September 27, 1962

Dear Mr. Brown:

Mr. Frederick Ehrenreich, President and General Manager of the Claude L. Murphy Construction Co., handed his card to Dick Nixon one day last week and said he wanted to do anything he could to be of assistance to the campaign. Written on his card was "with SCAT".

As I wrote you on September 15th, Dick would like very much to get a group of the old SCAT people together and I am wondering if you have given any further thought to forming a group for active participation during the remaining weeks of the campaign? If so, Mr. Ehrenreich should be contacted, and perhaps you might like to bring him into the picture. The address on his card is 1046 South Olive Street, Los Angeles 15, telephone - RI 9-6001.

I'll very much appreciate hearing from you, and needless to say, Dick too would appreciate the old group getting together and would, I know, enjoy seeing you.

With kind regards.

Dear Bedia:

First, may I express our heartfelt thanks for your very generous and prompt action in connection with our Southern California Headquarters? It is working out perfectly. As of today, it is ablaze with lights, signs and waving flags. You know without my saying how grateful we are -- to you, and for you.

We have delayed writing you in connection with the reception for Dick and the UCLA faculty members until this situation was fully resolved. As you may know, Dick has been working rather closely with some of the UCLA people. They had previously suggested such a meeting, but more recently it was felt it would be wiser to postpone it.

We do want to assure you of our appreciation for your very thoughtful gesture in offering to arrange a reception for this group in your home, and trust you will understand why it is the decision to hold up planning anything along this line at the present time.

Our sincere thanks for all you have done and are doing. If we had more Bedia Erdles, I am sure many of our problems would be solved.

Warm regards and best wishes.

Dear Mr. Evans:

Dick Nixon has shown me his recent correspondence with you.

We certainly think your idea of out-of-state letters of support in Dick's gubernatorial campaign is an excellent one. This type of activity can be extremely effective in the general campaign period and will certainly be given every consideration. The fine help of people like yourself in this connection would be invaluable.

If I may, therefore, I will follow up on this with you direct in the post-primary campaign period. Meantime, however, if you have any further thoughts along this line or other suggestions you feel would be helpful, they will be gratefully received.

With many thanks and best regards.

Dear Milt:

Thanks much for getting the Northern California names to us so promptly. We wanted them to receive the mailing that went out yesterday, and of course they are now on the mailing list to receive future releases and material as issued.

I note the list of donors has also gone to Lois Gaunt, together with a list of members of the Northern California Finance Committee. They will all receive appropriate letters from Dick. Your procedure of sending a list of additional donors each week will work out fine.

I also have a copy of Paul Davies' letter to you in which he mentions the importance of salutation. We can reassure you on handling to the extent that the Mail Office has as complete a record of names and correct salutations as it is possible to have, dating back many years. This is always carefully checked. We will try to make certain nothing untoward occurs in this connection, but if you would like to do so, you might pencil in on the lists you send Lois the first names you definitely feel should be used.

Many thanks, Milt, and best regards.

Sincerely,

Dear Hilt:

Paul Davies has apparently expressed concern to EH regarding handling of acknowledgments of contributions. Davies' complaint is that George Christopher was acknowledging all the contributions he receives, and EH was not.

I would suggest that we adopt the same procedure for Northern California as is now in effect in Southern California, and that is all contributors of \$100 and over get a letter from EH thanking them for their generous and effective support. All those contributing \$1,000 and over also receive an autographed copy of EH's "Six Crises". To meet legal requirements, no amounts are shown in these letters.

In order to put this into effect for Northern California, you should send names and addresses of all \$100 and over contributors, with a special mark by those names contributing \$1,000 and more, to Lois Gaunt, Post Office Box 6539, Los Angeles 35. No amounts should be shown on these lists - just the names and addresses with the mark indicating \$1,000 and over.

I assume you have been acknowledging contributions directly up there, but it probably would be a good idea to put into effect an EH acknowledgment also. I would suggest sending a complete list of past contributors as well as all future.

I think it is essential we thoroughly explore the possibility of Ebony magazine reprints. We should probably figure on 5,000, and this should be done as inexpensively as possible, although the pictures obviously are a major part of the value.

As I have already suggested to you, I think Herb Klein can be helpful in contacting Johnson publications.

Also, I understand that Louis Loutier, who is director of Minorities of the Republican National Committee (replacing Val Washington), has indicated he would like to be helpful in getting this article reprinted, if we feel he could.

In any event, will you direct a note to Loutier, thanking him for his interest, and if you do want his help, ask him for it?

Dear Mr. Ermshar:

This will follow up your correspondence with Dick Nixon inviting him to address the Pacific Union College student body sometime this year. You may be sure he would enjoy having the opportunity of meeting with the students and faculty on your campus.

We are sorry for the delay in writing you, but the Schedule Committee was making every attempt to juggle dates so he could visit the college during the next few months. Unfortunately, however, because of a very heavy speaking schedule, he will not be able to do so in the immediate future. We feel sure you appreciate the many problems involved in trying to coordinate his speaking schedule throughout various parts of California.

Since it is Mr. Nixon's intention to cover all areas of the state intensively during the course of the campaign, we will keep your letter on file with the understanding that we will contact you if something can be worked out later on.

Again, we very much appreciate your thoughtfulness in writing.

