Dear Mr. Fairbairn:

I was delighted to learn from Downey Orrick of the very generous and effective support you are giving to my candidacy for Governor.

O  
It could not be more welcome, I can assure you, and I wanted to add my own expression of heartfelt appreciation to those I am sure you have already received from Mr. Orrick and Arthur Dolan.

P  
As we shift into high gear for what has every indication of being the hardest-fought campaign in California's history, it is particularly gratifying to know that such an experienced observer and participant in the political arena is an active member of the team in our all-out drive for victory on November 6th.

I will be looking forward to having the pleasure of thanking you personally for your fine cooperation and assistance. In the meantime, my very best wishes and kind regards,

Dear Bill:

We'll be on the lookout for the package of jewelry. This can certainly be put to good use and we appreciate your sending it along.

This is going to be one of the hardest hitting campaigns in California's history - but there is no doubt in our minds as to the outcome. Glad to know you share our optimism for the November victory.

Thanks again, Bill, and very best regards.

Sincerely,

Dear Bob:

One of these days you will be receiving a rather heavy package of jewelry which we had left over from the Midwest Volunteers for Nixon-Lodge. Our women's group sold these items and made a considerable amount of money with them. I'm afraid there isn't enough here to make any big impact, but I'm hoping that it will be helpful.

We certainly are doing a lot of praying here that Dick will win in California, and I have every belief that he will.

Sincerely,

Dear Bill:

Thanks very much for your letter and your prompt answer to my very complicated question.

I am passing the information on Mr. Jerome Thor along to Dick Nixon. It would appear the campaign will come and go without the contact he had thought might be helpful. Many thanks, anyway.

If the residue of jewelry is worth shipping out to us, perhaps we can use it to advantage. I'll leave this to your best judgment.

Our thanks again, Bill, and very best wishes.

Dear Bob:

It was nice to hear from you after these many, many months, and I certainly hope things are going well for Mr. Nixon in California.

The man Nixon met at the Los Angeles airport was my brother-in-law, Mr. Jerome Thor. He and my sister, unfortunately, are now in Spain as Jerry is making a movie and the word that I have is that he will be there the better part of a year. Therefore, I don't think that he will be available for the campaign.

In case you want to contact him, address him at the Hilton Hotel, Madrid.

Incidentally, during the 1960 campaign we sold a lot of Nixon jewelry out of the Chicago office. This provided us with some funds which were very helpful. I have the residue of this jewelry in my office and would be glad to send it out to you if you feel that you could make adequate use of it.

With warm regards.

Sincerely,

Dear Bill:

I have a peculiar request and hope you may be able to help me out.

Some time ago, Dick Nixon was on a plane from New York to Los Angeles. Marlene Dietrich was also on the same flight. Upon their arrival at the Los Angeles airport, Miss Dietrich was met by a lady who identified herself to Dick as your sister. There was a gentleman accompanying your sister who is a television star of some importance, a former Democrat, but now strongly pro-Nixon. Unfortunately, Dick does not remember who this television star was, but is anxious that we contact him and see if he is willing to become active in the campaign. And so to my request.

Do you know who the gentleman might have been, or could you contact your sister and find out who he was, or tell me how I might be able to get in touch with your sister to get this information.

Sorry to bother you with this, but will appreciate any help you can give us.

Best regards.

Dear Joel:

Many thanks for your letter of  
July 25th.

I can understand how some confusion developed regarding your position in the campaign. Apparently it was a misunderstanding all the way around, and I appreciate your full explanation of the circumstances involved.

We appreciate your help, Joel, and if anything should develop where we can take advantage of your availability and desire to help out either down here or up north, we will certainly get in touch with you. However, I do not anticipate the staff to be expanded beyond present limits, but do hope we can count on your continued help in whatever area and capacity for which you have the time. Glad to know Ray Chambers has been in touch with you.

# Young Republicans of Alameda County

July 25, 1962

Dear Bob:

I just had your letter of the 17th forwarded to me in LA, and felt that I had to answer it before going back north today.

Its too bad that I missed you at headquarters Tuesday, as you might have mentioned it, and I'd have known about this matter before 7:30 pm.

Of course, I understand how such a letter came to be written, and understand your feeling on clarifying the situation. I am glad that you wrote about it to me, rather than just keeping quiet about it, and causing aggravation to yourself, and me.

The fact of the matter is that I have never identified myself with your staff, or the campaign to this point - as such - being a long time supporter of RN, the CYRCF presidency, etc. I've had enough trouble lately being controversial, to add a blatant mistruth to the situation.

I can gather that this arose from Stan Lerch's end of the table. Dick Ports knows about some of this, so let me elucidate further.

