Re: Phil Thomas

- he called again this morning
- per your instructions, I explained the situation -- we could cover his expenses -- but there would be no other compensation; he said this confirmed what Herb had told him.
- in view of this -- and the improbability of any money being released - he feels he should not quit his job with Jeffries Banknote.
- I assured him you and Herb would understand and agree;
- he did say Jeffries had indicated they might release him for a few days at a time.....and I said by all means to keep in touch with Herb -- and should he have some days when he could get away, to let Herb know.

attached is self-explanatory, and of possible info interest to you and HRH. Evidently Wilma is starting to job-hunt and asked for letter of this nature via Doris Jones.

TO WHOM IT MAY CONCERN:

Miss Wilma C. Thomas was employed as a member of my staff in a secretarial capacity from May 1961 until April 1962, at which time political experience became a requisite for secretarial and other staff positions.

During the period of her employment, Miss Thomas' work performance was entirely satisfactory. Her technical skills were good, she applied herself diligently, she was dependable, and she handled incoming telephone calls with tact and courtesy.

I would not hesitate to recommend Miss Thomas for a position calling for these skills and traits.

Dear Senator Thompson:

Howard Thelin has been kind enough to show me copies of his recent interchange with you.

We certainly appreciate your comments. We need your support and it was heartening to learn you are interested in helping out in the months ahead.

I am asking our Northern California Campaign Manager, Mr. Bill Spencer, to get in touch with you and discuss current status and projected planning for Santa Clara County.

You may be sure anything you are free to do will mean much to us.

Kindest regards and best wishes.

Sincerely,

H. R. Haldeman

Dear Al:

I appreciate your annoyance and concern about the fact Mr. Nixon did not clarify the necessity of ballots being stamped with the rubber stamp after writing in the name.

While I am sure you felt this was extremely important, I might point out that the Los Angeles Registrar of Voters has made it very clear that it is not necessary to stamp the X after writing in a name. If any X is used, it must be rubber stamped, but simply writing the name in is sufficient. Because of the complicated technicalities involved in this process, it was felt advisable not to confuse the TV viewers further.

I can assure you we do not have sabotage within our own ranks. All suggestions are given careful consideration, but sometimes they can't all be followed.

We appreciate your interest and good work, and are especially counting on you in the crucial campaign ahead.

Sincerely,

H. R. Haldeman

Dear Howard:

Many thanks for your letter regarding John Newman.

You should know that Mr. Newman was in a meeting with RN held several weeks ago, along with several other top agricultural leaders. It is my understanding, however, that he has decided not to work actively or directly with us, at least at this point in the campaign.

You should also know that a "Farmers for Nixon" Committee has been set up on a Statewide basis with offices in Modesto. They have retained the professional services of Ross Wurm and Associates, the Public Relations firm handling the Veneman campaign. They are actively engaged in contacting farmers throughout the State and organizing them into an effective Nixon team. This program has not yet been publicly announced, but will be shortly.

Thanks for keeping us posted, and best regards.

Sincerely,

H. R. Haldeman

Dear Bob:

Recently, a friend of mine who knows a Republican political leader in northern California said to me that his friend in northern California had suggested that a Mr. John B. Newman in Ventura County would be an excellent person to have in the Nixon organization. Newman is a farm leader in Ventura County and was one of the members of the Agriculture Board that carried on the feud with Governor Brown over re-organization and subsequently was not reappointed to the Agriculture Board as a result. I have also checked with Senator Lagomarsino of Ventura County and he says that Newman would be an excellent man although that he does not feel that he would make a good county chairman because he is an extremely opinionated person. I thought I should, therefore, pass on his name to you for whatever benefit it might have.

Kindest personal regards,

Cordially yours,

HOWARD J. THELIN

A few weeks ago, a Mr. Bob Gibson was referred to us by Waller Taylor.

Gibson is a young attorney, very anxious to help out in the campaign, and last Saturday came by the office. I had a rather lengthy visit with him and found out his special interest is in the Latin-American program.

I think it would be helpful if you would give Mr. Gibson a call. It might be well for you to meet with him, and possibly include Mike Navarro and the professor you mentioned who has been doing an analysis of the Mexican-American vote.

As you know, we are concentrating now on the Republican vote turnout for the primary. However, this Mexican-American program should get under way right after June 5th.

Meantime, I would appreciate your calling Mr. Gibson at MA 9-1231 and perhaps getting together with him to discuss our current thinking and future planning.

Many thanks.

Offer

Waller Taylor tells me that an attorney by the name of Bob Gibson - MA 9-1231, is "dying to get to work in the campaign - and is willing to sweep up peanut shells at headquarters or anything else."

Will you please get in touch with Gibson, determine his availability and ability and put him to work?

Dear Mr. Townsend:

I very much appreciate your recent letter indicating that you are available to participate in our campaign organization.

We have not intended to designate an Adviser on Minorities, as such, in the campaign organization. We do, of course, recognize the tremendous importance of the minority groups and the necessity of our working closely with them. I am sure by now you have read the article by Simson Becker in the current issue of Ebony Magazine which clearly outlines Dick's feelings in this regard, and which I certainly share.

As you undoubtedly know, Crispus A. Wright has agreed to serve as a Vice Chairman of the campaign. Among other activities, he will be actively concerned with our efforts in the minority area. Therefore, by copy of this letter, I am asking Cris to get in touch with you to determine where your services and counsel can best be used.

Please be assured of my deep appreciation for your most generous offer to help. I am sure that with all of us working together, we will bring about the victory we know is necessary for the State of California.

Sincerely,

M. R. Haldeman
