Dear Robbie:

Thanks for your letter of October 16th, and for sending along the copy of the letter from Mr. Werner Carlson.

We do appreciate having his comments on the effectiveness of the General's visit. Everyone agreed the speech was terrific and on balance the scheduling could not have been better.

I am not sure what, if anything, could be done about a follow-up, but am sure many would agree with your thinking.

I'll ride on my 400,000 figure. Things look better every day.

Many thanks, and best regards.

Dear Bob:

Enclosed is a copy of a letter from Mr. Werner Carlson of the Loma Linda Food Company, which I think merits very careful consideration. You will remember it was through Mr. Carlson's good offices that I was able to arrange the meeting with Dick and Elder Bietz, President of the Pacific Coast Conference of the Seventh Day Adventist Churches.

I realize it may pose a considerable problem to get General Eisenhower to return to California. However, in view of the greatly increased interest the General is taking in politics and his close friendship with Dick, he might be willing to do it. If the race is close, I am sure a day or two which he could spend in California a week before the election would tip the scales.

I am sure you will agree with me and will do everything possible to see if something of this kind cannot be worked out. Regardless of what happens, you may want to advise Mr. Carlson directly of your appreciation of his interest.

I hope you are correct in your estimate of a 400,000 majority. It sounds good anyway.

With best personal wishes,

Sincerely yours,

ELWOOD J. ROBINSON

Dear Mr. Carlson:

Robbie Robinson has just sent me a copy of your letter to him.

We do appreciate your interest and your comments in connection with the General's visit. It was a great boon to the campaign, and I am sure many agree with your suggestion that a follow-up visit would mean much.

We feel the turning point was the UPI debate. The general's visit following on the heels really added up to a new picture. Reports are all good. Things look better as each day passes, and we feel certain this will be the case right up to the November 6th victory.

Thank you again for your interest and support.

Best regards.

Dear Robbie:

As election time nears I suppose all of us who are vitally interested in the candidates become increasingly aware of the necessity of doing everything possible to assure their election.

I read in the Sunday Times yesterday that Kennedy has now revised his plans and expects to spend two full days in California. I am sure you were very much impressed - as I was - with President Eisenhower's address from San Francisco. I have heard comments from numerous individuals since that time indicating that had he made such a forthright declaration in 1952 that Dick Nixon would be president today. I assume that he meant what he says and is willing to give the assistance and cooperation now that perhaps was not given in 1960.

It is my firm conviction that it would be very helpful to Dick's campaign if Eisenhower were to spend at least two days in California prior to election time. I think $100-a-plate dinners are wonderful, especially since it seems to raising money but as far as bringing in the rock and file with I cannot say that I am convinced that they have much effect. If Eisenhower should spend a couple of days in the State and appear with Dick in a well organized program in the more populous areas of our State, I am sure he would have a polling effect. For example, a couple days spent traveling Los Angeles including East Los Angeles, populous areas of the San Fernando Valley and into other important areas of the State would really "get on" the people.

I feel strongly that something like this would be very beneficial. We will know better than I whether or not it is a possibility but at this stage of the campaign I think that it is almost a necessity. We would regret that it wasn't done on November 7!

Sincerely,

Warren E. Carlson

Dear Mr. Ruud:

Your letter addressed to Mr. Nixon has been forwarded to my office for reply.

As I am sure you will quickly understand, in these final few weeks of the campaign, it is necessary for Mr. Nixon to be travelling almost constantly, and we of course wanted to acknowledge your letter without further delay.

We will certainly hold your application for a position as chauffeur on file. I do know that at this time such an opening does not exist, but in the event something should develop along this line in the future, your letter will be kept available and your application fully considered.

I do want to assure you Mr. Nixon will appreciate your writing him, and receiving your good wishes for the campaign effort.

With kind regards.  

Sincerely,

My contact with Betty Granger Reid was immediately following the primary. I explained we were in the process of finalizing programs for the general election period and had, at the time, nothing definite about which to write her but that we would follow up with her later.

It was then referred to Herb Kalmbach. Dick Ports also received a letter from her, which he referred to Herb. Herb wrote her on September 11th. She is not a secretary and there hasn't been a spot on the staff - physically or financially - where she could be employed. Herb advised her of the status quo, and did say he would like very much to meet her and hoped she would stop into the headquarters when she was next in Los Angeles.
Herb -

-may I please have a report on the latest contact made with Betty Granger Reid?

Dear Mrs. Reid:

This is to acknowledge somewhat belatedly your earlier correspondence to Dick Ports.

We had hoped that there would be a placement for you with the Nixon for Governor Committee, especially in view of the fact that you had worked in past campaigns for Mr. Nixon. I am sorry to advise you that we have no opening at present. I would, however, like very much to meet with you if you are in Los Angeles in the weeks ahead. Our Southern California Nixon Headquarters location is at 3950 Wilshire Boulevard.

Your support over the years for Richard Nixon is certainly gratifying -- thank you for contacting us.

Dear Dick:

I've just mailed the enclosed letter to Mr. Haldeman. I also wanted you to have a copy, and a copy of my resume.

