Dear Bill:

While I completely agree with you that another meeting at UCLA would be most advantageous for Dick Nixon in the fall campaign, we just aren't going to be able to do it.

The tremendous pressure for Nixon appearances at colleges and universities throughout the state is mounting constantly. We are going to have to limit these appearances to one or two campuses where he has not been during the past several years, and this would, of necessity, rule out UCLA.

In spite of all the reasons why he should come back out to Westwood, I am sure you will recognize that under the circumstances it will not be possible.

Thanks again for your interest and help.

Dear Mr. Taylor:

Seymour Chotiner has told us of meeting you and of your interest and offer to help in Dick Nixon's campaign.

Needless to say, we were especially pleased to learn you will actively support Dick, and this is to assure you of his appreciation and that of the campaign organization generally for anything you may find it possible to do. This will be one of the hardest fought campaigns in California's history, as I am sure you know, and it goes without saying, the offered support of people like yourself means much.

I hope you will pass along any thoughts or suggestions you feel would be helpful to us as the weeks go on.

Our thanks and best regards.

May I have the names of the 10 to 15 people you consider to be the key members of our finance organization for both Southern and Northern California?

RN is going to try to make telephone calls to these key people throughout the campaign; I should, therefore, have the office and home phone numbers for each person.

Would you also please list these in order of priority so that we can be sure the most important ones are covered first and most frequently?

Many thanks.

May I have the names of the 10 to 15 people you consider to be the key members of our campaign organization in your respective territories?

KN is going to try to make telephone calls to these key people throughout the campaign. I should, therefore, have not only the names, but also the office and home phone numbers for each person.

Will you also please list these in order of priority so that we can be sure the most important ones are covered first and most frequently?

Hedda Hopper, who now wants to help, strongly recommends two big receptions in the Los Angeles area -- one to be given by the leaders of the movie colony, and another be a broad assortment of community leaders. She feels these would show great support of RN by the leaders of his home area.

This should at least be considered.

The October 9th date for Ted Cummings turns out to be a dinner meeting of the Sales Managers Association.

The President of this Association is Dick Burns, CH 5-7761, and he is the contact for arrangements etc.

They expect 450 to 700 guests. The dinner is in honor of RN. Cocktails at 6:30 P.M.; dinner at 7:00 P.M.; speak at 8:30 P.M.

They have asked Ted Cummings to introduce RN and I have urged him to accept.

Cummings has told Burns I will be in touch with him regarding further plans. Either you or John should call him, say that you are calling for me to finalize arrangements etc.

It is important to get full background on this for research as quickly as possible.

As I am sure you too have heard, there is tremendous pressure on the part of S.C. Alumni throughout the world to get us to reconsider the SC turndown.

Brown has accepted for either October 23rd or 27th -- I get conflicting reports.

Mike MacBan, President of the S.C. Alumni, a good man - and the husband of one of our key people in the Western area, has also joined the hue and cry.

I think this should be brought to RN's attention and we should be sure he wants to leave it a turndown. I know he has had some direct pressure, and as a result, may be ready to change his mind. If so, it should be done quickly so that the furor doesn't become any greater.

Dear Stu:

When Brack Hale returned to the office yesterday, he brought back your card and told me about the work you had done on the car being used for Dick Nixon.

This is just a quick note to let you know such gestures are deeply appreciated, Stu. Many, many thanks.

Hope all is going well with you. These are busy days, but I hope our paths will be crossing before too long. Meantime, our sincere thanks for your help.

Dear Mr. Fortner:

We certainly appreciate your thoughtful letter of September 10th and your interest and support as indicated by the two suggestions you have made in connection with the campaign.

I am asking Dan Waters, our Contact Director, to get in touch with you immediately regarding our Real Estate Committee and acquaint you with the work they are doing. I am sure he will appreciate having your active participation in this area.

With regard to the bumper strips, we are already working through our various Community Headquarters, the Young Republicans, the Teen Age Republicans, and are also organizing an 8 - 12 age group. These "squads" will be appearing at every meeting, rally and will, we feel sure, be operating effectively in the weeks ahead.

Thanks very much for your letter of September 6th, received today.

We appreciate the courtesy extended Dick Nixon through your invitation to him to appear Monday evening, November 5th, on your KCRA-TV "Special of the Week" program.

Dear John:

I think your idea as to the approach for organizing the UCLA Alumni for Nixon is good, and that you should go ahead with it.

I should think we could get the Alumni office to let us use their list provided we did not use their plates so that the source would not be obvious.

I had also hoped that because of the caliber of many of the individuals in the group at your meeting, we might be able to get each of them to take on specific campaign assignments in their own particular areas of business or civic endeavor. I can certainly understand the possibility of problems with those directly associated with the University, although I think they should be asked since some of them may want to participate anyway. Fred Houser, incidentally, told me at the meeting that his being a Judge would in no way hamper his efforts in our behalf.

