A message was just received from Alice Leopold. She said an attorney by the name of A. L. Montgomery, 2878 Imperial Highway, San Diego, asked for information on how to start a minority organization (Negro) in San Diego County.

Would you please refer appropriately?

Many thanks.

Dear Joe:

Thanks very much for your letter of August 29th.

We appreciate having your thoughts and advice in connection with Mr. Sanguineti. I am sure he could be of help, but in view of his position, we certainly understand why it would be impossible for him to participate in the campaign in any way.

Many thanks for all you are doing for us, Joe, and best regards.

You were to report to RN direct on the following.

Has it been done?

- 1) Status of organizing Whittier Alumni.
- 2) Contact with Wilt Chamberlain (Negro Basketball player)
re: Sports Committee.

Also, what is the status of Trojans for Nixon?

Has this been expanded, as suggested?

Many thanks.

William B. Logan

Thanks for handling this so well. Keep him in touch with Dan Waters. I do not have to see him or otherwise get involved.

August 30, 1962

Dear Mr. Mosher:

We appreciate your letter of August 29th, and regret our answer must be as it is.

Since Dick Nixon is himself a candidate for Governor of California, a policy was established from the beginning that there could be no involvement in other campaigns, in state or out of state. We have not deviated from this policy and of course cannot do so in fairness to all concerned.

I trust you will understand and appreciate the circumstances which preclude Dick writing the letter to be read at the dinner which will kick-off Congressman Hall's campaign September 10th.

With kind regards and best wishes.

You'll recall referring
Mr. William B. Logan to us.

Unfortunately, I was out
when he contacted us yesterday, but he had
a very satisfactory visit with Al Moscow.
Al, in turn, put him in touch with Dan Waters
and as a result, Mr. Logan is starting to
organize a Small Businessmen for Nixon

citizens' program.

Thought you would be interested

Harry Keaton has been designated YR liaison for the campaign and it occurs to me it might be wise to publicize this appointment, especially in view of its effect on the Jewish community.

Sandy: I also think we should probably send a letter over my signature - or RM's - to all YR Presidents notifying them of this appointment, and pointing out that the purpose is to make certain maximum coordination is effected between the RM campaign and their own organizations throughout the state. If you agree, will you draft a letter which you think would be effective?

August 28, 1962

Dear Fred:

There is considerable question as to the effectiveness of the YR participation in the registration drive, especially in Los Angeles County.

Harry Keaton suggests that we get a couple of good Assembly District Precinct Chairmen to give us a report on how registrations are coming in districts where the YRs are doing the work so that we can get a reading as to whether they are actually doing a job. It was also suggested the western area would be the best place to check since our problem clubs are concentrated there.

Would you be able to do this and give me a report?

The candidate and others have mentioned to me the fact that the headquarters of everyone else are always lighted at night, but our buildings are not.

Can we get flood lights on the signs?

Could we get the spotlights already mounted on the old Shell headquarters across the street swung down to light up our signs in the windows and have them turned on at night?

Two more projects.

We need someone to head up the absentee ballot operation. This is a statewide volunteer coordinating program.

We also need someone to head up thinking for and service to Senior Citizens groups, i.e. providing speakers, TV tapes, films etc. This is separate from the Speakers Bureau and should be headed by possibly a recently retired man or top flight woman.

As a follow-up to your memorandum and my reply regarding Leone Baxter's statement that the candidate who ran against Maillard's opponent was ready to come out for us, we find this is not what she meant to say, if indeed it is what she did say. He is not ready to come out at this point, although she thinks with proper handling this could be worked out eventually. We are continuing to pursue the matter through her and also through some direct sources in San Francisco which may be productive.

August 28, 1962

Dear John:

How do we stand on follow-up to the UCLA gathering last week? Have we recruited any new workers out of the group, and are there steps that can be taken now to get some action out of them?

We are especially anxious to know what this session produced since we are contemplating the possibility of several meetings during the campaign period, but do not want to schedule them unless results from this one indicate they might be productive.

Best regards.

This is a project of utmost immediate importance.

Will you please accumulate complete lists of all those who participated in the Nixon effort in the primary in any way so that these people can be sent a thank-you letter from RN? Please make separate lists by category, including the following:

- Finance Chairmen
- Members of Finance Committees
- County Chairmen
- Members of County Committees
- Community Chairmen
- Members of Community Committees
- Members of Policy Committees
- Members of Telephone Committees
- Headquarters Volunteers
- Key Program participants
- Speakers Bureau
- Monitor Program participants
- Nixonettes

and any other groups of volunteers you can think of who actually put in some time and work or provided funds or other constructive assistance.

In the case of specialized groups or specific special individuals, please draft a letter and attach your draft to the appropriate list. In the case of the obvious and easily identifiable categories, a draft will not be necessary.

