Jerry Reynolds is arriving this weekend and will be ready to go to work Monday morning. He should probably be housed at 401 Coast Federal, at least for the time being.

Although he will not be working in the Research Department, I hope that you and Al Moscow can get together with him first thing Monday and fill him in on the set-up and procedures.

As you know, he will be working primarily on developing suggestions for attack and specific statements for individuals other than RN.

He also of course should be called upon for his thinking regarding RN's position on state issues, since his UPI - Sacramento background will be very valuable in this connection.
Jack Flynn, who is heading up our field work in the Veterans' area in Northern California, and who is the National Committee Chairman of the American Legion for California, says RN should take a position immediately in favor of the Cal Vet Bond Issue.

He suggests this be in the form of a letter from RN to the Department Commander of the Legion.

He also suggests we see the article in the March issue of The Legislator for background on this.

Please let me know what you decide to do so that I can report back to Flynn within the next few days.

Incidentally, Flynn said the Republican Assemblymen are all backing this issue. I don't know whether this is true or not.

At the meeting the other day, you will recall RN asked someone take on the Francis initiative problem and come up with a recommendation within two weeks. I trust this is being done.
April 13, 1962

Dear Lew:

I very much appreciated your taking time to call the other day, and was especially interested in your thoughts regarding the situation within the motion picture industry in California and its impact on a large segment of union labor.

I have passed your thoughts along to our Research group, and they will be following up on this right away. It may be that they will want to be in touch with you for further information.

Keep up the good work. With help like yours, we can't lose.

Best regards,

Sincerely,

We have followed through on contacting the Veteran types covered in your memos written right after your attendance at the Legion meeting in Ventura, and they will be brought into the organization at the proper level in each case.

I agree that one of our best sources for Democrat names and our "Democrats for Nixon" committee can come from the Legion, and the Veteran group is working on this basis.

As you probably know, they have Al Weinberg working full-time down here, and Jack Flynn is putting in a great deal of time in the field up north on this project.
Will you please cover the following with Al Weinberg at the earliest opportunity:

1) Get the name of the Commander of the Vallecito Post of the American Legion, and check with Jack Flynn to be sure that he is included in our Veterans activities. This man indicated to RN at the Legion meeting in Ventura that he wanted to be helpful.

2) Have a contact made with the Oxnard and Ventura group who attended the Ventura Legion meeting to get the names of Democrats in the area who are members of the Legion, and who will support RN. Al Maha (ch spelling) and Chas Haymaker (or something like that) should specifically be contacted.

3) Be sure that Harry Dennis of Fresno, a former Commander of the Legion, and his wife, Kay, are contacted by the Veterans Committee up north, and by our Fresno organization at the highest level. Mrs. Dennis is especially interested in RN because of the Caracas story in LIFE.

4) Be sure that the immediate past State Commander of the Legion is contacted by our Merced organization (if that is where he lives). If not, find out what town he does live in and have them contact him to be sure he is properly positioned in that area, as well as in the Nineteen Veterans group.

Please give me a run-down on results and progress.

List - Potential Personnel Source

Attached is a list of participants in the Presidents Conference on Public Affairs which was sponsored by the U.S. Chamber of Commerce held in San Francisco on October 12, 1961.

Also attached is some of the material picked up at the meeting which you may find interesting.

The California names on this list are worthy of our serious thought. These men are presidents of major companies in California, and all of them participated in this Conference on Public Affairs -- presumably coming out of it at least somewhat educated to the need for business participation in politics.

With this background, it would seem to me they would be the ideal people to be contacted regarding springing of personnel for use in the campaign. I think a carefully coordinated program of doing this, possibly with Bob Minckler at its helm, would be a good approach. Or you may prefer to work with one or more of the men who actually participated in the Conference. I know that Don Keppel of the Blue Chip Stamp Co., who recently has gone on our Finance Committee, would be most happy to be of help. You will note he attended the Conference.

You will also recognize a number of other names on the list and perhaps would want to work with or through them.

Pat Hillings was a Special Guest at the Conference. This might be an ideal project to turn him loose on, if he felt so inclined.