I was campaign manager for Adm. Short's 14th AD race (write-in) in the June primary. For a long time, I was one of the few Nixon supporters on that campaign, and got him to finally vote for Nixon the week before the election (aided greatly by RN's performance on the telethon.

Following my trip to Seattle, I was in LA at the State Central Committee, and checking on the appointments to the State CC. As a write-in candidate, he was not entitled to an appointment, and had to receive one from Alameda County. I wrote this to him, clarifying Jordan's statement on Election Code 1040, I think, and suggesting that he at least identify himself to the Nixon people in Alameda County before this was done, as people like Helen Read, Ruth Watson, etc. were upset by his supposed shell propensities, and that it wouldn't hurt him to have people think him reasonable, which he is, and sincerely interested in a running, active, winning GOP ticket.

It was a mistake to write him. He didn't know what he was talking about. I'm a realist!

Since he's comparatively new to politics, it was easy for him to misinterpret my letter - which is one of the dangers of letter writing, I guess. He apparently blew up, called Stan up, and volunteered to take on anybody trying to deprive him of his appointment. Most of this had been settled, when I arrived back two days later. I straightened out with him, what I'd meant, and that seemed to be it.

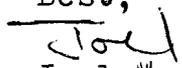

A day or so later, finishing out my obligation as coordinator for the Central Committee in Alameda, I met Stan. We started out with a discussion on the exhibit (GOP) for the Alameda County Fair, and I asked him for some ideas. While he was helpful, we began with a several minute conversation on my background, present functions, and connections with the campaign. I said to him only that I'd worked on certain things in the past, was working for the Admiral, and - as far as the Nixon campaign was concerned - had just received a letter from LA (Ray Chambers) indicating that I'd been made Chairman of the College for Nixon group.

This is the only thing I've ever said, outside of the fact that I know you, Bob Finch, etc. etc., and am friendly to Dick Ports, Sandy, Ron, etc. I know Alameda is a rocky area sometimes, so these misunderstandings don't surprise me, although I sometimes get puzzled why so much of it goes on.

Hope this explains things to you. Partially for this reason, I've quit the admiral's campaign, and still would like to work for you on the gubernatorial campaign in the fall - either in LA or SF area, and doing whatever you think I can do best. I have mentioned this to Ports, today, and I think he can answer any questions you might have.

Thanks again for the letter,

Best,

  
Joel M. Fisher

July 17, 1962

Dear Joel:

It has been brought to my attention that you are identifying yourself as a member of my staff. This, as I am sure you realize, can cause a great deal of confusion, not only among other candidates and their organizations, but our own organization people.

At the same time, it goes without saying we are deeply grateful not only for your continuing interest in behalf of the Nixon-for-Governor campaign, but also for whatever support you are free to offer it in appropriate ways and through appropriate channels. It is, however, unwise for you to misrepresent that interest and support by leaving the impression you are a staff member and are speaking as such. If this is the case, I know you will clarify the situation quickly. If it is not the case, I also know you will understand why it is important for me to check the matter with you directly and make certain it is straightened out.

Please pass along anything you feel would be helpful, Joel, and best regards.

Will you please call Mrs. Nancy Thorsen, President of the Reseda Republican Women's Club Federated, to thank her for the most generous gesture of the Club in providing us with a rent-paid Nixon Headquarters in Reseda?

Thanks for your letter.

I have heard from a number of people there was more than a little confusion on the write-in vote up there. Art Dolan also mentioned this.

On the Alameda Fair material, I have asked Bill Spencer in the San Francisco office to get this to you personally so that you can see that it is handled properly.

We certainly appreciate your help, Joel. By all means, stop by and say "hello" when you get down this way.

Dear Bob:

Of course, my congratulations for the extremely succesful primary victory achieved yesterday. Lets hope that we can get all those 30 some percent voting for us in November.

Some ~~schfering~~ things up here -- a lot of Demos. wrote in RMN, and there seemed to be a lot of sentiment for him even from some around here who either just went ahead and voted for Brown, or didn't vote. I was at the County Clerk's until 7 am this morning, and people just didn't know how to handle the write in vote. In some areas, Democrats were told that their ballots would be invalidated if they didn't vote Democrat.

Taking everything into consideration, it looks like we all came out fairly well. I got a kick out of seeing Charley McWhorter checking up on polling places yesterday. Seemed like old days, and ~~part~~ campaigns.

One thing - from July 1 to July 15th, the County Central Committee of Alameda, in association with the State Central Committee, is having a Republican exhibit at the Alameda County Fair.

