Mr. William P. McKinney
Marpro, Incorporated
168 North Michigan Avenue
Chicago, Illinois

PERSONAL

Dear Mr. McKinney:

I am very sorry that it didn't work out for us to get together while I was in Chicago this weekend.

I tried to reach you at home Saturday afternoon but there was no answer and there was no opportunity for me to get back to you on Sunday.

In the absence of an opportunity to get together, I would appreciate it if you would send me, as soon as you can, a complete resume of your personal, business, and political background, together with any thoughts you may have on what kind of activity you would be most interested in, and your evaluation of where you could be of the most value.

I would also be interested in what the terms of your leave of absence would be with Marpro.

Again, I'm sorry it didn't work out for us to get together. I will look forward to hearing from you.

Sincerely,

H. R. Haldeman

RE: Chicago car drivers

The following were the drivers of the cars we used in Chicago on this last visit:

- 1) Lawrence M. Cohen, 7019 Chappel Street, Chicago
- 2) Edward J. Cunningham, 5311 Cornell Avenue, Chicago
- 3) Fred K. Grant, 5522 South Ellis Avenue, Chicago
- * 4) Bill Sadd, 5469 Hyde Park Boulevard, Chicago
- * 5) Harvey B. Stephens, 5330 South Blackstone Avenue, Chicago

The two names that are marked with an * are the two fellows who have driven the cars for us on all of our trips to Chicago since the trip during the 1958 campaign when we first used the University of Chicago group. All of this list are University of Chicago law students but these last two guys have been with us every time, while the other three are all new on this trip. As I mentioned to you, they all gave up being over at the University of Chicago Law School ceremonies Sunday afternoon with Governor Rockefeller in order to drive the cars for us. I think special mention should be made for the two old-timers since the boss seems to be quite impressed with this group and the fact that they do come and drive the cars for us when we're in Chicago.

RE: River Forest School appearance - May 1, River Forest, Ill.

The attached letter from Mr. Sugden gives the addresses of some of the principal people in the River Forest appearance. I will itemize their connections herewith because I don't think you can decipher my notes on Sugden's letter.

- 1) Neal Bidwill - son of Sen. Bidwill who introduced RN and was master of ceremonies at the program at the school. Neal handled coordination of many of the details of the visit and was in on all arrangements and planning.
- 2) Walter O'Brien - worked with Neal Bidwill in coordination of over-all plans and was the original guy to get this thing going.
- 3) John Schwarz - School engineer at Roosevelt Jr. High School. He took care of all the physical arrangements; setting up platforms, roping off the restricted areas, etc., and is a very cooperative and kindly little fellow and should be given a warm letter of thanks. He did not meet the Vice President, to my knowledge.
- 4) Mr. Gerard is the Chief of Police in River Forest and should receive the standard Police Chief letter.
- 5) Mr. Flohr is the Fire Chief in River Forest and had a rescue wagon and several of his firemen on hand to aid in crowd control.
- 6) Mr. Wencel was the man in charge of the River Forest Elementary School Orchestra - a very large and very good school orchestra which played prior to the meeting and played the National Anthem during the ceremonies. The Vice President made some remarks from the stand on how impressed he was with the orchestra and how well they played, saying it was a much better orchestra than the high school orchestra he played in at Whittier.
- 7) Mr. Warfield is the President of the Board of Education and as such he had a reception commemorating the public school centennial at his home Sunday night. He asked the Vice President personally to attend the reception, although no formal invitation had been issued, and of course, we were unable to do so. Mention of this should be made in the letter, I think.

- 8) Mr. Sugden is the Superintendent of Schools and was in overall charge of the entire visit; did an excellent job and was most cooperative and should be warmly thanked.

In addition to the people covered in Sugden's letter enumerated above, the following should be noted.

The River Forest Board of Education presented gifts to Pat for Tricia and Julie. The presentation was made by Mrs. Warfield, wife of the President of the Board of Education.

