JOINT COMMITTEE ON ATOMIC ENERGY

... composed of 18 members as follows: nine members who are members of the Senate to be appointed by the President of the Senate, and nine members of the House of Representatives to be appointed by the Speaker of the House of Representatives. In each instance, not more than five members shall be members of the same political party. The Joint Committee shall make continuing studies of the activities of the Atomic Energy Commission and of problems relating to the development, use, and control of atomic energy. During the first 90 days of each session of the Congress, the Joint Committee may conduct hearings in either open or executive session for the purpose of receiving information concerning the development, growth, and status of the atomic energy industry. The Commission shall keep the Joint Committee fully and currently informed with respect to all of the Commission's activities. The Department of Defense shall keep the Joint Committee fully and currently informed with respect to all matters within the Department of Defense relating to the development, utilization or application of atomic energy. Any government agency shall furnish any information requested by the Joint Committee with respect to the activities or the responsibilities of that agency in the field of atomic energy.