I definitely agree it would be better to ask these people to serve on a Committee first, and then hit them for financial contributions, hoping to pick up some of the much needed cash from them at the appropriate time.

Again, thanks for your help in setting this up and following through.

John Vaughn's UCLA meeting.

John is following up on this group in several ways.

First, those in the group who are not directly connected with or employed by the University are going to form the nucleus of the UCLA Alumni for Nixon, with a mailing planned to the entire Alumni membership.

Second, some of the key individuals within the group are being asked for specific help in their own areas of activity - both fund-raising and organizationally.

Will have more on this in a week or so.

Within the past few weeks, we have had complaints reach us from seven different contributors, in the low to medium classification, commenting on the length of time required for their checks to clear the bank. As a matter of fact, in two instances the individuals said that apparently we didn't need the money.

I am sure you will agree this is a situation which too easily can be misconstrued, and the questions raised by the donors are legitimate ones.

I would appreciate your checking into the routine being followed and making certain the checks are being processed as quickly as possible to avoid this type criticism and impression.

Ed -

Will you please have this list, supplied by
Art Dolan, checked out and marked to indicate:

- a) New appointment
- b) Carry-over from Primary
- c) Dual role (also Nixon County Chairman)

Art wants an RN letter to go to these people,
but we have to be sure the wording is correct.
For example, we show Dr. Grant Bare as Nixon County
Chairman (Stanislaus), and I believe Mel Willson (Fresno)
served in the finance capacity during the Primary.

Will appreciate your getting this back to me
promptly.

Thanks very much indeed for acquainting us with your letter service.

We certainly recognize the value of an "individually typed letter" and are glad to know of the services you are equipped to perform. Cap Weinberger may have mentioned to you that we have a service which has proved to be exceptionally fine in quality and quantity and is working closely with our organization in the current campaign.

Your 8/28 memo re: Handling of Questions on Telethons

Did you ever prepare the list of
humorous questions - which you were going to submit
to RN for approval?

You are supposed to be following through on this - keeping the contact alive - and coordinating the availability with Schedule.

Please make certain John Ehrlichman is fully acquainted with this schedule.

Will you check this out and see if an

I understand there is an editorial in this week's LIFE magazine which is directly to the point RN is making on the "Face of California" - with reference to the freeway problem etc.

Suggest you get a copy, if you haven't already seen it.

Here are a few points that came out of the Candidates' meeting last week which might be of some interest to you:

- 1) It was pointed out that we can very profitably use the Communism issue since it is a strongly divisive one among the Democrats and a strongly cohesive one among the Republicans. It was felt that we should not let the anguished screams from the few this hurts deter us from full exploitation of it, if it would be of value to us.
- 2) A strong point was made that attacks on Brown should never be vicious or strongly personal. They should be of a more sympathetic nature. We should paint him as pathetic, not evil - and we should express sorrow for the situation, rather than anger.
- 3) A line was suggested regarding Brown: he promised "pay as you go", but he "spent as he went".
- 4) The reaction to the "Bluster Brown" line was very good, and I think the other candidates will be using this.

Speakers Manual

Several people mentioned to me at the Candidates' meeting last week that our Speakers Manual should include concise and specific information on Brown's position on the various basic issues, and an analysis of where they differ from Nixon's.

Dear Oakley:

Thanks much for your
August 31st letter.

It would certainly appear
you and Bill Price are getting things
under control, and I'm glad to hear the
mail situation is not as serious a
situation as feared. I agree with the
policy you and Bill Price have set up.
It makes good sense.

You know without my saying
how much your help means to us - but again,
many thanks.

Sincerely,

H. R. Haldeman

Dear Miss Kumimi:

Mrs. Nixon has told me of your interest in becoming a member of the Nixon-for-Governor campaign staff. I do want you to know your offer to be of service during the pre-election period is greatly appreciated by all of us. With your ability and background, I feel certain you could make a valuable contribution to the campaign effort.

Unfortunately, however, our staff requirements had to be met earlier in the summer. I am only sorry we did not learn of your availability at that time.

Needless to say, we are exceedingly grateful for the interest you have expressed in the campaign and regret only that we are unable to take advantage of your offer to help. If you have any ideas or suggestions, I can assure you they would be most gratefully received.

Best wishes.

Sincerely,

H. R. Haldeman

Dear Mr. Stern:

Cap Weinberger has just forwarded us your check, and although you will be receiving an acknowledgment direct from Dick Nixon, I certainly want to add my own expression of appreciation.

In these final days of the campaign, I can assure you it is heartening to have such generous support.

Our thanks for help. We're all counting on and looking forward to a real victory celebration November 6.

Kindest regards and best wishes.