Dear Mr. Ellis:

Many thanks for your recent letter inviting Dick Nixon to address a meeting of the Oceanside Republican Club sometime in March. You may be sure he would like to have the opportunity of meeting with your organization. However, because his schedule for March is fully committed, he must reluctantly decline your kind invitation, and is extremely sorry that too many already-firm dates prevent his acceptance.

However, we are taking the liberty of keeping your letter in our pending file in the hopes that later on during the campaign when Dick Nixon visits the Oceanside area, it may be possible to work something out. You may be certain that the Oceanside Republican Club will be included in any plans we make for that area.

Again, we very much appreciate your thoughtful invitation.

Dear Mr. Evans:

This is to follow your recent correspondence with Dick Nixon regarding your kind invitation to him to address a Wednesday morning meeting of the Crosstown Optimist Club in San Diego. The Schedule Committee carefully considered your request and made every attempt to juggle already-firm dates in order to accept your invitation. But, much as he would like to meet with your organization, prior commitments make it impossible during the foreseeable future.

We feel sure that you understand the many problems involved, both in time and geography, in scheduling his appearances during the next few months, and are extremely sorry our answer must be as it is. However, in the event we are able to work something out in the future, we will contact you later.

Thank you again for your thoughtful invitation.

From: Bob Haldeman

Dear Lura:

Thanks for the memos.

I agree that we should have the office open on Saturday for volunteers who are available on that day only, and we will do so as soon as we put the volunteer work on a full-time organized basis.

We will certainly put Barbara Brookins to work. As you know, we are now working on the development of a specific volunteer program and I am sure she will be a great asset.

I have passed on Norman Elliott's name to Charles Farrington who will be responsible for development of the Speakers Bureau. I am sure Charlie will be in touch with him.

Keep the suggestions coming. We need them.

Dear John:

Sorry to be so long in replying to your letter of November 20.

I have your statement of November 15 for \$36.20 covering expenses in Yakima. Since we have already closed out the Washington Trip expenses, I wonder if you could submit this item to Mort Frayn, since that is where the dough must come from. I am returning your statement herewith.

Any expenses you have in regard to the Portland trip should be sent to Lowell Paget rather than to us.

The mailing address here and the phone number are as indicated on this letterhead, and I will be operating out of this office most of the time.

I was delighted to hear that your friend is weakening a bit and I am sure we can use you occasionally for a week or ten days at a crack although, at the moment, I can't be specific as to how. I will surely keep this in mind and be in touch with you however.

Trust all goes well with you. Best regards.

Dear Bob:

Enclosed is a list of those accepting the invitation to the Fat Cat Reception following the fund raising dinner in Portland.

This list of names and addresses may be of some use to your finance people in connection with Ted Gamble's efforts.

I had a call from the National Committeeman, Lowell Paget today asking that you forward your transportation expenses to him as soon as possible.

I had the hotel bill sent directly to him and the Presidential Suite was comped by Mr. Fristo Wallace, Manager of the Sheraton-Portland.

The Reston article took an odd twist, no doubt influenced by the very grandiose and flamboyant program put on in Seattle. The contrast was just as marked as Reston said it was.

Bud Krogh is coming down to talk with you I believe. He has apparently been active in campus Republican organizations and seems to prefer to work actively rather than in research. He might be helpful to you in setting up your office and fiscal situation since he has been a business administration major and has some understanding of the organization.

I have some telephone charges and odds and ends of expense that I will be sending on to you later on as they are received here.

I have one lingering reaction. It is probably explained in part by the fact that we didn't get our full two hours of staff time.

November 20, 1961
Page Two-----

Reston was invited to come for the last hour of it and the Boss didn't get his full opportunity to organize his speech. It lacked a certain organization and cohesiveness and ran about 45 minutes which was about 30 minutes too long.

In talking to Hugh ~~Fluennoy~~ ^{Fluennoy} the annexation, incorporation and urban sprawl problem came up. I think that Howard Allen could help you a good deal with the background of this problem and I think there is a real opportunity to make a popular big city issue out of Brown's failure to give leadership in this area. It is a problem which touches virtually every urban resident and one where the leadership has got to be given by the state in order to achieve any results. When its left to local determination without the aid of statewide legislation you get a very spotty result.

They oversold the Magnuson dinner here and had to put the overflow in a restaurant across the street from the hotel. Approximately 3,200 at \$100 per plate, most of which were bought by the lobbyists in Washington, D.C. and sent out here for use by their constituents in the trade associations, public utilities, etc.

Ask Hugh to spell out for you Reston's position on the fall-out shelter issue. He thinks Kennedy has really committed a major blunder on this and that it can be a very effective issue for the '62 Congressional elections.

Best regards.

Yours sincerely,

JOHN D. EHRLICHMAN

"We should stop the continuous increase in federal taxes by stopping the trend toward big government, by eliminating the substantial part of foreign aid that experience has demonstrated is useless and unproductive and by cutting out duplication and waste in our defense program."

"The only safe road to world peace is the deterrent of military superiority. Only from strength can we successfully negotiate world peace and ultimate disarmament. Dominance in nuclear weapons and the ability to deliver them is more important than reaching the moon first. We must get off the defensive and on the offensive in the propaganda battle with world communism for men's minds."

"Both management and labor must be required to accept their proper responsibility for industrial peace. We can no longer tolerate strikes that undermine our whole economy.