In any event, will you please do something on this and not let this potential asset go to waste?
April 13, 1962

Dear Jack:

Dick wanted me to ask if you would take on the assignment of making a regular weekly telephone call to Bill Knowland to give him a brief report on how the campaign is going, and get any reading from him as to his evaluation of the situation, etc.

Dick feels this is extremely important, and I think if you can set a day, make the call, and then give Dick a note briefing him on results, this would be helpful and very much appreciated.

Best,

Sincerely,

M. R. Haldeman

I think it is essential we thoroughly explore the possibility of *Ebony* magazine reprints. We should probably figure on 5,000, and this should be done as inexpensively as possible, although the pictures obviously are a major part of the value.

As I have already suggested to you, I think Herb Klein can be helpful in contacting Johnson publications.

Also, I understand that Louis Lautier, who is director of Minorities of the Republican National Committee (replacing Val Washington), has indicated he would like to be helpful in getting this article reprinted, if we feel he could.

In any event, will you direct a note to Lautier, thanking him for his interest, and if you do want his help, ask him for it?
RM wants to send an autographed copy of
the book to Stuart R. Ward of the Commonwealth Club in San Francisco.
Will you please check with Don Frey to see what his reaction would be to an RN appearance at a Republican Associates luncheon or dinner in Los Angeles either before or after the primary?

RN feels we should do something for this group and will appreciate Frey's evaluation as to when and what. Let me know as soon as you talk to him.
Will you please be sure we have a large crew of Nixonettes at the Sunset YR meeting? This should be worked out with Henriette Cowgill and whoever else is handling the Nixonette assignment.

Phone Dialers

Per my note on your memo, if you can't get the "Dialers for Dick" on the current batch, don't worry about it. Please, however, discuss with Valley Kundsen and Jake Whan the possibility of ordering a set of dialers with the "Dialers for Dick" line in the necessary quantity to provide to each member of Operation Telephone.
Will you please get in touch with Dick Dougherty and provide whatever he needs for getting his announcement out regarding his Chairmanship of the Committee in Glendale?

Have our News Bureau service it for him.

I know he wants a picture with RN, but I think it is going to be hard to get this up, so he should get the announcement out without it, and plan to run a story later regarding his meeting with RN on plans.

Dear Bob:

Thanks very much for bringing the Spencer situation to my attention.

I checked on it, and found that she did send a letter inviting Pat to the fashion show in October. Rose Woods had held the letter for the moment, trying to see if we could make a commitment at this time. Since of course we can't, because we are holding up fall campaign scheduling for both Dick and Pat until after the primary, Rose is going to call Mrs. Spencer and explain the situation to her.

Trust this will take care of the matter.

Dear Mr. Murchison:

Dick Nixon has asked me to answer your letter of April 5th regarding his participation in the GOSPEL WAGON program of the Union Rescue Mission.

While there is no doubt that Dick's participation would be a great boost to the campaign, as you say, we are unfortunately going to have to turn down your most thoughtful invitation.

I am sure you will understand June 4th is the day before the primary election, and it is essential that we hold this time for the last minute political activities which are always so vital at that moment.

We very much appreciate your invitation, and Dick joins me in very best wishes for the success of the Union Rescue Mission's activities. Also, we greatly appreciate your generous words of support. Thank you again for writing us.

Your letter of March 29th was appreciated very much by Mr. Nixon. He has asked me to reply since staffing for the campaign organization of course is handled by this office. However, he did want me to express his thanks for your very kind comments about him personally, and especially for your interest and desire to help in his gubernatorial campaign.

I am sorry we do not have an opening where your talents and enthusiastic approach could be fully utilized. Our Headquarters' staff has been at full compliment for some time.

If you are planning to come to California anyway, I would certainly suggest you get in touch with us upon your arrival. I can assure you whatever time you may be able to devote on a volunteer basis will be needed and gratefully received.

As much as Mr. Nixon would like to be able to accept this invitation and to visit the hometown of Colonel John Glenn, previous schedule commitments here in California make it impossible to do so.

I am informed by Harry Keaton that most of the YR's in Kern County are working for Shell.

Keaton has the impression, however, that Pat Cruikshank, whose husband is the YR County Chairman, favors Nixon -- and apparently her husband does too.