I feel that, within California--just as on the national level—the minority vote can be a decisive factor in winning an election. In any event, I'd hate to have us "miss the boat" in any way on obtaining it.

I imagine that you're taking a respite from the heavy campaigning of the past few weeks windup; and will soon be back in harness for the "big fight".

Looking forward to hearing from you again, I am,

Most sincerely,

Dear Mr. Beldeman:

Upon my arrival in California to reside permanently, I expressed to Mr. Nixon a keen desire to engage in some tangible campaign work. Since then, I have been in contact with Dick Parke.

In 1952, the Republican National Committee arranged for me to take a leave of absence from my newspaper job in New York and join the campaign staff of Mr. Nixon. I travelled with Mr. Nixon and his staff on behalf of the minority vote.

I have obtained much added and valuable experience since then and am anxious to perform a similar service during the Vice President's gubernatorial campaign at this time.

Mr. Nixon has often expressed an interest in garnering the minority vote. I agree that it is a most important deciding factor in the State of California. I would like to make an impact into that "balance of power" vote for Mr. Nixon.

I have enclosed a resume for your files.

I am free to travel throughout the State of California during the campaign. It is my opinion that we can start early and make inroads into Negro religious, fraternal and women's groups in the state. This, together with the endorsement of respected Negro leaders, should combine to make an impressive showing at the polls.

With best regards to members of the Nixon For Governor staff, I am,

Most sincerely yours,

Talked to Loie about Betty Granger Reid -- she knew her as Betty Granger. She did work for RN in '52 and she thinks she was used again in '56. Betty Reid was well liked by everyone as she recalls. Loie doesn't think she had typing and shorthand skills -- at least not the secretarial type -- more for contact. RN did try to get her a job on Government Contracts Committee but she got a job elsewhere. She was good.

INTER-OFFICE MEMORANDUM

Nixon for Governor

To: Bob Haldeman
From: Rose Mary Woods
Subject: Betty Granger
Distribution:

Date: April 30, 1962

The negro who called on April 17 and asked me to pass on to the Boss that she was ready to work for him is: Betty Granger and she lives at 3214 West Santa Barbara Avenue, Los Angeles. Her telephone number is 293-3267.

I did a little checking with our own people and confirmed that she was on the 1952 campaign train as Val Washington's representative. At that time she was on leave from the Amsterdam News. I know of no derogatory information with regard to her and my own recollection is that she had a very pleasant, vacuous personality. I believe you were thinking about her for the news bureau. However, if you are not going to call her will you please let me know so that I can do so as I think we should keep in touch even if we have no support spot available at this moment.

As a matter of fact, I do not know whether she is interested in a job or just meant that she was ready to be a volunteer.

Dear Miss Mills:

Mr. Lewis Helms has just written us that you addressed a letter to Nixon Headquarters suggesting a plan for organizing youth of high school age to help in the campaign effort, and that to date you have had no acknowledgment.

We are always distressed to have a situation like this reported to us. We have attempted to locate your letter, but thus far have been unable to track it down. Not knowing when you wrote, nor to whom your letter was addressed makes it difficult for us to check out.

I do hope you will send us a copy of your letter, and please mark it to my attention. We do have a "High School Students for Nixon" Committee, and I am asking Dan Waters, our Contact Director, to acquaint you with this program, but we will await the copy of your letter with interest.

We are most appreciative of your interest and support.

Sorry to be so long acknowledging your check of June 28th.

As a matter of fact, I took the family to Laguna for about 10 days. This is my first day back in the office, and it's been a red letter one, as I'm sure you will agree after reading the papers. Things are being righted, however. It's all part of the game.

Dear Jim:

Your letter of June 28th was received after Bob left the city. He will be gone for about ten days.

Just wanted you to know I have sent Nancy Finch's check over to Price Waterhouse & Co. for processing so that her acknowledgment will not be held up.

I am also getting off for a few days rest. Herb Kalmbach is holding down the fort while Bob is gone, so if anything comes up, give him a call.

Thanks for your many kindnesses to me, and best wishes.

Sincerely,

(Mrs.) Dorothy M. Wright

Dear Bob:

Attached check from Nancy F. Finch, in the amount of $15.00, for the campaign.

Sorry this is a little late in getting to you, but it arrived at the office after I had left for New York. Therefore I would appreciate promptest acknowledgement of this!

Good seeing you Monday. Will call you in ten days so we can get together to see where we go from here.

You did a fine job in the primary activities. Was pleased to be associated with you.

Sincerely,

James M. Reynolds,
President

Bob Rowan called
"Just wanted to tell Bob that George Cronk - a far right-winger -
he has a certain following and was strong for Shell - now
wants to endorse Nixon, and I thought you might want to get
some publicity out of it.....he's a likable guy - a really
fine fellow."

-- Rowan said Cronk was a City Councilman -- also that he is
the George Cronk of same name insurance agency in Pacific
Mutual Building.

Dear Uncle Al:

Thanks a million for the start for the big fight. Needless to say, we will be eagerly awaiting the monthly follow-ups. I think this is a great idea and hope you can sell some of your pals on doing likewise.

I think we have it made, but only with hard work on everybody's part. Your early start is especially valuable.

See you soon.

As ever,
