RICHARD NIXON

Fellow Californian:

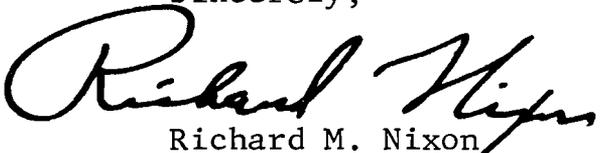

Your vote on November 6 will be one of the most important decisions in the history of California, for the man you elect will be the first California Governor ever to lead the first state in population.

Among my twenty major programs for a greater California are specific plans to cut the cost of government by \$50 million next year in order to keep taxes from continuing to skyrocket; to smash the narcotics traffic by giving the death penalty to big-time dope peddlers; and to create one million new jobs in four years by initiating a "California Crusade for Business Investment."

Whether you are a Democrat, Republican or Independent, I urge you to follow the California tradition of voting on the basis of what the man stands for rather than the party label he wears.

In this spirit, I ask your consideration of my programs for a greater California as you make your decision on November 6.

Sincerely,

Richard M. Nixon
