Ray Arnett

Fred Haffner has had an indirect request for an RN letter of encouragement to Ray Arnett, candidate for Congress, uncontested, in Kern County.

Because of the many problems we have in Kern and Ray's strength in that area as well as RN's strong regard for him, I think such a letter would be in order.

I would suggest a fairly innocuous message wishing him very best of luck in the forthcoming campaign, etc.

Your memo of April 17th - Arcadia Good Government League

You will be happy to know that we have a volunteer who will be in the headquarters every Saturday. His assignment will be to work into the campaign as many people as we can reach. He will be contacting groups, including the one in Arcadia which endorsed RN.

This volunteer is currently head of branch operations for Security First National Bank, and we feel he will be excellent at this job.

Alan Nichols called.

NOTE: He will phone you tomorrow and advise whether following recommended contact should be carried through.

Re: Civic League of Improvement Groups - San Francisco.
(membership heavily Republican - composed of politicians,
businessmen - conservative type)

Per Nichols -- group perhaps has more importance attached to it than it should -- actually is a "phony endorsing group" -- but puts out big mailings etc.

- said League is controlled primarily by three men - Ben Swig (Dem. - supporting Brown - perhaps passing money around); Supervisor Halley (who he said the boss has met and knows); and former Mayor Robinson (preceded Christopher).

- Halley is with us; Robinson is reputed to be against RN - Nichols said probably because RN hadn't paid any attention to him; also is an enemy of Christopher's.

- nonetheless -- it was Nichols recommendation that RN contact Robinson - perhaps by telephone - ask his support - get him on overall "name" only committee type of thing - etc. etc. Nichols is inviting him for S.F.

- ALSO, a wire from RN should be addressed to Robinson - who is Honorary Chairman of the League -- expressing regret he cannot attend Screening Committee meeting April 11th -- when a Candidate will be endorsed. The Screening Committee makes its recommendation - and another dinner-meeting is held April 17th -- and Nichols suggested RN regret he can't make either one ---- incidentally, Brown is attending both.

- it was Nichols feeling RN should seek their endorsement.....

- later said (after talking on another phone with headquarters office) that two other people were working on Robinson --- to hold off contacting him until he (Nichols) called you tomorrow and advised status.

COPE

Dear Alan:

I am sure you have had a verbal report from Alice Leopold and Cap Weinberger regarding the COPE situation, but I did want you to know that your thinking had not gone unheeded in spite of the fact that your recommendation was not followed.

The general decision was that it would be unwise in the primary for Dick to seek the COPE endorsement or to address the convention. A decision on how to approach this group, if at all, in the general campaign will be carefully studied since it obviously has great strategic significance.

Thanks very much for your thoughts. Keep them coming.

NIXON FOR GOVERNOR

Northern California Office
Suite 619-620, 525 Market St., San Francisco 5; DO 2-5576

March 23, 1962

Mr. Richard M. Nixon
Pacific Mutual Building
523 West Sixth Street
Los Angeles, California

Dear Dick:

As you know San Francisco COPE will endorse candidates by 2/3 vote at its March 28th convention. In my opinion you probably would not receive their endorsement. However, if they do endorse for the Republican and Democratic primaries, they might be more likely to endorse you rather than Assemblyman Shell.

In line with your principle of facing directly those who might be opposed to you, I recommend that you make yourself available in the event we can obtain clearance for you to address the general convention on Wednesday next. Our San Francisco Endorsements Chairman, former Supervisor Henry Rolph, heartily concurs in this recommendation.

We are making this recommendation in view of the strong labor union sentiment and support in San Francisco.

We understand that Mrs. Leopold is fully aware of the situation and undoubtedly she is making a recommendation regarding this COPE meeting. My own recommendation is based not on the overall statewide labor vote strategy but upon the strategy of importance in San Francisco.

You are certainly waging a fighting campaign and enthusiasm for your candidacy is high in San Francisco.

Sincerely yours,

Alan H. Nichols, Chairman
San Francisco Nixon for Governor Committee

You may be sure it will be my constant aim to continue to justify the support and confidence you and your colleagues have expressed by this action.

Mr. Sherrill Corwin, a part owner of KEZY in Orange County, informed me at lunch yesterday that this station's Board has met and has decided to endorse Nixon for Governor and Kuchel for U. S. Senate.

The station will broadcast editorials during the Primary, announcing their endorsement and reasons therefor.

This endorsement results primarily from Corwin's attendance at the Stanley Freeman party last week where your message completely converted him from Pat Brown to you.

I am asking Loie to prepare a letter for you, thanking him for his support.

blind P. S. -- to Sandy Quinn

Corwin has asked that we send all available literature and other material to Dan Russell at KEZY. He should get any brochures that we publish and anything you feel will be helpful to him in preparing editorials for broadcast. This is obviously a real asset and should be properly handled.
