Dear Phil:

Just wanted you to know how much I appreciate your taking the time and trouble to prepare the comprehensive memorandum on suggestions for Telethons.

As was expressed to you by everyone concerned, you did an outstanding job, and San Diego was by far the best of the bunch.

Thanks again.

Dear Bill:

While I completely agree with you that another meeting at UCLA would be most advantageous for Dick Nixon in the fall campaign, we just aren't going to be able to do it.

The tremendous pressure for Nixon appearances at colleges and universities throughout the state is mounting constantly. We are going to have to limit these appearances to one or two campuses where he has not been during the past several years, and this would, of necessity, rule out UCLA.

In spite of all the reasons why he should come back out to Westwood, I am sure you will recognize that under the circumstances it will not be possible.

Thanks again for your interest and help.

Dear Earl:

Ray Arbutnot handed me the note from Bill Jones which you had passed along to him.

With regard to Frank Seaver's \$5,000 contribution to Dick's campaign, this must have been for the Presidential campaign since, as you know, he was on the other side during the primary. I agree he was entitled to more recognition than a printed receipt, but unfortunately we had no control over the receipt and handling of contributions to the Presidential campaign.

I am checking on Harold J. Harrell's letter and will be sure this is taken care of if indeed we received a letter from him. I can assure you we are doing everything possible to avoid this type of thing, and find more and more that many of these complaints either go back to 1960 or are the figment of the complainant's imagination. However, please don't hesitate to bring these to our attention so we can check them out.

Best regards.

Sincerely,

Earl:- It has been bro't to my attention Frank Seaver is unhappy. He sent in 5000. to Dick's campaign & recieved back a printed receipt. I think Seaver is entitled to more recognition than this. The Public relations is very poor so far. Harold J. Hurrell of Visalia wrote Dick

a nice letter about water
conditions in the San Joaquin
Valley. Dick did not reply.
Mr Harrell is probably the
wealthiest man in Calif
& wields considerable power
in the Valley. all Dick's
sectry has to do is to send
a one paragraph note to
Mr Harrell & say he

Appreciates his letter &
hopes to see him when he
is up Visalia way.

His address is P.O. Box

more & more of this type of
complaints. My personal
feeling Dick is surrounded
by the typical stuff shirt
Republicans.

Earl Adams tells me that Rockwood Nelson, who sent out those bad editorials from the San Marino paper, is going to serve on one of the committees; for the Boss and he was only sending those letters to people for the purpose of alerting them.

Why anyone could be so naive as to think that they were alerting people by having a reprint of a nasty article made and not enclosing a note telling them this was the purpose is beyond me but nevertheless he told Earl Adams he would send out some of the Arndt letters.

RN autographed a copy of "Six Crises" and sent it to the Arndts. Do you think a letter is necessary?

I have been warned by David Heyler we should not rely on the Angell & Blodgett material regarding the Santa Barbara Embarcadero. He says Capt. Ellison, State Investigators Board, Los Angeles, partial to Brown, has some bad stuff on Angell & Blodgett. Don't know anything about it, but am passing along for your information.

Dear Marje:

Thanks very much for your letter of February 19th suggesting Dick Nixon's appearance at the North Park Businessmen's Club annual "Civic Day" luncheon. While I realize the obvious value in this type of session, we are generally avoiding such appearances where RN is not the featured speaker, especially during the intensive campaign period the latter part of April and the month of May.

We also had to turn down the San Diego Teachers Association for March, but are hoping to be able to schedule it later.

We do have to work in some more activity in San Diego County. What we need are some events in the non-downtown areas where we can attract large groups of people to give them a chance to meet RN. In most other parts of the state we have been successful in developing crowds of 500 to 1000 for morning coffee receptions or afternoon tea type receptions. If you have any thoughts on this, I would sure appreciate hearing from you.

Incidentally, how soon are you going to be able to join us?

Best regards.

Sincerely,

H. R. Haldeman

Phone call from Bruce Allen

cc: R. H. Finch

Will you please see that the following information gets into the proper hands?

