Meetings with GOP Congressmen February 6-7

cc: RHF

Alphonzo E. Bell

Listened while Dick Blades did most of the talking; concerned about competition for volunteer workers in his District; hopes RN will speak well of him if he is not opposed in the primary; principal interest is in 28th Assembly District; not concerned about 16th; hopes RN will comment on his long background of service to the Republican Party and outstanding representation of the District in Congress.

H. Allen Smith

Somewhat annoyed because "no contact with RN since last February"; mildly friendly, but certainly not enthusiastic.

J. Arthur Younger

Very friendly and cooperative; urges RN visit United Airlines shops near airport since this is largest group concentration in the District.

John H. Reusselot

Extremely friendly; most anxious to cooperate and secure maximum RN support; realizes Birch problem and assures Welch will be replaced.

James B. Utt

Feels RN is playing into hands of left wing columnists by lumping all right wingers with the nuts. Says RN should not deny support of John Birchers because they are good people and work hard; many of them are conservative Democrats, which is the only kind of Democrat RN can hope to get. Doesn't care whether or not we keep him posted on our activities in the Primary.

Wm. S. Mailliard

Very friendly and cooperative; no particular suggestions; will be glad to help any way he can.

Glenard P. Lipscomb

Very helpful in setting up meetings; glad to handle any desired liaison with Congressmen; urges personal RN attention to Tog Ericson of the South Pasadena Review who is currently lambasting RN; Ericson was for Knight and is strong for Collier.

con't.

John F. Baldwin

Very glad to cooperate; says farmers are extremely upset with Brown, primarily because of labor policy; feels RN will get many Democrats in Sacramento and Solano Counties because of this; feels Brown has misjudged extent of farmers' influence; says Jack Flynn can be very helpful in setting up Veterans Committee.

Edgar W. Hiestand

Completely dedicated to RN; very anxious to cooperate; feels conservative tag helps him (Hiestand) with Democrats because of fact many of them consider themselves strongly conservative; urges RN to have his facts precisely correct on Birch Society when attacking and not to attack on basis of tactics or secret society.

Gordon L. McDonough

Moderately friendly; points out that Kennedy carried his District by 17,000; feels RN needs to work it hard.

Charles M. Teague

Will be glad to cooperate in any way desired.

Craig Hosmer

Says will take no part in Primary, but is backing RN quietly all the time; urges RN to see Hank Ridder as this is only way to forestall his attack on finances, Whittier deal etc.

Charles S. Gubser

Very friendly; says would not be advisable to work through a separate Nixon organization in the general campaign in his District since the regular Party organization can do by far the best job, including getting Democratic votes; this applies to Santa Clara, Santa Cruz and San Benito Counties. Gubser will be glad to do anything we want him to do.

Bob Wilson

Did not see him, but had talked to him earlier; did talk to Leon Parma who reported that the pros in El Centro complain because there was too much emphasis on foreign affairs and no mention of California during RN visit; says Schrade has made some pro-Shell statements; thinks we should attack on the basis that Brown is the reason that California is falling down on defense contracts -- not because the State went Republican.