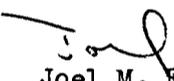

We'd like you to have sent to us any material (pictures, speeches, recordings, book, etc.) you'd like utilized in the exhibit.

I hope that I'll be able to continue to assist what I feel is just as much my cause. I didn't like losing to these ultra-slobs, considering the responsible conservatives separate, and I didn't like to have to sit and shup up until we finished the primaries. I'd like to at least go on the offensive and find out once and for all if these people are Republicans or Fifth Columnists. I may be temporarily out of some office or another, but I think that I can still help.

Will try to stop by and chat with you for a minute on my way back from Seattle.

Regards to Quinn, Ports, et. al. Looks like everybody did a damn good job...

Armand Feichtmier is the new President of the Beverly Hills Republican Club which of course covers RN's residential area. He says the Club sent RN a membership card and has received no acknowledgment. He also suggests that RN send the Club \$7.50 covering membership fee for a year. I think this is a good idea, so will you please follow through with Lois to make sure it is done, and try to ascertain what became of the card they claim they sent .

Trust you will also follow through with Mr. Feichtmier so he will know this is being handled properly.

I note from some correspondence that has come into the office that Joel Fisher has applied for a full time paid job with the Nixon Committee.

At no time during Joel Fisher's Falk year did he complete an assignment given to him by the State Committee. All of his time (20 hours a week) that he was supposed to give to the party under the terms of the Falk agreement was spent to further Joel Fisher's college federation image. I have discussed this with Cap Weinberger and Ed Slevin and we all feel this is not the type of young man we would recommend to you for the Nixon campaign. During his Falk foundation work he had no contact whatsoever with Joe Martin on the Falk program. Cap and I are members of the University of California Falk Foundation Advisory Board and as such have the responsibility of assigning these Fellows.

Kind personal regards.

Dear Joel:

I guess you are right in your feeling that the State Central Committee won't have the where-with-all to put you on the projects they have discussed. However, I understand this still may change.

Unfortunately, the Nixon campaign is in the same position with respect to funds, and there is no way that I can arrange to expand our payroll between now and the primary.

This may not be the case in Northern California, so I would suggest you plan to meet with Bill Spencer and possibly Joe Martin to see what, if anything, could be worked out up there. I certainly agree that you probably would be of greater assistance in the San Francisco area.

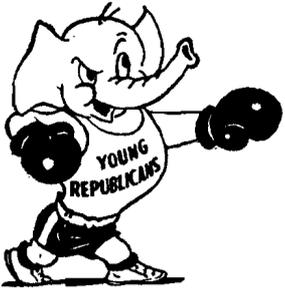

Please let me know if something develops.

Campaign Manager  
Nixon For Governor

Dear Bob:

Meant to catch you for a second the day I saw you at the office, but forgot to say anything more than hello.

Re your letter of February 27th, and mine of March 6th, it doesn't really appear that Fred and the State Central Committee are going to have the money for me to do the various projects we discussed.

This leaves me, at this time, uninvolved with any specific campaign between now and June. Considering the circumstances, and that I have 20 plus hours a week - actually 30-40, it would seem to me that I could be of some help in the primary campaigns, let alone the full time efforts in the summer through the November elections.

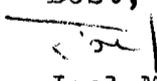

To remind you again, the Falk Fellowship, of \$222 monthly for 20 hours work, terminates in June. Above and beyond that, it would appear that other requirements could be mutually settled, depending on satisfaction with my work, etc.

I have mentioned certain aspects of this to various people, and it would appear that, while I am available for working out of southern California, I could probably be of even greater assistance up there in the SF area, through Central California, and other proximate areas, as I do have some contacts there, and know many of the local problems.

Know that you're busy, and I hate to bother you, but - having finished my last term - I'd really like the opportunity to go to work on this campaign, in a full time capacity, as soon as possible.

Thanks for your attention.

Best,

"...I certainly know how occupied you are in one of the most important campaigns of your life and I do not want you to feel you have to take time out from your busy schedule in order to visit with me. However, if at any time there is a group meeting with you and it is convenient for me to be with them and say hello and tell you I am still for you, I will be glad to be present.

Dear Pete:

I was very distressed when St. Patrick's Day ran its full course without a peep of a Bagpipe - or even a telephone call from you. But my grief was completely assuaged by your letter of March 27th and, most importantly, by its accompaniment.

You can continue, however, to enjoy the thought of my searching for money, rather than spending it lavishly, since I am doing far more of the former than the latter at this stage.

John has not come across with the Shay's \$2,500 - but then, I haven't been able to set up a luncheon he wanted me to work out with the old man - so I guess it's my fault.