Bruce Allen called me Sunday, February 25th, to discuss several matters as summarized below. He feels there are two issues that are really hot and on which RN can get strong bi-partisan support if he takes a definite position.

The first is the matter of Teacher Credentials, specifically the Fisher bill. Allen opposed this bill. He feels the Teachers' Union was the primary source behind it and says the CTA, with a tremendously large membership, is particularly hot on this issue; that they fought the battle against the Fisher bill and lost to the Teachers' Union. The CTA people, at this point, feel they don't know whether RN is for or against the bill, but Allen thinks the CTA would give RN a great deal of support if they thought he would give them an audience after he is elected.

The other hot issue, in Allen's opinion, is that of faculty salaries. He says the Brown proposed 5% increase retroactive to January 1st is completely inadequate; that California State salaries for professors are way out of line with competition from private industry and schools in other States. He feels our faculty recruitment program is suffering badly and that we are being down-graded in the quality of teachers and professors being recruited from out of State. Where we used to get the cream of the crop from Missouri, Michigan, New York etc., we are now getting the left-overs from Tennessee, Georgia and the like. Allen intends to offer an amendment in the Budget session to add a 12-1/2% increase to Brown's proposal.

Allen recommends that the line on the Birch Society should be that the reason we find people turning to the John Birch Society is due to the failure of Brown, Mosk and the Legislature to do anything about Communism.

Allen intends to attack the seizure of security files in San Diego on the basis of asking who they are trying to protect, and what they are trying to cover up. He reports that Robert Newsom was a Major in the National Guard in charge of security clearances and filed an unsatisfactory report on Eunice Chessler

who had been Unruh's secretary in his campaign, and also was a candidate for an executive secretarial position with Brown. The result of this unsatisfactory clearance report was that Eunice Chessler was hired in Brown's office and Newsom was fired from his security clearance position with the National Guard. He is presently in the Sheriff's office in San Diego, and will verify this information, but does not want his name used.

Dear Mr. Anderson:

This will follow up your recent correspondence with Dick Nixon regarding your kind invitation to him to deliver the commencement address at San Fernando Valley Academy on June 6th.

Because the Schedule Committee has had to make a firm rule that Mr. Nixon not commit speaking engagements beyond the June primary, he must reluctantly decline to participate in your commencement exercises. We fully understand the necessity for you to go ahead and make arrangements for a speaker and are extremely sorry that our answer must be as it is.

Again, we appreciate your thoughtfulness in writing.

Sincerely,

Pete Ashen called.

..they have John Busterud for their speaker -- but not happily so.

I have the impression Pete was assuming a great deal -- with nothing to go on. When he finally talked to me last week (his calls were always to you only) - I told him Reagan was out -- that you had suggested Fong etc. etc. --- but apparently he kept hoping.

...he now wants a celebrity -- to help soothe the committee members and help the program.

Bob -- this is certainly not your responsibility -- nor this organization's --- but in view of the fact Pete could not reach you and you did not have time to call him -- will you let me handle this angle with Yvonne -- who does have contact with people like Terry Moore, John Payne, Don De Fore et al? Pete can't politik his own group -- but maybe we can help him out. What's the harm -- and at least we can say - and they will know - you tried to come up with someone.

Pete said he did not know until last Sunday when he talked with you that Reagan was not available -- which is not entirely true --- he did know the Monday before you went to San Fran. -- which was when I talked to him.

Dear Mr. Anderson:

Mr. Nixon has turned over to me your letter of January 8th, requesting his appearance at the Crenshaw Chamber of Commerce's special open membership meeting on February 21st.

You may be certain that he would like very much to accept your kind invitation, but unfortunately, his speaking schedule through the month of February is completely committed, and it is not possible to make any additions to it, much as he would like to address your group.

He is very sorry that his schedule conflict prevents meeting with the Crenshaw Chamber of Commerce and is most appreciative of your kind invitation to participate in this fine affair.