RN is most anxious to have this material on his desk by next Tuesday in as complete form as is possible so that he can review the letters prior to his departure for Denmark. I realize this will be a real strain, but am sure you realize the importance of getting it done quickly and will, therefore, do so. Obviously the letters cannot be sent out after RN has left the country.

Personnel

Fred Haffner recommends the following:

Ed Dato (WE 1-6961)

= he is Bill Ross' brother-in-law -- but Fred said he is 'wise to him, there would be on problem there".

= Dato has been working for the City of El Monte (Betty Williams later said it was Rosemeade) -- but in any event, both Fred and Betty highly recommend Dato for the Spanish-American program. He is looking for a job. Betty said she had worked with Dato in the '60 campaign, that he did a tremendous job in the Latin-American area -- and if you want someone to approach him, sound him out, she will be glad to do so.

Mr. Tom Dooley

= is in Legislative Analyst's office - Sacto. and highly recommended by Ed Slevin who knows him. Fred thought he would be of real value in the Research set-up.

Alice Leopold points out that Jim Mitchell is moving to San Francisco to go to work for Crown-Zellerbach, arriving there June 25th.

She feels that he might create certain campaign problems in that the Negroes in the Bay Area, at least, feel that Michell did the cause of Civil Rights a disservice because of demoting Ernest Wilkins in the Labor Department to make room for George Lodge.

She also points out the obvious problem of Mitchell vis-a-vis the farm leadership in this state because of his position on farm labor.

She does feel he might be helpful with Hiller and his group and with some big business contacts. If he is used at all, it should be in this area.

Maury:

Attached is the question on Caracas submitted during the Telethon, with the pledge of \$1,000 if answered satisfactorily.

I am also enclosing the transcript of that portion of the tape, giving you Dick's verbatim answer.

Would you want to test this one out with a follow-up letter over your signature?

Former Congressman Hubert B. Scudder

Dear Lois:

Attached is a fax copy of Ed Slevin's memo. This is the one I checked out with you the other day.

Nick Ruwe has just told me he recalls the conversation both he and RN had with Scudder in San Rafael, and Nick is under the definite impression he related this situation to you via telephone and you were writing Scudder an appropriate letter.

I hate to bother you with this, but I guess a letter should go -- although there are just no facts to give -- other than Ed Slevin's memo - and Nick's confirmation that the conversation in San Rafael did take place.

MEMO

**TO: CAP WEINBERGER
JOE MARTIN**

FROM: ED SLEVIN

The following information was recently passed on to me as an existing situation. I do not know whether or not it has since been answered but if not, it probably deserves consideration.

Former Congressman Robert B. Sudder of Sebastopol, who served in the House with Dick Nixon, mailed a letter to our candidate which reportedly contained documented facts regarding Real Estate, tax parameters and the involvement of the commission office.

When this was reported to me the letter had not been answered or acknowledged. When Nixon was lost in San Rafael, Sudder reported this information in person, was supposedly promised an answer. As of this time, still no answer or acknowledgment.

My only concern is that this story has been making the circles in that area and is frequently used as a typical example of how difficult it is to get to the candidate!

We know this is not true but if a simple acknowledgment of this letter could be sent, people would stop talking about it.

Will you please quickly have prepared a printed thank-you card to be sent to all those who sent in questions, contributions etc. for the Telethon?

The envelopes have already been addressed by the volunteers. The form should be printed as quickly as possible, the envelopes stuffed and mailed.

I would suggest a layout somewhat similar to the Stans thank-you, and copy along the lines attached, with an RN signature. Be sure to check the copy with Loie before sending to the printer.

...suggested copy for Telethon card acknowledgment:

Your interest and participation in our recent Win With Nixon Telethon is greatly appreciated. I am sure you will agree that this program was a major factor in the very encouraging results on Tuesday, June 5th.

As we move now into the early stages of the final campaign, I am counting on your support and assistance to a greater degree than ever before. I pledge myself to the most intensive campaign in California's history. We must bring decisive leadership to Sacramento - and working together, we will.

Sincerely,

Richard Nixon

Pro-America: Tea in honor of PN

cc: Rose Mary Woods

Cap Weinberger advises that Pro-America in San Mateo now wants to have a tea in Pat Nixon's honor on September 21st and an invitation will be forthcoming.

This is one which apparently did not get proper treatment the last time around, so we should be sure it is handled right this time.

Dear George:

Just wanted you to know how much I appreciated your sending the newspaper clips from Chicago, also the Ed Heavey story from San Francisco and the Malaxa report.

Also wanted to assure you that all such material received here is given immediate attention and will be routed to proper people for action where appropriate.

Needless to say, we all especially appreciated your efforts in the Heavey matter, and I am sure this will be most helpful.

Best regards.

Sincerely,

H. R. Haldeman
