The attached check was addressed to the Nixon campaign, but you will note it is payable to Republican Assembly.

Is there some way this can be endorsed over to us? If not, will you please handle this direct with Mr. Irwin S. Schuman, Palm Springs Riviera Hotel (card attached), since he definitely intended it to be a contribution to the Nixon for Governor campaign, as you will note.

This morning in thinking about the election and the campaign that Mr. Brown has been making with the hope of being re-elected the following thought dating back to my childhood came to me.

Little Jack Horner sat ~~in~~ in a corner
eating his Christmas pie
he stuck in his thumb~~s~~ and pulled out a plumb
and said " What a great boy am I "

There is no doubt that Gov. Brown has that opinion of himself. BUT I DO NOT.

I am all for Dick Nixon.

These are the checks from CalPak which I mentioned to you.

Mr. Brooding did not want them to go through San Francisco URF. He wanted them to go direct to Dick Nixon; hence, sent them to me.

They should, of course, receive individual acknowledgments etc., and I think a special letter from you to Brooding would be in order since he garnered them together. I have also written Brooding.

Check - \$5.00
received from: Jeannette P. Moran
P.O. Box 82
Wood River, Illinois

Stockton, California,
October 2, 1967.

Mr. Richard M. Nixon,
3906 Wilshire Boulevard,
Los Angeles, California.

Dear Mr. Nixon:

Yesterday, I received a letter from my sister who has moved back to Illinois since she retired from California state service. In her letter, she inclosed the check which I am sending on to you.

She was a clinical laboratory technologist at the Patton State Hospital for many years but since she retired, she returned to Illinois to live near her two children. Yet, she wishes to do what she can to help you win next month and try to get this state back to being one of the best in the nation instead of being under the control of Earl Warren and the Boston saloon keepers.

My sister is: Mrs. Jeannette P. Moran, She now receives her mail at Post Office Box 82, Wood River, Illinois.

Last night, I did not listen to your debate for I do not permit such as Pat Brown and those Kennedys to enter my home. However, I did listen to CBS after you had finished. Don Moseley reported that those two members of the state legislature whom you mentioned as being for the communists, and they "denied they helped when those young hoodlums from the University of California attacked the un-American Activities Committee. Don Moseley said that they had addressed those students in the park in San Francisco the night before they attacked the Committee.

Pat Brown lies when he tries to give the impression that he had no part in that riot nor does he believe those two from his sort of legislators did either. He knows about their helping arouse those young disciples of Harry Bridges. He knows they and he do believe the loyalty oath should be abolished and they believe in everything that is advocated by Harry Bridges and his communist followers---even Billings who Pat gave a pardon and restored to full citizenship.

He also pretends to be opposed to capital punishment. Yet with about one exception, he has never commuted the sentence of a white person. Like the present so called governor of Illinois, he finds a way to commute sentences of vicious negro murderers. But, there is never any sympathy with a white one. I am not saying the white ones have not deserved what was given them except Carol Chessman.

He should never have been free again unless one could have been absolutely certain he had become a reformed person but I do not

*ack, they
+ prove
can't
no records
in Stockton*

believe he did the crime for which he was killed. I believe pat had him executed because he would not get down upon his knees to that rotten politician because he had no more respect for pat than many others of us.

When pat lied on and persecuted and prosecuted state employees in the Department of Penate Hygiene to try to win votes, he was a criminal of the worst sort. In every case he was proved a liar and the employees were exonerated.

However, even after the State Supreme Court and the other courts had ordered him to restore those two women to their positions with back pay, he did not do it and as soon as he and Mosk took over in Sacramento, he had Mosk keep them from getting back to work.

Both women belonged to the AFL which did nothing for them because they intended to force pat upon us. One of the women also was a member of the CSEA who helped her and she was acquitted. The other one was sentenced to jail etc by a so called judge whom I could have sent to San Quentin for trying to help steal the estate of a close friend of mine. Yet, that man is now a "judge" and could accept pat's lies and try to destroy that woman. However, many of us who are members of the CSEA were determined to teach the damned union that they cannot subjugate nor frighten us, gave the necessary funds to have that state employee released from jail and get a new trial. Then, we paid one of our CSEA attorneys to assist her attorney and she too was found to not be guilty. Yet, pat who is exactly like the Boston saloon keepers in Washington, refused to obey the law and restore eight woman to her former work.

As long as I was a state employee, I did everything possible to obey our Constitution and I said nothing nor did nothing against little pat.---except to vote as a good citizen of this state and our country.

But, when I became too old to continue working for the state, I have done all I can to help rid this state of pat and others like him. My sister has too, so I am happy that she still believes you should be elected and that she helps all she feels she can.

I would have liked to have given you more than I sent to you but I must give some to our local REPUBLICAN candidates too. I am sending my contribution directly to them as I did to you for I will NOT help Thomas Keuchel even with my vote. I did not vote for him in the primary nor shall I do so next month. However, I believe that Richards will lose but which ever of those wins, Californi loses. Keuchel like little pat does what they are advised by Mr. Warren and we have had more than enough of earl warren. So, I am trying to do what I can for the REPUBLICANS and not help Keuchel.

Yours truly,

Mittle W. Anderson Hardy

Re: Nixon Campaign

Dear Chad:

It was certainly a pleasure to see that you are taking on the Southern California chairmanship of Dick's campaign for the governorship. I know by experience that this will be a real chore and, as a very strong Nixon supporter, I want to express my great appreciation of your willingness to undertake this.

Also, I want to assure you that if there is any way in which I can be of assistance in this campaign, I will be very glad to do anything that I can that you or Dick wish to call on me for. I will be out of the city from February 1st to March 17th, as my wife and I are taking a cruise to the Mediterranean, but after I get back I should be able to make some time available to help out.

Just to help get the ball rolling, I enclose here with my check for \$1,000.00 as a contribution to the campaign which should be credited 1/2 to me and 1/2 to my brother, Walker Smith.

With best personal regards.

Very sincerely yours,

Dana C. Smith

Dear Sam:

I was delighted indeed to receive your letter of January 12th touching upon your offer of support of the Home Campaign Fund. It is encouraging to me to realize that we do have your strong support. I am confident that we will win.

It is also encouraging to receive your offer of assistance in the campaign. Dick will be pleased as punch over your offering of the loyalty you have demonstrated through the years. In due time you will hear from Dick directly in acknowledgment of your letter to me and of the thousand dollars pledged. The contribution will be credited one half to you and one half to your nephew Walter Smith in accordance with your instructions.

Thank you sincerely for your splendid cooperation and with best wishes, I remain.