Do, by all means, continue to search for this sort of material back there. It all helps.

Trust the Flanigan clan is in its usual great shape, and that you will wend your way westward before too long so that we can belatedly celebrate the second anniversary of the infamous March 17th.

Very best.

Sincerely,

H. R. Haldeman

Dear Bob:

Much as I enjoy the thought of you searching for money rather than just spending it lavishly as in past campaigns I feel obliged to add my mite. I hope John has come across with the Shay's \$2,500. If not, let me know. The Flanigans will continue looking for more of the same here in New York.

**You were certainly nice to take the time to drop me a note regarding Dick Nixon's appearance at Royce Hall.**

**All of the reaction we have had has been similar to yours, so I can only conclude this must have been a highly successful appearance.**

**I trust we may continue to step up the pace from now until November.**

**I fully recognize your problem regarding speakers and strongly feel your thought of inviting Knowland is the best of all possibilities .**

**As far as your personal situation is concerned, I knew that Fred had been trying to work out a plan for you in the northern part of the state working with the State Central Committee. This would still be the best place for you to fit in, and pending the outcome of current negotiations with the Finance Committees here, it may still work out.**

**In the meantime, however, if it should not develop along the above lines, I would like to know what your financial requirements would be if you were to go to work full time for us. I know you get something on the Falk Fellowship, but am not sure what time period this covers and what, if anything, you would need in addition.**

**Best regards.**

Campaign Manager  
Nixon For Governor

February 14, 1962

Dear Bob:

Got your letter of the 8th, after Mary Ruth Lampe forwarded it up here Tuesday. We've had to think a little, and I tried to get you this morning - and Sandy, since you were gone.

We are trying to avoid at all costs having the same mess happen to us as happened to Pete Ashen. The guest speakers are part of it. Both McCarthy and Cristopher, plus a large group of other state wide campaigners will be present. My problem is now, that Nixon can't come, to avoid making this a Shell rally. I have no intention of inviting him to fill in for the dinner. This invitation was made by me before Dick Nixon became an official candidate for governor. Shell is going to be unhappy, and there's no question about that. Gaston is organizing (two we already have knowledge of) college clubs in LA county this week. Shell's name at the last county (LA) meeting became a symbol for applause. This I don't buy. We think Mary Ruth may have invited him for Saturday lunch. I didn't, and I'll invite someone else - like Buserud or Mulford - or some congressional candidate like H. Allen Smith, or George Ricci.

An alternative that I thought of last night - was to invite Senator Knowland. We have a good chance of getting him, if some outside pressure was added. This alternative would at least stop the LA people from making charges, since I doubt that they would antagonize the Senator (one of their charges against me at the YR convention was that I supported neither Nixon or Knowland!). Let me know what you think about this as an alternative plan of action.

Bob Hannon asked me to contact you re Bill's speech at Tule Lake. The people up there, having seen Bob's picture with Nixon from Chicago, think they're good friends. Bob thinks someone with the party better recognize him, and I'm supposed to tell you that he's the young one "with the black suit and crew cut" at the cocktail party. Hope you can get that info to someone up there.

The third thing is not directly involved with the above, but with me. You'll remember that when we spoke a few weeks ago about my working on the campaign, you said to bring it up again after the 2nd of February, ie following the YB convention.

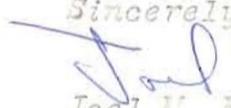

I didn't bring it up because things were sort of rushed, and Fred Hafner had discussed something with me. This was to be out of the State Central Committee, preferably, and to do some work from Bakersfield north. Supposedly, this was to be integrated after the primaries into the Nixon campaign. At this point, Fred doesn't have the funds available for this project, and I'd like to be put to work as soon as possible. His ideas were good, though, and while I was known as a Nixon supporter, I could be utilized in this State Central Committee context because 'I was good at walking this wire.'

However, time is running out, and I may never find out if they have sufficient funds. I'd like to go to work, as I mentioned. Through the summer-July 1st, I get 200 dollars monthly (plus) for this Falk Fellowship, which would mean 20-30 hours weekly for the Committee. I had said to Ed Slevin, and Fred, that if I got on a campaign, I would spend more time, and be full time after June 7th.

Please let me hear from you about your suggestions. If you would want me to come down to LA, I would certainly fly down to talk to you.

Say hi to Sandy,

Sincerely,

Dear Paul:

They say great minds run in the same channels, which probably explains why your letter of February 28th was received here the same day I was in San Francisco meeting with Ken Favell. I had had a long discussion with him on the telephone earlier, in fact, right after you mentioned him to Dick, but this was our first opportunity to sit down and go into things in detail.