Also, the following names should be added to the list in connection with the River Forest appearance:

- 1) Mr. Irwin Reiger - 1021 Lathrop Avenue, River Forest - He is President of the Village of River Forest and was on the platform with Mrs. Reiger.
- 2) Mr. and Mrs. Walter B. Forbes - 755 Monroe Street, River Forest - They were in charge of a small tea that was served in the Roosevelt School library. Both the Vice President and Mrs. Nixon stopped in for tea after the speech and spent a few minutes in there with the distinguished guests. The Forbes' should be thanked for having made the tea possible or having set up the arrangements for same.
- 3) Jay Martin - 330 Forest Avenue, River Forest - President, Roosevelt Jr. High School Student Council. The Vice President presented the new flag to Jay and he and Jay went to the flagpole to turn it over to the Boy Scouts to be raised on the flagpole. He was a very nice young fellow and the Boss was quite impressed with him and should receive a warm letter. He got a tremendous cheer from the students when he was introduced and the Boss pointed out that with the enthusiasm of his constituents, he would undoubtedly be running for Congress within a few years.
- 4) Mr. R. F. McCall - 738 William Street, River Forest - He is the Committee chairman of Boy Scout troop 63 in River Forest. This Scout troop had a detachment of scouts at the flagpole at the school to raise the new flag which was presented by the Vice President. The Boy Scouts in the group were: Bill McCall, Edward Gerulat, Bill Ingram, and Arthur Willing. The man in charge of the Scout detail was Mr. Arthur Willing, the father of young Arthur. A letter should go to Mr. McCall as Committee Chairman of the Scout troop, thanking the troop for the sending of the detail over to handle the flag-raising and I would think mentioning the names of the boys who were there and that of Mr. Willing.

TO: Convention file

FROM: H. R. H.

John Ehrlichman recommends H. Spencer Congrom, President of the Young Republicans in Indiana State Teachers College in Terre Haute as a possible worker at the Convention. He is planning to attend the Convention anyway and John feels he would be a very good organizer and available for whatever we might want him to do.

He is apparently extremely right-wing but is strongly pro-Nixon. He can be contacted through the Indiana State Teachers College or in care of John Church, County Republican Chairman, 728 Cherry Street, Terre Haute, Indiana.

TO: Peter M. Flanigan

FROM: H. R. Haldeman

RE: NIXON VOLUNTEERS - INDIANA

John Ehrlichman advises that there is a very good prospect for the Chairman of the Nixon Club in Terre Haute, Indiana by the name of Mr. James Connover. He is the principal of the High School at Terre Haute, a leader in service clubs and prominent in youth activities. He is a Republican, but because the School Board is Democratic, he only engages in non-partisan activities. He might, however, take part in some non-partisan Nixon organization such as the Volunteers. The County Chairman recommends him very highly.

John felt you should have his name because Terre Haute is a strong Democratic area and is one in which a Nixon Club might be of considerable value.

RE: Autographed pictures

I have received a request from Henry Morris, in San Francisco for Mr. Nixon to autograph the enclosed picture.

Mr. Morris was one of the three Guardsmen who escorted Mr. Nixon to the Guardsmen's reception at the St. Francis. He is also the District Manager of the Pacific Telephone and Telegraph Company in San Francisco.

I'd appreciate your having the boss sign this and then return it to me for forwarding on to Mr. Morris.

TO: Bob Finch ; cc: Don Hughes

FROM: H. R. Haldeman

Noble Travis, Public Relations Director of Michigan Consolidated Gas called Friday morning. He, as you will recall, is the fellow who was in charge of the Wayne State University dinner in Detroit when we were out there a while back. He is actively engaged at the moment, in the Bentley senatorial campaign and has called me a couple of times regarding some aspects of that.

The purpose of this call was to say that he was planning to be in Washington on May 4 and 5 and again on June 6 through 8th. He is most anxious to meet with the Vice President for a few minutes while he is in town.

He feels that there is still considerable problem internally in the Party in Michigan and that he, Travis, is accepted by both sides, and therefore can be of continuing help in getting this resolved. He also has some ideas on the approach on the Michigan situation, and some suggestions regarding the campaign on the local level that he feels he should discuss with the Vice President. He was in Washington last week for a few days with his family and did not have an opportunity to check in with us but did spend some time with Summerfield and says there are still some problems in that area.

I merely told him I would pass his request along; it should be acknowledged and I assume that Charlie or Finch should probably talk with him while he is here. I see no reason for him to see the Vice President.

Mrs. Alice K. Leopold
Assistant to the Secretary
of Labor
U. S. Department of Labor
Washington, D. C.

Dear Alice:

I just wanted to thank you for sending in Charles Keats. I enjoyed very much having a chat with him on Thursday morning.