Also, Tim Howell and his wife have told Keaton they want to take major positions in the Nixon campaign. Howell is Research Chairman of the Bakersfield YR's, and the County Chairman considers him a good worker.

Our Kern County Co-Chairmen should definitely get in touch with Cruikshank and Howell immediately and put them to work.

Dear Mr. and Mrs. Ober:

I very much appreciate your taking the time to write as you did on April 4th regarding Mr. Nixon's campaign for Governor.

Your suggestion that Mr. Nixon take greater advantage of his appeal to the women voters is certainly a sound one and I can assure you that he will very strongly present issues of specific interest and concern to them, and will seek their support on this basis, rather than through plans for their assistance.

Mr. Nixon has taken Governor Brown to task over a number of ill-timed ideas he has presented, such as the abolition of capital punishment. He did not jump on the rather peculiar Brown plan for abolition of boxing for specific and obvious reasons, although this may become an issue later in the campaign.

Mr. Nixon was using the term "carpetbaggers" as a way of dramatizing the steady stream of Washingtonians coming in to prop up the Governor long before it became so widely publicized on the day the President happened to be in the state. We will certainly give consideration to your thought of using subtler terms. However, I am sure you recognize that strong, vigorous attacks must be made at the proper time and place.

Thank you again for your thoughtfulness in writing. I am sure that with your help and that of the thousands of others who are so vitally interested in this campaign, we will have an outstanding victory in November.

This is primarily a research matter, but I think you should handle the initial approach.

Ray Arbeineet says that John Carr; who was Director of Finance for Governor Brown up until recently, might be interested in helping in the Nixon campaign.

Ray advises Carr is a good man; is - or at least was - a Republican; did an extremely good job for Brown. His sister is a Democrat in Santa Barbara, but both Carr and his sister have gotten out of politics because they are sick of the Brown people and operation.

Carr was Comptroller for Buffums' in Long Beach before he went into the government.

It is extremely important that he be approached on the right basis. Since he is now in the Export-Import business, with a home in Lido, Ray thought that Harry Buffum or Llewellyn Bixby might be able to talk with him. Both are good, personal friends.

Will you please give this some thought and work out an approach. Let me know what you can do.

Dear Ralph:

Mr. Chester B. Nelsweiler, a substantial land owner in the Fresno - Fallbrook area, has been anxious to talk to Dick about a farm program. Some months ago he was unsuccessful in trying to reach him and there was, unfortunately, a further time lag because of a lost letter he apparently wrote. These circumstances add up to the fact Mr. Nelsweiler has become a bit impatient and irritated at his inability to reach Dick or this office, which is understandable.

In view of this, it would seem important, and I am sure it would be helpful in the situation, if you were to contact Mr. Nelsweiler rather than us, get his story and try to secure his active participation in and support of the "Farmers for Nixon" program.

In talking with him, you can simply state the facts insofar as the mix-up in his contact with the office is concerned. It is really unfortunate and regrettable, but perhaps it would be easier for you to bridge this gap. He will doubtless need soothing, but his active participation and support are certainly desirable and hoped for. He apparently owns some of the land in the Joaquin Valley which is operated by Russ Giffen.

Mr. Nelsweiler's address is Stage Coach Ranch, 404 South Stagecoach Lane, Fallbrook, California - telephone: Fallbrook, RA 6-7963.

Let me know the result of your contact, and many thanks.

1) - congratulate you upon the phenomenal success of "The Day in Long Beach". 3) - let you know how glad I am that you are going to be able to work with us on plans for the "Day in the San Fernando Valley".

Dear Alan:

I am sure you have had a verbal report from Alice Leopold and Cap Weinberger regarding the COPE situation, but I did want you to know that your thinking had not gone unheeded in spite of the fact that your recommendation was not followed.

The general decision was that it would be unwise in the primary for Dick to seek the COPE endorsement or to address the convention. A decision on how to approach this group, if at all, in the general campaign will be carefully studied since it obviously has great strategic significance.

Thanks very much for your thoughts. Keep them coming.

Dear Bob:

Thanks for your memo...it was very helpful in making our plans.

