hesitate to write Mr. Kalmbach or me if you have any suggestions you feel would be helpful to us in the campaign months ahead. We do appreciate your fine interest.

With kind regards.

Dear Miss Laughrey:

Mr. Nixon has told me of his conversation with you on the plane returning from San Diego on January 30th.

He enjoyed very much talking with you and appreciates, as we do, your interest in helping out in the campaign. We will certainly be in touch with you again, but meantime if you have any suggestions as to any area of activity in which you would have the most interest, please let me hear from you.

With many thanks and

Dear Gordon:

Thanks so much for your letter. Sorry to have delayed this reply, but a trip back east intervened and there have been some extremely busy days here.

First, as far as Nixon's anti-Communism activities are concerned, I strongly recommend you read his book which will be available in just a few weeks. Also, later on we will have a campaign piece on this.

I know Admiral Leslie Gehres would appreciate having your thoughts on the campaign, and suggest you get in touch with him. He is the Nixon County Chairman.

Many thanks for your fine interest and help, and best regards.

Potential Donor

cc: Mrs. Pat Hitt

Mr. E. R. Valentine

Pat Hitt called to advise us of a potential donor who should be contacted as quickly as possible by one of the top level people on the Finance Committee. The prospect is:

Mr. C. H. Wentworth
1700 East Olympic Boulevard
MA - 3-8104
WE - 6-1911 (home)

Mr. Wentworth is head of the Flexo Manufacturing Co., is about 80 years old, has a great deal of money and is ready to make a donation to the Nixon campaign when approached.

Mr. Wentworth was referred to Mrs. Hitt by Mr. Roy Butler, formerly of Whittier, who now lives in Humboldt County. Mr. Butler's name should be used in making the contact.

I would appreciate having the result of this solicitation since Mr. Butler has asked to be advised so that he can follow through with Wentworth "if he doesn't give enough". He is apparently prepared to give at least several thousand dollars.

Dear Ray:

Thanks so much for your letter. Just as a preliminary run-down as to procedure, why don't you, as Coordinator of the State College for Nixon Committee, get your letter out along the lines you have suggested, and over your own signature. This would be the starter. The card to be returned should definitely be included. From the returns, I would then suggest you appoint your own Committee.

My thought is this, Ray. It would seem better for the Committee to be set up by you and from the inception, keep the reins in your hand, with our organization supplying guidance, advice and counsel when and where needed. This sort of program is most effectively handled as a "self-starter", so to speak, and as a "self-sustaining" thing. Norton Norris, our Contact Director, would be the one with whom you would be working here in Headquarters, and he would be immediately available for any help or suggestions you want. He can arrange to have your letters produced and mailed, and the cards too. Give him a draft to work with and he will follow-through.

Joel Fisher's address is 3148 College Street, Berkeley, California.

If we can possibly work in Dick Nixon's visit to the Redlands campus in April before the Convention, we will certainly do so. I agree this would be very helpful.

At the moment, I am putting Norton Norris in touch with you and you'll be hearing from him within a few days. He will help you get this thing rolling, but meantime, call or write me further about any thoughts or contrary suggestions you have.

Many thanks, Ray, and best regards.

Dear Mr. Bougeno:

Your letter of February 14th has just been received. Certainly I can understand your disappointment at our reply to your invitation for Mr. Nixon to address the Republican Club of El Segundo in April. We don't like to turn down these invitations any more than good and loyal supporters such as yourself like to receive them. Unhappily, facts make it necessary.

The one saving thought is that something can be worked out in the future, and this I indicated in my letter to you of February 8th. Dick Nixon will be covering all areas of the state and my suggestion was that we hold your invitation in abeyance for the time being. We will certainly let you know when your area is going to be scheduled for a visit in the hope your organization can be included in the programming.

Many thanks again for writing us. I trust you will understand the problems confronting us in trying to handle the multitude of invitations coming in and arranging a schedule that pleases everyone. It is an almost impossible task, but we do try to work out best possible arrangements.

Wood Wilson

Norton -

Wood Wilson is calling me, and I would appreciate your handling this one.

For background, attached is a memo of a call received in January from him - and our attempt to handle it through Irving Ferman. Deris Jones, in Bob Finch's office, advises she talked with Wilson at the time, but it was impossible to set up an appointment mutually convenient with Ferman while he was here.

His last call to me was 2/16th and Mrs. Wright, who talked with him, said he mentioned having a breakfast meeting, wants RN or a representative to attend, also recited his background and his concern that he could not reach RN and/or me.

He definitely should be called, but I would suggest that you listen to him, as opposed to appointing him Chairman of something. You know how to handle.

Many thanks.

Dear Frank:

For some time I have been meaning to drop you a note -- to say "hello" and ask a favor -- all in the same breath.

Could you get me a copy of the Bliss Report? I would like very much to have it and am sure you're the right person to ask.

How are things going? We're rolling along - with the hectic and enjoyable days we all expected.

Many thanks, Frank, and best regards.

Dear Mr. and Mrs. Sandvik:

Many thanks for your letter of February 14th. Your reports are always appreciated.

That is fine about the building and the sign. You certainly have gone right to work.

Please express our appreciation to Mr. Brand for the spotlight he is arranging for the sign, and to Oscar Lindberg for making it. Our thanks too to Hans Skytt for his donation of the building dividers.