I also suggested he talk with Herb Klein, the Vice President's Press Secretary, and with John Warner in our office here who is setting up a Speakers Bureau operation for Nixon Volunteers.

I think that Keats is undoubtedly a very able and savvy guy in the political field and while I am not sure where or how we might be able to use his services, I did very much appreciate your bringing him to our attention and I will keep you posted as to further developments.

Sincerely,

H. R. Haldeman

RE: Buffalo-Auburn-Syracuse trip

May I point out a few things in regard to this trip:

The actual event takes place in two weeks.

None of the stops - Buffalo, Auburn or Syracuse have been advanced.

There has been considerable discussion with Buffalo people about various events and they have not been told that there has been a curtailment in the time to be spent or activity in Buffalo.

In each of the areas I am afraid the local people are going ahead with planning that does not coincide with what we want them to do.

Unless I can advance all 3 areas this week...which means having decisions by Tuesday on the various stops...there is not going to be enough time to properly organize so the crowds, etc., are at least satisfactory. The biggest problem in all of these trips this year has been that the local people have felt very much hampered because of the lack of time they have for local planning after the decisions are made as to what the schedule will be in their area.

In my opinion, at least, New York is too important and too sensitive to allow this situation to develop. This is especially true in the areas where we are going this time which are of course, strongholds. I feel it would be very unwise to make any further contact or do any advancing in these areas until we do have a clear decision on what we will and won't do. The area of confusion is already great enough.

I hope, therefore, that you will be able to work out an approval or revision of the current schedule with the Boss not later than mid-day Tuesday so that we can get this underway.

Dear Bob:

PERSONAL

I am sorry to bother you with this but would greatly appreciate it if you could fill out completely the attached Security Investigation Data questionnaire.

It is not necessary to prepare it in quadruplicate. A single copy will suffice. It is important, however, that you fill it out completely.

I realize this is a horrible chore, but as you can understand, the need for it is important.

Thank you very much and best regards.

Sincerely,

RE: New York Schedule

The attached preliminary schedule revision #2 incorporates our latest discussions.

There are several points which should be noted:

- 1) I have discussed the Syracuse Press Club breakfast with Casey Jones and Herb Klein and both agree it would work out and be a good thing. It would be set up with a guest list to include business, labor and civic leaders in addition to the members of the Press Club. They would expect a Q & A by the members of the Press Club from the floor after breakfast was served.
- 2) You will note there is an hour reserved for staff work from 10:00 to 11:00. This is to delay any departure from Syracuse so the arrival time in Buffalo will coincide with a lunch hour when we can expect a maximum crowd at the airport. This time, therefore, is available for use in Syracuse if desired.
- 3) The 12:15 Buffalo arrival time will have to be checked. It may be we should get in a little earlier or a little later than that. I will confirm this when I advance this later this week.
- 4) The time from 1:00 to 2:15 at the Hotel in Buffalo, which is now reserved for staff work, could be used for the taping of a panel TV show if this is felt desirable or for a meeting with the newspaper publishers. Herb Klein has recommended both of these activities. The local Buffalo group have recommended a meeting with the publishers and would be agreeable to the TV thing but have not pushed it.
- 5) The Party workers reception would be set for a group of about 250 Party leaders in the Erie County area and would be scheduled for a room of that size. We would, of course, work on including people from other areas too, so as to make a major demonstration of Party backing. I think the time allowed for this reception is ample but since there are 2-1/2 hours reserved for staff work afterwards, it would work out all right if it did run over.

- 6) The N.S.E. reception arrival time is set for 6:30 because there will be about 250 people at this reception. The bulk of them will leave for the dinner, presumably at 7:00 when it starts, leaving only the head table group to gather, and they will enter the dinner at 7:15. I think we should allow this much time for the reception but it can, of course, be cut shorter.
- 7) I have discussed the above rough outline with Walter Mahoney and he is in agreement that the activities in Buffalo can well be held to a Party workers reception and a large airport greeting. He especially agrees that the parochial school stop should be dropped and is not pushing for inclusion of any of the other meetings which he had originally recommended.
- 8) All of the above times and specifics will have to be confirmed during an advance this week but I think that on a rough basis, they will work out just about right.

P.S. I just talked with Congressman Riehlman and he is in full accord with the plan for the Press Club breakfast and also assures me that they will turn out a good crowd at the airport the afternoon before. He thinks the overall plan sounds fine.
