TO: CALIFORNIA WAR VETERANS AND THEIR FAMILIES

SUBJECT: OPERATION GOVERNMENT PRESERVATION

For three and a half years the administration at Sacramento has repeatedly demonstrated complete disinterest and opposition to wholesome, beneficial veteran programs which had received full support from California Governors for 16 years.

Requests by unselfish veteran and supporting groups for adjustments in this distressing administration policy have been rebuffed - at times with vitriolic criticism and insult.

Vascillation, indecision, scuttling of long existing helpful programs and double-talk on important issues of security, loyalty, education and other vital matters of equal importance have helped the present administration acquire its position of disrepute.

DICK NIXON, a World War II Navy veteran, as you know, has endorsed every important rehabilitation and progressive program of the major veteran organizations. DICK NIXON understands the value of a service officer's help to needy veterans, their widows and orphans. See the box score.

On the strength of these truths, you are asked to join with increasing numbers of others who believe that their vote - and yours - for DICK NIXON for Governor, will assure the success of our objective to RESTORE DECISIVE LEADERSHIP TO CALIFORNIA.

Sincerely and fraternally yours  
for  
NIXON FOR GOVERNOR
