Dear Prune Grower:

IS YOUR BUSINESS EXPENDABLE?

Please read the attached excerpt from the San Francisco Chronicle of March 20, 1962. If this article on the European COMMON MARKET and the Trade Expansion Act doesn't shock you into quick, positive action, IT SHOULD.

The statement that "prunes --- would meet with higher tariff barriers than other products" is the understatement of the year. Prunes are without doubt the one California product that will suffer most from this abominable development; their tariff has actually been doubled in several of our most important markets of Europe; namely, West Germany, Belgium, Luxembourg, and Holland -- from 8% to 16%!

Unless you personally step in and protest this action and help avert further discrimination against the California prune industry by our own Government, prune prices are bound to decline through reduction in exports and you may very likely find yourself out of business so far as growing prunes is concerned.

TIME IS SHORT. ACT NOW!

Wire or write your Congressman, your Senators, and the Chairman of the House Ways and Means Committee. Tell them in your own words just what you stand to lose unless something is done to correct the deplorable conditions with which your industry is faced.

For your assistance, their names and addresses are listed on the attached sheet.

Don't wait! Unless your letter or telegram reaches them before April 5, the date set for final action by the House Ways and Means Committee, the cause may be lost.

Sincerely,

R. A. McArthur

Waller Taylor tells me that William Moore, President of the Tejon Land Co. in Kern County, would be very helpful in the Nixon organizational work in the County. His address is Tejon Ranch, P.O. Box 1860, Bakersfield, and I would suggest you follow up on this fairly quickly.

Dear Norm:

Thanks for your letter - and the reassurance. In turn, I want to assure you that we are not writing off any District, and certainly never the 58th.

For you, and these 58th District supporters, we are happy to send along a supply of window-stickers, pins and brochures.

Many thanks too for your offer to help out. We will probably be calling on you soon.

Best regards.

Sincerely,

H. R. Haldeman

Honorable Howard J. Thelin
State Capitol
Sacramento 14, California

Dear Howard:

Thanks very much for your letter of March 19th regarding Jack Veneman's recommendation that RN visit his District on April 10th.

I know there is a very strong feeling on Jack's part, and on the part of some of our Nixon Committee people in Stanislaus County, that Dick should also visit Turlock while he is in the County. I have passed this recommendation on to people who are working on the schedule plans, but personally feel that on this kind of a visit, and with the limited time available, it would be much more worthwhile to have one big truly outstanding event in Modesto than to divide up appearances among several smaller communities. Up to now we have found this procedure has been extremely worthwhile, and that when we have made a number of small appearances, the effect has not been nearly as great. Also, you and Jack should realize that an extra hour doesn't really accomplish much in trying to hit two additional towns, since it really isn't enough time to do it right. As you know, our approach all along has been that we want to do the best we can with each individual appearance, rather than just strive for numbers of appearances.

You can certainly assure Jack that Dick will be back in the District several times, and that on return visits activities can be planned in other cities of the county.

Thanks very much for keeping us posted, and best regards.

Sincerely,

H. R. Haldeman

What do you know about Barry Farrell of the Time-Life

John Ehrlichman thinks very highly of him, and apparently had
some dealings with him in his former capacity as staff reporter for the
Seattle Times.

c/o James Mills Orchards

Dear Mr. Tisch:

Mr. Barmann has called my attention to the fact you had not received a reply to a letter you wrote me some time ago. This was in connection with Mr. McRae serving as the Nines Chairman for Butte County, but Mr. Barmann's inquiry was the first I had heard of your letter. We have made a thorough search here and apparently it either became lost in the initial avalanche of mail, or perhaps was lost enroute.

In any event, I am really sorry the incident occurred and can well understand your impatience when no response was forthcoming.

Mr. Downey Orrick has, I believe, already written Mr. McRae asking him to serve as Chairman, and we are of course hopeful he will accept the assignment.

Certainly your interest in the matter is appreciated, and I am extremely sorry the letter you wrote earlier did not reach me.

Many thanks again, and very best wishes.

Sincerely,

H. R. Haldeman

Dear Mr. Trethewey:

Many thanks for your kind letter of January 29th inviting Dick Nixon to address the annual meeting of the Compton Rotary-Kiwanis clubs on April 10th. Much as he would like to meet with your organization, his schedule for that date is fully committed, and he must reluctantly decline to join you.

Again, we are extremely sorry that a prior commitment prevents his acceptance, and much appreciate your thoughtfulness in writing.

RN Northern California Tour

Booth -

The Northern Californians tell me they have not been able to line up a plane for RN for the February 13th tour. We should, therefore, see if we can find a private plane which could be used to take him from Los Angeles to Mariposa on the night of the 13th, and from Jackson to Marysville the afternoon of the 14th.

I understand they do have a plane to take him from Sacramento to Tulelake and back to Redding on February 15th, but you should confirm this with Ruth Watson.

I guess he will then need a plane, unless they have one, to go from Red Bluff to Sacramento on the 16th.

The rest of the trip will be by car, and he can return to Los Angeles on the 17th by commercial after the San Jose dinner, but you should check availabilities for this leg.

Visit to L. A. Produce Market

RN would like to consider an early morning visit to the L. A. Produce Market -- on an unannounced basis, of course -- probably escorted by his vegetable man at home.

Will you please check out time and maximum activity in the Produce Market, which will probably be around 4:00 A. M., and then at your earliest opportunity go down there and thoroughly scout the scene at that time of day and give me a report re: hand-shaking and pictorial possibilities for an RN visit?

Mr. Rupert F. Thompson
Executive Secretary
Pacific Water Conditioning Association, Inc.
Post Office Box 4009, Terminal Annex
Los Angeles 54, California

Dear Mr. Thompson:

This is to follow up your recent correspondence with Mr. Nixon in which you invited him to address the Fifth Annual Convention of the Pacific Water Conditioning Association at Coronado in May.

Unfortunately, we have had to make a definite rule that Mr. Nixon not accept speaking engagements for national or regional conventions, even though we recognize that in many cases, and certainly this is true in yours, the audience will include a very substantial and important group of Californians. We feel sure that you understand that if we deviate from this rule once, we would have no basis upon which to stick to it on other occasions.

Thank you again for your invitation, and we regret our answer must be as it is.

Sincerely,

H. R. Haldeman