After my long meeting with Favell, he had about an hour's discussion with Dick, and I believe we have arrived at some good starting points for developing a program here in California. Ken feels the situation here is extremely different from what you had in Michigan, but there are still many things we can do to make some progress with rank and file labor.

I certainly appreciate your writing and especially your putting us in touch with Favell. Both Dick and I are convinced he will be able to make a very substantial contribution in terms of both guidance and actual work. As we get some of his ideas pulled together and under way, we will give you a report on progress.

I also very much appreciate the information regarding Mr. King's desire to help, and we will contact him directly.

Mr. Bagwell

As far as the Letters to California project is concerned, our feeling at this point is that this would be most effective during the fall campaign, and that we should probably delay any intensive activity in this regard until perhaps early September. If you have any other thoughts, please let me know.

Again, thanks so much for your help.

Best regards.

Sincerely,

H. R. Haldeman

Dear Dr. Friend:

This will follow up your recent correspondence with Dick Nixon inviting him to address the Orange County Medical Association in March, April or September. The Schedule Committee carefully considered your request, and made every attempt to juggle already-firm dates, but unfortunately prior commitments of long standing on the dates you mention for March and April prevent his acceptance of your kind invitation.

Consequently, he will not have the pleasure of meeting with your group during the spring months. As for September, we are sure you fully appreciate the many complex problems involved, both in time and geography, in arranging his speaking schedule, and we are unable to commit him to a September date at this time. However, we are taking the liberty of keeping your letter in our pending file in the hope that something can be worked out for later in the year. If so, we shall contact you then.

Again, many thanks for your thoughtfulness in writing.

Sincerely,

H. R. Haldeman

Dear Joel:

Many thanks for your recent letter and wire inviting Dick Nixon to participate in the convention planned by the California Young Republican College Federation for April 6, 7, and 8 at the Statler Hotel in Los Angeles. This is certainly the kind of event he would very much enjoy. Unfortunately, however, because of commitments in the northern part of California, he will not be able to join you and your fellow Young Republicans at this important convention.

Your invitation was carefully considered by the Schedule Committee and every attempt made to juggle already firm dates so that he could accept, but it was not possible to work out an appearance for Mr. Nixon, and he must reluctantly decline. You may be sure he sends every good wish to you and fellow members of this outstanding Young Republican organization.

Again, we very much appreciate your thoughtfulness in writing.

Sincerely,

Dear Mr. Ferguson:

This is to follow up your recent correspondence with Dick Nixon inviting him to address one of the monthly luncheon meetings held by the Oxnard Bar Association. The Schedule Committee carefully considered your request and made every attempt to work out a mutually convenient date when he would have the pleasure of meeting with your organization. However, this does not seem possible for the foreseeable future.

We feel sure you appreciate the many complex problems involved, both in time and geography, in trying to coordinate his state-wide schedule during the coming months, and regret that too many already-firm commitments prevent Mr. Nixon's coming to Oxnard at this time.

However, he is certainly looking forward to meeting members of the Oxnard Bar Association when he does visit the Oxnard area during the campaign.

Again, thank you for your thoughtfulness in writing.

Sincerely,

Dear Mr. Forney:

This is to follow up your recent correspondence with Dick Nixon inviting him to speak at Cerritos College under the auspices of the Omnibus Society sometime during this school semester. Your request was referred to the Schedule Committee and every attempt made to juggle already-firm dates in order for him to participate in an Omnibus Society meeting, but unfortunately, a mutually convenient date could not be cleared for the near future.

However, Mr. Nixon will be on the Cerritos College campus March 31st when he addresses a luncheon meeting of the National Forensic League Student Congress and is certainly looking forward to meeting your members at that time.

Thank you again for your thoughtfulness in writing.

Looking at the schedule, we are already working around a number of firm commitments in both April and May. As I am sure you will recognize, the Schedule Committee is confronted with problems involving both geography and time, but I do want to assure you that your invitation to Mr. Nixon will receive every consideration.

We appreciate hearing from you and will be in touch with you just as soon as a definite indication is available.

Thank you for your kind letter of January 22nd inviting Mr. Nixon to address the Boy Scout Associates of the San Gabriel Valley Council in Pasadena on March 8th.

Much as he would like to accept your invitation, his schedule for that date is fully committed, and it is not possible to make any additions to it, even for an event like this, which he would particularly like to attend.

Consequently, he must reluctantly decline and is extremely sorry that a prior commitment prevents his accepting your cordial invitation.

Thank you so much for the photograph. And my apology for this delayed note. These are busy days for all of us, and I seem to be hopping from place to place.