I attended the Commonwealth Club Brown speech. Here are some points that he made that Nixon might use in his speech:

1. Brown quoted Warren's Davis speech, "make no little plans". Brown said "believe it or not this motto has governed the policies of my administration". Like Ripley, this is strange indeed.

2. Brown stressed fiscal responsibility. He proved it by mentioning the well qualified heads of Dept. of Finance that he had appointed--Bert Levitt, John Carr. He didn't mention Hale Champion (newspapers).

3. He quoted extensively from First Security Bank's monthly business summary in Los Angeles showing how the California economy was moving forward.

4. He stressed the fact that there were no new taxes in his last three years in office (significantly he didn't mention his first year in office).

5. He claimed great strides in juvenile crime handling and bragged that we "swept hundreds of addicts off the streets".

6. He said that he had reorganized state government but later recognized they must move ahead with reorganization.

7. He admitted that you can "do anything you want with figures".

8. He said that when he was D.A. in San Francisco people claimed the police department was honeycombed with graft. His
answer..."it's honeycombed with honesty". His answer to critics of state government is that it is "honeycombed with efficiency".

9. He stressed the non-partisanship of politics in California claiming Warren, Knight, Johnson and other Republicans as his mentors. He condemned Republican partisan maneuvering (he didn't mention elimination of cross filing, redistricting California and a few other "non-partisan" maneuvers by the Democrats.)

His reception was courteous and friendly and he received a pretty good hand. We'll see that the contrast between his reception and speech and Nixon's is exciting!

Best regards.

Sincerely,

Alan B. Nichols, Chairman
Nixon for Governor Committee
San Francisco County

P. S. One of our volunteers was fortunate enough to attend the private breakfast with Brown and Richards this morning. I quote from his memo.

"The first thing that Richards and Brown talked about in a private conversation (I happened to be standing by) was bill which is coming up which Brown feels he has to duck. It involves a 54-hour work week for woman and labor is fighting within its ranks about it and whatever happens it is going to hurt the Dems.

"Brown feels that he has the toughest 'son-of'a-bitch' to beat and plans to spend $2.5 million on his campaign. Richards has set up a budget of $650,000. Brown says that he is not going to make the present budget situation a campaign issue. It must be going to hurt him otherwise I think that he would."

Dear Mr. Thompson:

Bill Spencer has written me that you are planning to be in Los Angeles on Tuesday, April 24th.

I would like very much to see you and go over plans for the CPA Task Force. At the same time, I would like to include some of our research people in the meeting.

I would suggest you telephone me upon your arrival here so that we can arrange to get together.

Kind regards,

Sincerely,

E. E. Hoyden

Dear Mr. Townsend:

I very much appreciate your recent letter indicating that you are available to participate in our campaign organization.

We have not intended to designate an Adviser on Minorities, as such, in the campaign organization. We do, of course, recognize the tremendous importance of the minority groups and the necessity of our working closely with them. I am sure by now you have read the article by Simon Booker in the current issue of Ebony Magazine which clearly outlines Dick's feelings in this regard, and which I certainly share.

As you undoubtedly know, Crispus A. Wright has agreed to serve as a Vice Chairman of the campaign. Among other activities, he will be actively concerned with our efforts in the minority area. Therefore, by copy of this letter, I am asking Cris to get in touch with you to determine where your services and counsel can best be used.

Please be assured of my deep appreciation for your most generous offer to help. I am sure that with all of us working together, we will bring about the victory we know is necessary for the State of California.

Sincerely,

H. R. Haldeman

Dear Jack:

Thanks very much for your note of April 7th with the report on the 25th District.

Under separate cover, I am sending you a small supply of Nixon material for immediate use, but I hope that you and Pat Hillings, who is our Area Chairman for the eastern part of Los Angeles, can get together and really get things going in the 25th Congressional and 50th Assembly Districts.

I have taken the liberty of sending Pat a copy of your letter and want you to know how much we appreciate your offer to be of assistance.

Best regards,

Sincerely,

H. R. Haldeman

You wanted six copies of RN's Birch Society article. We have had to fax it -- but hope the attached serves your purpose.

The attached letter from Stan McCaffrey and my reply will be self-explanatory. Will you pass the names of these fellows along to the proper parties for follow-up?

Many thanks.
