- Joe Martin called this morning; thinks it is important to give consideration to working Jack McCarthy into the August 31st meeting -- thinks this definitely should be done.

- Also, Martin said he had been talking with McCarthy about something else -- and just in conversation, he was sure McCarthy still thinks he is going to travel with RN......Martin says someone should talk to him - get things straightened out.

In spite of Grey's note, I think Quick, Martin, Weulagen should contact him and ask for help - get reading - it.

Have you done anything about asking Bob McCarthy to give us a line up for Nixon? Jack McCarthy's only comment was that we should ask him.

What avenue do you suggest if nothing has been done yet? Should we call him?

I am sending a copy of this to Don Frey who may know the status of the situation.

The last time (there have been others) I went pubcrawling with the Brothers McCarthy was just before the Primary. There was no evidence then of any willingness on Bob's part to come all the way over, despite his disenchantment with Brown. He's the kind of a guy who might be persuaded if we were running a New York or New Jersey type Republican Party - but he sure couldn't find many cul mates as things stand now. His best bet right now is to salvage something out of the wreckage of the Dems after November. I think he's going to play it cool.
Per your request, I asked Waller Taylor to call Jack McCarthy regarding McCarthy's reported remarks at Salinas.

Waller did so -- and reports that McCarthy said he neither feels that your defeat would lead to the revival of the Republican Party in this state, nor has he ever said this. He further said he has more intelligence than to pick Salinas as the locale for such a remark - if he did decide to make it - but he won't.

McCARTHY BLASTS CHRISTOPHER

Salinas---State Senator John F. McCarthy (Republican-San Rafael) Monday tore into his opposition for the nomination as Republican candidate for Lieutenant Governor, predicting he'll beat Mayor George Christopher of San Francisco.

"The Mayor was once a Democrat, then a Progressive, then a Democrat again. Now he's a Republican," McCarthy said. "What is he going to be tomorrow?"

McCarthy charged Christopher "has had no experience in state government."

McCarthy then lashed out at the Democrat hopeful, incumbent Lieutenant Governor Glenn Anderson.

"He's just hanging onto the coat-tails of Governor Brown as Christopher is hanging onto the coat-tails of Nixon."

McCarthy said that a split of party vote might result in Brown retaining the Governorship while he (McCarthy) won the Lieutenant Governorship.

McCarthy said defeat of Nixon could lead to the revival of Republican party strength in the state.