You are fortunate to have secured someone like Mrs. Clegg as Secretary-Treasurer.

Material should be available in about three weeks, and I suggest you check with your County Headquarters on this.

We are trying to find out whether a transcript of the Jack Paar show can be made available, but to answer your question now, we do not have it. Glad to have your comment on the show. We have been receiving enthusiastic reactions generally and all agree it was a great thing.

Congratulations on the Pledge of Support sheets. Keep them coming, and thanks again for your loyal and effective cooperation and help.

Sincerely,

Dear Mr. Roubanis:

We certainly appreciate your letter confirming your telephone conversations with this office. I had been advised of your offer to make available the drive-in theatres for programs during the campaign period. This sounds like an excellent facility and one which could be used most effectively.

It is offers like this, stemming from interest and loyal support, which are always so gratefully received.

I am taking the liberty of sending a copy of your letter and my reply to Admiral Leslie Gehres, the San Diego County Nixon Chairman, with the suggestion that he contact you. You might be interested in helping in other phases of the campaign, and Admiral Gehres would, I am sure, appreciate having any ideas you might want to pass along to him.

Thank you again for your offer of assistance, and kindest regards.

Dear Kart:

Thanks for your letter of February 11th. Miss Rollins had told me of her telephone conversation with you.

Naturally, we are appreciative of your interest and desire to be helpful in setting up dates in your area. The communities involved must and will be covered, but probably not until April. It would be helpful if you could coordinate the various service clubs and come in with an invitation at that time. Think about the possibilities along this line and let me have your thoughts.

Many thanks again for your fine interest and support. Glad to hear the new job is working out so well.

Dear Mr. Tisch:

Mr. Barmann has called my attention to the fact you had not received a reply to a letter you wrote me some time ago. This was in connection with Mr. McRae serving as the Nines Chairman for Butte County, but Mr. Barmann's inquiry was the first I had heard of your letter. We have made a thorough search here and apparently it either became lost in the initial avalanche of mail, or perhaps was lost enroute.

In any event, I am really sorry the incident occurred and can well understand your impatience when no response was forthcoming.

Mr. Downey Orrick has, I believe, already written Mr. McRae asking him to serve as Chairman, and we are of course hopeful he will accept the assignment.

Certainly your interest in the matter is appreciated, and I am extremely sorry the letter you wrote earlier did not reach me.

Many thanks again, and very best wishes.

Sincerely,

Dear Ray:

It was good to hear from you, and thanks for your invitation. Frankly, Ray, as things are developing, it appears doubtful Dick Nixon will be down that way in the immediate future. Much as I would like to join you at a Rotary Luncheon, this too would have to be kept in somewhat of a pending state. I am sure you recognize the problems involved with the scheduling for the next few months, but at the same time, want you to know your thoughtfulness in writing is appreciated by one and all.

I am wondering if you would be interested in letting us have your thoughts in connection with farm problems and issues. The Task Force working on issue material is chairmanned by Hugh Flournoy, and I feel sure he would appreciate contact with you if you feel this would be appropriate from your angle. Let me have any ideas you have and whether or not you might be free to assist us in this connection.

Thanks again for writing, and very best wishes.

Dear Mr. Mower:

Your letter addressed to the Nixon for Governor Statewide Committee has been brought to my attention, and I certainly want to acknowledge and thank you for your report on County activity. Many thanks too for the Pledge of Support sheets you sent along.

I notice copy of your letter went to Mr. Orrick. I am sure he will have our San Francisco office follow through, but I am also directing a copy together with my reply to Miss Jean Dewey at that office so that she too will be aware of your contact with us and the suggestions you have made.

Mr. Nixon plans to campaign intensively throughout the entire state, but at the moment it is impossible to indicate when he will be in Stanislaus County. Certainly we agree with you it is important.

Thanks again for writing us. Please keep in touch with our Northern California headquarters and also pass along to me any thoughts or suggestions you feel would be helpful to us.

Dear Leonard:

I knew our answer to you on Saturday would be disappointing. It is always difficult to understand why a few more minutes are not available. In this case, we particularly hoped to work something out for your meeting for many reasons, all of which are well known to you. However, Dick had three groups set up for Sunday with almost split-second timing.

We hope, of course, you will understand. Certainly your first reaction was a natural one, but it is important that you know we made every effort to include your meeting in Sunday's busy day.

Please let us know as other meetings develop. I realize this was the big one, but perhaps some "repair work" can be accomplished later on.

Your continued support and help are needed, Leonard. We count heavily upon you and it is, therefore, especially disappointing when we can't follow through on one of your requests.

Kindest regards.

Sincerely,

Dear Bob:

Thanks so much for your letter of
February 8th.

I do indeed remember you as Chairman of
the Podiatrists Committee in 1960. As you may already
know, we are in touch with Dr. Johns and Dr. Hughes and,
as a matter of fact, they are both meeting with Norton
Norris, our Contact Director, to discuss plans for a
similar committee for the gubernatorial campaign.

The invitation extended by the Dean for
Dick Nixon to speak at the Commencement exercises of
the California Podiatry College will be referred to the
Schedule Committee. Just as quickly as possible, we will
let you know whether or not something can be worked out for
one of the four dates in May you have suggested. I have
noted you must definitely know by March 9th, but we'll
try to get back to you before that date.

Many thanks, Bob, and best regards.
